Ol'Derogge, Werner Forman, 1969 **The Black Art Renaissance** Joshua I. Cohen, 2020-07-21 Reading African art s impact on modernism as an international phenomenon The Black Art Renaissance tracks a series of twentieth century engagements with canonical African sculpture by European African American and sub Saharan African artists and theorists Notwithstanding its occurrence during the benighted colonial period the Paris avant garde discovery of African sculpture known then as art n gre or black art eventually came to affect nascent Afro modernisms whose artists and critics commandeered visual and rhetorical uses of the same sculptural canon and the same term Within this trajectory black art evolved as a framework for asserting control over appropriative practices introduced by Europeans and it helped forge alliances by redefining concepts of humanism race and civilization From the Fauves and Picasso to the Harlem Renaissance and from the work of South African artist Ernest Mancoba to the imagery of Negritude and the cole de Dakar African sculpture s influence proved transcontinental in scope and significance Through this extensively researched study Joshua I Cohen argues that art history s alleged centers and margins must be conceived as interconnected and mutually informing The Black Art Renaissance reveals just how much modern art has owed to African art on a global scale *The Art of Africa* Dmitrii Alekseevich Ol'derogge, Werner Forman, 1969 **African-American Art** Sharon F. Patton, 1998 Discusses African American folk art decorative art photography and fine arts How, When, and Why Modern Art Came to New York Marius de Zayas, 1998 This work originally written in the late 1940s is a chronicle assembled from the author s personal archive of photographs and newspaper reviews of the exhibitions he discusses His writings informed American public opinion on artistic developments **The Nelson A. Rockefeller Vision: Arts of Africa, Oceania, and the Americas** Alisa LaGamma, Joanne Pillsbury, Eric Kjellgren, Yaëlle Biro, 2014-08-01 This Bulletin and the exhibition it accompanies The Nelson A Rockefeller Vision In Pursuit of the Best in Arts of Africa Oceania and the Americas reflect on an extraordinary act of philanthropy that was also a catalyst for momentous change in the art world In establishing the Museum of Primitive Art MPA in 1956 the precursor to what is today the Department of the Arts of Africa Oceania and the Americas AAOA at the Metropolitan Museum Nelson Rockefeller was a true pioneer assembling what remains the greatest collection of fine art from these disparate fields Perhaps even more important than this singular achievement however was Rockefeller s long campaign to place his collection at the Metropolitan Museum as a gift to the city and to the world which he finally achieved in 1969 after nearly forty years of effort Rockefeller s gift carried the unequivocal message that artists from Africa Oceania and the Americas are equal in every respect to those of their peers across the globe and throughout history Yet until that time there was famously

skepticism in the Western art world on this point as well as resistance from earlier generations of Metropolitan directors in viewing non Western art as part of the institution's mission. Relying on his formidable powers of persuasion Rockefeller eventually brokered an agreement to transfer the collections staff and library of the MPA to the Metropolitan, an astounding triumph that fundamentally changed the character of the museum, making the collections truly encyclopedic.

*What Is African Art?* Peter Probst, 2022-12-06 A history of the evolving field of African art. This book examines the invention and development of African art as an art historical category. It starts with a simple question: What do we mean when we talk about African art? By confronting the historically shifting answers to this question, Peter Probst identifies African art as a conceptual vessel that manifests wider societal transformations. *What Is African Art* covers three key stages in the field's history. Starting with the late nineteenth through the mid twentieth centuries, the book first discusses the colonial formation of the field by focusing on the role of museums, collectors, and photography in disseminating visual cultures as relations of power. It then explores the remaking of the field at the dawn of African independence with the shift toward contemporary art and the rise of Black Atlantic studies in the 1970s and 1980s. Finally, it examines the post and decolonial reconfiguration of the field driven by questions of representation, repair, and restitution.

**Heroine of the Harlem Renaissance and Beyond** Belinda Wheeler, Louis J. Parascandola, 2018-05-15

Poet, columnist, artist, and fiction writer Gwendolyn Bennett is considered by many to have been one of the youngest leaders of the Harlem Renaissance and a strong advocate for racial pride and the rights of African American women. *Heroine of the Harlem Renaissance and Beyond* presents key selections of her published and unpublished writings and artwork in one volume. From poems, short stories, and reviews to letters, journal entries, and art, this collection showcases Bennett's diverse and insightful body of work and rightfully places her alongside her contemporaries in the Harlem Renaissance, figures such as Zora Neale Hurston, Langston Hughes, and Countee Cullen. It includes selections from her monthly column *The Ebony Flute*, published in *Opportunity*, the magazine of the National Urban League, as well as newly uncovered post-1928 work that proves definitively that Bennett continued writing throughout the following two decades. Bennett's correspondence with canonical figures from the period, her influence on Harlem arts institutions, and her political writings, reviews, and articles show her deep connection to and lasting influence on the movement that shaped her early career. An indispensable introduction to one

of the era's most prolific and passionate minds this reevaluation of Bennett's life and work deepens our understanding of the Harlem Renaissance and enriches the world of American letters. It will be of special value to scholars and readers interested in African American literature and art and American history and cultural studies. **Walker Evans** Judith Keller, 1995-11-02

Walker Evans is widely recognized as one of the greatest American photographers of the twentieth century and the J. Paul Getty Museum owns one of the most comprehensive collections of his work including more of his vintage prints than any other museum in the world. This lavishly illustrated volume brings together for the first time all of the Museum's Walker Evans holdings. Included here are familiar images such as Evans's photographs of tenant farmers and their families made in the 1930s and later published in *Let Us Now Praise Famous Men* and images that are much less familiar such as the photographs Evans made in the 1940s of the winter quarters of the Ringling Brothers circus or his very late Polaroids made in the 1970s. In addition many previously unpublished Evans photographs and variant croppings of classic images appear here for the first time. Author Judith Keller has written a lively informative text that places these photographs in the larger context of Evans's life and career and the culture especially the popular culture of the time. In so doing she has produced an indispensable volume for anyone interested in the history of photography or American culture in the twentieth century. Also included is the most comprehensive bibliography on Walker Evans published to date.
