Art Of Playing Bingo And Winning Consistently:

The Art of Playing Bingo and Winning Consistently B. A. Hartwell, 1980 Books in Print Supplement ,1984 **Library Journal** ,1980 **In the Pursuit of Winning** Masood Zangeneh, Alex Blaszczyński, Nigel Turner, 2007-11-25 Gambling is an underrecognized problem from both a clinical and a public health point of view. It is not uncommon for an adolescent or adult to participate in one form of gambling or another on a regular basis be it the lottery card playing for money sports wagering or gambling on electronic gaming devices. Nor is it uncommon for such participation to reach excessive or destructive proportions with negative effects on the individual's psychological, social, economic and family life. The results of the National Research Council's 2000 review of empirical studies suggest that 85% of adolescents report having gambled during their lifetime with 73% of adolescents reporting having gambled in the past year. Despite gains in knowledge concerning the correlates and risk factors associated with severe gambling problems among youth during the past ten years, a general lack of public and parental awareness exists. This raises serious mental health and public policy concerns. Written from an international perspective, this book covers gambling research and interventions in the following categories: role of helpline services; a Jungian transpersonal approach to treatment; cognitive therapy for problem gambling; pharmacological interventions for problem gambling; desensitization; biofeedback as treatment for problem gambling; binge gambling; pathological gambling; past and contemporary aboriginal peoples' experiences with gambling; problem gambling counselor certification; measurement of outcomes in problem gambling; treatment overview of teen gambling; related issues from leading researchers. **Weekly World News** ,1996-02-27 Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world's only reliable news source since 1979.
