Art Of Raising Money:

The Art of Raising Capital Darren Weeks, 2015-08-18 Darren Weeks is Canada's most prominent financial educator. He is the Founder of the Fast Track Group of Companies, an acclaimed solutions-based financial literacy firm and one of the nation's fastest growing companies. For nearly a decade and a half, Darren has spoken to hundreds of thousands of people across North America, Europe, and Latin America about how to become financially independent. He is an advocate of learning how to create wealth through business and investment and believes that this vital knowledge is lacking from traditional education. In fact, in every country that he has spoken, Darren has seen that schools do not teach their students to manage money. Darren has made it his mission to fill that void by providing financial education to people across the world. He went from an average middle-class upbringing to raising hundreds of millions of dollars in investor capital, owning nearly 5,000 real estate properties, millions of dollars in energy assets, and acquiring two cruise ship terminals in the Caribbean. All of this was accomplished by educating himself on how to do it and then taking action. There is no greater expert on the art of raising capital from investors and no person more committed to sharing this information than Darren Weeks. [The Fine Art of Fundraising](#) Carolyn Farb, 2004 Carolyn Farb is the quintessential fundraiser who truly knows how to put together amazing events that raise money for good causes. She believes you don't have to spend money to raise money, practicing her zero-budget philosophy. **The Art of Raising Money** William J. Reclaiming and Redefining American Exhibitions of Russian Art Roann Barris, 2023-08-23 This book examines the history of American exhibitions of Russian art in the twentieth century in the context of the Cold War Because this history reflects changes in museological theory and the role of governments in facilitating or preventing intercultural cooperation it uncovers a story that is far more complex than a chronological listing of exhibition names and art works Roann Barris considers questions of stylistic appropriations and influences and the role of museum exhibitions in promoting international and artistic exchanges Barris reveals that Soviet and American exchanges in the world of art were extensive and persistent despite political disagreements before during and after the Cold War It also reveals that these early exhibitions communicated contradictory and historically invalid pictures of the Russian or Soviet avant garde The book will be of interest to scholars working in art history museum studies and Russian studies
