Art and Propaganda during Peronist Argentina Iliana Cepero, 2025-06-19 This book chronicles the history of the visual languages developed in Argentina during Peronism exploring how art and propaganda interacted with and responded to their historical context At the heart of this study is the term intentional citations a framework that advocates for the socio cultural specificity of Latin American modernist art in contrast to models that overly rely on European concepts of modernism and the avant garde Readers will discover how Argentinian artists cited European artworks to express particular ideas and goals how Peronist propaganda employed various artistic traditions including abstraction for political purposes and how ideologues rebranded Per n and Eva as a formidable ruling couple This book also examines how the Peronist regime and artists competed for control of the cultural field Despite their stark political differences however both factions pursued similar goals
