Artful Seduction Homosexuality And The Problematics Of Exile:

Artful Seduction Karl Posso, 2017 **Artful Seduction** Karl Posso, 2017-12-02 The controversial works of Brazilian authors Silviano Santiago 1936 and Caio Fernando Abreu 1948 96 offer distinctive but complementary explorations of male homosexual subjectivities formulated through displacement exile and the abject Posso examines the innovative ways in which these writers stage manage Western poststructuralist thought to critique heterosexist exclusion in Brazil and in globalized popular and folk culture and he explains how they draw on diverse cultural productions and art works to extend a general undermining of oppositional logic and psychoanalytic theory *Cannibalizing Queer* João Nemi Neto, 2022-02-08 Puts forward a new provocative history of queer cinema in Brazil Through an analysis of contemporary Brazilian cinematic production *Cannibalizing Queer Brazilian Cinema from 1970 to 2015* discusses which queer representations are erased and which are acknowledged in the complex processes of cultural translation adaptation and devouring that defines the Brazilian understanding of sexual dissidents and minorities Jo o Nemi Neto argues for Brazilian cinema studies to acknowledge the importance of 1920s modernism and of antropografia a conceptual mode of cannibalism to adopt and extrapolate a perverse form of absorption and raise the stakes on queer theory and postcolonialism and to demonstrate how they are crucial to the development of a queer tradition in Brazilian cinema In five chapters and two trailers Nemi Neto understands the term queer through its political dimensions because the films he analyzes represent characters that conform neither to American coming out politics nor to Brazilian identity politics Nonetheless the films are queer precisely because the queer experiences and affection explored in these films do not necessarily insist on identifying characters as a particular sexuality or gender identity Therefore attention to characters within a unique cinematic world raises the stakes on several issues that hinge on cinematic form narrative and representation Nemi Neto interviews and examines the work of Jo o Silv rio Trevisan and provides readings of films such as *AIDS o furor do sexo expl cito AIDS the Furor of Explicit Sex* 1986 and *Dzi Croquetes Dzi Croquetes* 2009 to theorize a productive overlap between queer and antropofagia Moreover the films analyzed here depict queer alternative representations to both homonormativity and heteronormativity as forms of resistance at the same time as prejudice and heteronormativity remain present in contemporary Brazilian social practices Graduate students and scholars of cinema and media studies queer studies Brazilian modernism and Latin American studies will value what one early reader called a point of departure for all future research on Brazilian queer cinema **The British National Bibliography** Arthur James Wells, 2005 *Modern Argentine Poetry* Ben Bollig, 2011-06-15 This book is the first to focus specifically on the exile poetry link in the case of Argentina since the 1950s Throughout Argentina s history authors and important political figures have lived and written in exile Thus exile is both a vital theme and a practical condition for Argentine letters yet conversely contemporary Argentina is a nation of immigrants from Europe and the rest of Latin America Poetry is often perceived as the least directly political of genres yet political and other forms of exile have impinged equally on the lives of poets as on any

group This study concentrates on writers who both regarded themselves as in some way exiled and who wrote about exile This selection includes poets who are influential and recognised but in general have not enjoyed the detailed study that they deserve Alejandra Pizarnik Juan Gelman Osvaldo Lamborghini Nestor Perlongher Sergio Raimondi Cristian Aliaga and Washington Cucurto

Pólvora, sangre y sexo Assen Kokalov, 2014-03-01 The book examines the links between literature and film in Latin America by using queer theory and a series of recent cultural productions whose arguments destabilize traditional gender roles and heteronormative masculinity For many years the connections between a literary text and its film adaptation have been considered only from the point of view of the latter's fidelity to the written work which many scholars imagined to be the original that filmmakers needed to respect Within the last two decades however the idea of adaptation fidelity has been challenged by a number of critics who refute the existence of an original text and promote the notion of an ambiguous and complex relationship between a literary work and its film adaptation Based on such developments and with the help of queer theory this book questions and revises several crucial theoretical approximations that analyze the relations between the two art forms in an attempt to overcome the limitations of fidelity discourse This is the first book length study that seeks to examine with the appropriate detail the connections between film and literature in Latin America through the lenses of queer theory and by focusing on the representations of numerous practices that do not fit within the general framework of heteronormative sexuality

Gay Seattle Gary L. Atkins, 2011-10-17 Winner of a 2004 Washington State Book Award Winner of a 2004 Alpha Sigma Nu ASN Jesuit Book Award In 1893 the Washington State legislature quietly began passing a set of laws that essentially made homosexuality and eventually even the discussion of homosexuality a crime A century later Mike Lowry became the first governor of the state to address the annual lesbian and gay pride rally in Seattle Gay Seattle traces the evolution of Seattle's gay community in those 100 turbulent years telling through a century of stories how gays and lesbians have sought to achieve a sense of belonging in

Seattle Gary Atkins recounts the demonization of gays by social crusaders around the turn of the century the earliest prosecutions for sodomy the official harassment and discrimination through most of the twentieth century and the medical discrimination and commitment to mental hospitals that continued into the 1970s as homosexuality was diagnosed as a disease that could be cured Places of refuge from this imposed social exile were created in underground theater and dance clubs the Gold Rush era burlesque shows modern drag theater and in mid century the emergence of openly gay bars from the Casino to Shelley s Leg Many of these were subjected to steady exploitation by corrupt police until bar owner MacIver Wells and two Seattle Times reporters exposed the racket The increasingly public presence of gays in Seattle was accompanied by the gradual coalescence of social services and self help organizations such as the Dorian Society gay businesses and advocacy groups including the Greater Seattle Business Association and the stormy relationship between the Vatican Seattle s Catholic hierarchy and gay worshippers Atkins narrative reveals the complex and often frustrating process of claiming a civic life showing how gays and lesbians have engaged in a multilayered struggle for social acceptance against the forces of state and city politics the police the media and public opinion The emergence of mainstream political activism in the 1970s and ultimately the election of Cal Anderson and other openly gay officials to the state legislature and city council were momentous events yet shadowed by the devastating rise of AIDS and its effect on the homosexual community as a whole These stories of exile and belonging draw on numerous original interviews as well as case studies of individuals and organizations that played important roles in the history of Seattle s gay and lesbian community Collectively they are a powerful testament to the endurance and fortitude of this minority community revealing the ways a previously hidden sexual minority comes out as a people and establishes a public presence in the face of challenges from within and without
