Arthur Boyd Art And Life:

Arthur Boyd Janet McKenzie, 2000 Arthur Boyd is among the greatest painters to have emerged from Australia in the 20th century Beautiful and disturbing and often filled with alienated haunting figures Boyd's art developed from his early astonishingly perceptive portraits and the uneasy townscapes of the war years to culminate in a considerable body of intensely beautiful and distinctively Australian landscapes Janet McKenzie devotes particular attention to the publications for which Boyd provided illustrations notably his four collaborations with Australian poet Peter Porter *Jonah The Lady and the Unicorn Narcissus and Mars* Boyd's biographical study is complemented with a chronology a list of works illustrated by him and a full bibliography as well as over 250 illustrations paintings drawings prints and ceramics and the works of the Old Masters that inspired this engaging and infinitely compassionate artist *Arthur Boyd & Saint Francis of Assisi* Margaret Pont, 2004 Arthur Boyd 1920-1999 produced numerous artworks based on the life and legends of St Francis of Assisi This volume examines each of the artworks in detail and each is reproduced the pastels and tapestries in full colour It also includes a discussion of the significance of St Francis in Italy and key Italian artistic renderings of the saint **The Boyds** Brenda Niall, 2007 The Boyd family is Australia's most remarkable artistic dynasty This work traces the emergence of an extraordinary artistic tradition It places the Boyds in their historical and personal contexts tells the interwoven stories of their brilliant careers and analyses the shaping influences on their lives *Van Gogh and the Art of Living* Anton Wessels, 2013-08-09 Vincent van Gogh believed that one had to learn to read just as one had to learn to see and learn to live Van Gogh conveyed a message in his work about the path that he himself followed that was more true to life the path that human beings walk in their turbulent existence the pilgrimage along the various stages of the road of life He does not speak about the meaning of life but about the true art of living It is fascinating to see and read the moving way in which he wrestled with the deep human questions of the whence why and whither of life He did not see himself doing this on his own but acknowledged kindred spirits and allies in preachers preacher poets painters writers and other artists who also attempted to find their own way through life in a similar fashion Van Gogh was aware like no other of his duty and task in life his vocation as human being and artist That means that he was well acquainted with loneliness fear and despair including suicidal tendencies Nevertheless he understood himself as cut out for faith rather than resignation Human beings follow their life's path through storms and dangers on land and on sea where the star of the sea the Virgin Mary helps them and provides light Van Gogh rejected the unhealthy sickly forms of religion electing instead to embrace authentic forms of piety **Gospel as Work of Art** David Brown, 2024-03-07 A lushly illustrated magisterial exploration of the imaginative truth of the gospel In the modern academy truth and imagination are thought to be mutually exclusive But what if truth can spring from other fonts like art literature and invention The legacy of the Enlightenment favors historical and empirical inquiry above all other methods for searching for truth But this assumption constrains our theological explorations Though the historicity of Jesus's

life death and resurrection is important it is not the only thing that matters For instance is John s Gospel any less true than the Synoptics just because it s less historically accurate David Brown challenges us to expand our understanding of the gospel past source criticism and historical Jesus studies to include works of imagination Reading Scripture in tandem with works of art throughout the centuries Brown reenvision the gospel as an open text Scholars of theology and biblical studies freed from literalism will find new avenues of revelation in Gospel as Work of Art This volume includes over one hundred color illustrations
