Marcel DeCoste, 2016-03-09 Arguing against the critical commonplace that Evelyn Waugh s post war fiction represents a decline in his powers as a writer D Marcel DeCoste offers detailed analyses of Waugh s major works from *Brideshead Revisited* to *Unconditional Surrender* Rather than representing an ill advised departure from his true calling as an iconoclastic satirist DeCoste suggests these novels form a cohesive artful whole precisely as they explore the extent to which the writer s and the Catholic s vocations can coincide For all their generic and stylistic diversity these novels pursue a new sustained exploration of Waugh s art and faith both As DeCoste shows Waugh offers in his later works an under remarked meditation on the dangers of a too avid devotion to art in the context of modern secularism forging in the second half of his career a literary achievement that both narrates and enacts a contrary and Catholic literary vocation     Metropolis in the Making Tom Sitton, 2001-08-01 Los Angeles came of age in the 1920s The great boom of that decade gave shape to the L A of today its vast suburban sprawl and reliance on the automobile its prominence as a financial and industrial center and the rise of

Hollywood as the film capital of the world This collection of original essays explores the making of the Los Angeles metropolis during this remarkable decade The authors examine the city s racial political cultural and industrial dynamics making this volume an essential guide to understanding the rise of Los Angeles as one of the most important cities in the world These essays showcase the work of a new generation of scholars who are turning their attention to the history of the City of Angels to create a richer more detailed picture of our urban past The essays provide a fascinating look at life in the new suburbs in the oil fields in the movie studios at church and at the polling place as they reconceptualize the origins of contemporary urban problems and promise in Los Angeles and beyond Adding to its interest the volume is illustrated with period photography much of which has not been published before
