Between Nature and Culture Emily Brady, Isis Brook, Jonathan Prior, 2018-10-26 Within philosophy a new interest in aesthetics beyond the arts has encouraged the rapid growth of environmental aesthetics Within this literature however less attention has been given to the spaces and places that emerge from various nature culture interactions This has meant the relative neglect of types of environments to which the majority of people have access and interact with in a sustained manner In this respect these are the environments in which many of us understand and value nature Through a greater understanding of how humans interact with these environments and the types of relationships that emerge through this interaction we address seek to address this gap *Between Nature and Culture* provides a systematic philosophical account of the main issues and problems that pertain to the aesthetics of modified environments as well as new insights concerning the generation and appreciation of landscapes and environments that fall

McDonald, Barbara Sellers-Young, 2013-07-05 In these essays dancers and scholars from around the world carefully consider the transformation of an improvised folk form from North Africa and the Middle East into a popular global dance practice They explore the differences between the solo improvisational forms of North Africa and the Middle East often referred to as raqs sharki which are part of family celebrations and the numerous globalized versions of this dance form belly dance derived from the movement vocabulary of North Africa and the Middle East but with a variety of performance styles distinct from its site of origin Local versions of belly dance have grown and changed along with the role that dance plays in the community The global evolution of belly dance is an inspiring example of the interplay of imagination the internet and the social forces of local communities All royalties are being donated to Women for Women International an organization dedicated to supporting women survivors of war through economic health and social education programs The contributors are proud to provide continuing sponsorship to such a worthwhile and necessary cause
