WORKING WITH IMAGES: THE ART OF ART THERAPISTS Bruce L. Moon,2002-01-01 Working With Images The Art of Art Therapists is an effort to give voice to the artist

aspect of our identity as art therapists This book is about how the artists work how they learned to do it why they do it This book will give you glimpses of the memories and perhaps the scars of the artists Be honored The artists in this book know that it is good to make art and they make good art Through their work they demonstrate their faith in the product and the process For some of them art making is their anchor in the turbulent world of helping professions For some images come in response to their clients For all of them making art deepens and enriches their lives Working With Images The Art of Art Therapists is a presentation of artworks and contextual essays by professional art therapists This book is foreworded by Don Siedien and includes an introduction that addresses the structure rationale and intent of this book The introduction is followed by the artist therapists contributions Each art therapist s selected artworks are presented on one full page in the text Immediately following the art piece s is a brief biographical sketch a photo of the art therapist and his or her artist s statement From the very beginning of the art therapist profession in the United States there has been steady discussion of the relative importance of the artist aspect of art therapies professional identity In the thirty years that the American Art Therapy Association has been in existence there have been few other topics that have generated as much interest and debate at the annual national conference Over the past several years there has been growing interest in re igniting our artistic passions and welcoming them back into our professional identity This movement has been evidenced by a number of conference papers and workshops and professional journal articles focused on examining the integration of the artist and the therapist aspects of our work Working With Images The Art of Art Therapists presents art therapists as committed and serious fine artists This book will be a significant contribution to the literature and identity of the art therapy profession

Breaking Glass Stephen C Norton, 2012-05 Welcome to Breaking Glass an introduction to the art and design of stained glass A step by step guide to the techniques tricks and tips on how to create Stained Glass Art Breaking Glass includes sections on selecting glass the tools which are required and others which are recommended Subjects covered include how to use those tools safety guidelines how to cut grind fit and assemble the pieces and display beautiful stained glass art Each step is clearly explained via text photographs and on line videos Today stained glass remains both an industry and a hobby Churches still order stained glass windows for their cathedrals mostly as depictions of scenes from the bible Many commercial buildings have stained glass art prominently displayed People buy stained glass Tiffany style lamps for their living rooms and order colorful windows for their homes ranging from scenery to abstract art A good quality lamp can cost hundreds of dollars Stained glass windows can easily go into the thousands As with any art you can buy something created by someone else or you can learn the art and do it yourself Unlike some art forms stained glass can be done in small scale by anyone with an interest and a steady hand Pre done patterns can be purchased at the local bookstore Most cities have a glass shop which carries glass and stained glass supplies If not Internet sites abound Tools are relatively inexpensive and easy to acquire All you need is a little assistance a guide to walk you through the steps of creation What you have in your hands is

that guide *Breaking Glass* is written to give you the introductory guide to creating stained glass art including lampshades windows and three dimensional objects It introduces you to the various tools and techniques used then walks you through the five steps of creating cutting grinding assembly and finishing Following along with the book allows the you to understand the art form including creation of your own patterns By the end you will be able to tailor make your own stained glass art I ve chosen to make this book pictorial rather than wordy I m a firm believer that a picture speaks a thousand words so I ve tried to show and only talked enough to guide you through what the picture depicts I ve also chosen the size of the book so I can fit in lots of pictures while keeping the pictures big enough that you can clearly see the detail shown without needing a magnifying glass At various key spots I also provide links to on line videos providing greater detail on techniques Lastly I ve focused on giving you an overall introduction to creating stained glass art so you can create your own designs and art to suit your needs You don t have to be an expert to follow the steps in this book You don t have to have any experience in glass work you simply need to have an interest and a desire to create something I will guide you through the process in five easy to follow steps You only need a few tools though I show you other tools that can be useful You can choose how much to invest and how many tools to buy The basic tools can be purchased for one hundred to one hundred and fifty dollars The glass is easy to buy and inexpensive ranging anywhere from five to ten dollars per square foot Sound interesting Well if you haven t already done so buy the book Pick up a few tools buy some glass follow along with the book and let s start breaking glass

Windows Shattered Amelia Khatri,AI,2025-02-12 *Windows Shattered* explores the surprising role of broken windows as potent symbols in political history and social upheaval It argues that these acts of destruction aren t mere vandalism but visual representations of pivotal moments The book traces the history of glass from a luxury item to a common building material to demonstrate how its presence reflects societal structures and economic inequalities The book analyzes how shattered windows have visually represented revolutionary fervor such as during the storming of the Bastille and how they ve become a visual language of protest and resistance like the suffragettes actions It examines specific events chronologically and thematically drawing from historical archives news reports personal accounts and visual culture offering a fresh perspective on social change by focusing on the symbolic meaning behind broken windows *Windows Shattered* progresses from establishing historical context to analyzing significant events where shattered windows played a crucial role and finally to examining the aftermath and long term impact of these symbolic acts It also addresses the debate surrounding the ethics of violent protest providing a balanced account of the complex relationship between destruction resistance and social progress

English Mechanic and Mirror of Science and Art ,1869

Moving on by Standing Still Geert Bettinger,2017-09-11 Is

it true that people with developmental disabilities cannot communicate effectively How can I understand the mindset of a person with dementia Why is it good that children from difficult backgrounds sometimes hit out If we do not make a real effort to understand some of the behaviors of care dependent clients we not only miss out on the opportunity to meet the underlying need and truly resolve the issue but we also might actually cause much greater harm to those for whom we are caring the hurt of not truly being heard and seen which leads to deep seated loneliness In this book Geert takes you by the hand and gently walks you toward a whole new level of thinking and approaching situations and at the end you will find yourself armed with a wealth of possibilities as long as you allow your mind to shift and remain receptive This book gives a voice to all those who are dependent on others and in a way also to ourselves as one day it might be we who need compassionate care Nadine Jans MSc Founder of Uptimize Coaching Counselling Training Ltd This book is published in the Netherlands where it is a Bestseller

Transmedia Character Studies Tobias Kunz,Lukas R.A. Wilde,2023-03-31

Transmedia Character Studies provides a range of methodological tools and foundational vocabulary for the analysis of characters across and between various forms of multimodal interactive and even non narrative or non fictional media This

highly innovative work offers new perspectives on how to interrelate production discourses media texts and reception discourses and how to select a suitable research corpus for the discussion of characters whose serial appearances stretch across years decades or even centuries Each chapter starts from a different notion of how fictional characters can be considered tracing character theories and models to approach character representations from perspectives developed in various disciplines and fields This book will enable graduate students and scholars of transmedia studies film television comics studies video game studies popular culture studies fandom studies narratology and creative industries to conduct comprehensive media conscious analyses of characters across a variety of media Absence / Presence Stephen C. Feinstein, 2005-08-11 Since the liberation of the Nazi concentration camps and recognition of the Holocaust as a watershed event of the twentieth century if not in Western Civilization itself the capacity of art to represent this event adequately has been questioned As it analyzes a cross section of Holocaust art within the context of art history Absence Presence addresses the discussion head on and explores the interchange between media and horror The book s contributors include case studies from a broad spectrum of artists in North America Europe and Israel to examine some of the more dominant themes in these artists work In addition to standard readings of Holocaust art the essays help illuminate the issues of eugenics the importance of art for Hitler and the Nazis the immense pilfering of art that occurred during World War II and the length and degree of the destruction of European Jewry which forced artists to reinvent their work through their own fate This selection of essays also provides alternative views to more typical readings on the Holocaust specifically to the story of the Shoah as a relevant art subject and to those who have a right to create art about the Holocaust These issues were the subject of an intense international debate based on an exhibition at New York s Jewish Museum titled Mirroring Evil The retrospective brought to art a series of contemporary perspectives that represented both the outer edges as well as mainstream postmodern thinking concerning representations of the Holocaust This book which covers the art from the late 1980s through 2002 includes the work of an array of scholars curators and artists from many countries It will be of great interest to art historians Jewish scholars and anyone interested in learning more about the art and artists of the Holocaust
