Art Treasures Of China Part 1:

Science and Civilisation in China, Part 1, Paper and Printing Joseph Needham, Tsien Tsuen-Hsuei, 1985-07-11 Part one of the fifth volume of Joseph Needham's great enterprise is written by one of the project's collaborators Professor Tsien Tsuen Hsuei working in regular consultation with Dr Needham has written the most comprehensive account of every aspect of paper and printing in China to be published in the West From a close study of the vast mass of source material Professor Tsien brings order and illumination to an area of technology which has been of profound importance in the spread of civilisation The main body of the book is a detailed study of the invention technology and aesthetic development of printing in China From the growth and ultimate refinements of early woodcut printing to the spread of printing from movable type and the development of book binding Professor Tsien carries the story forward to the beginning of the nineteenth century when more printed pages existed in Chinese than in all other languages put together Modern Japanese Art and the Meiji State Dōshin Satō, 2011 This is an insightful and intelligent re thinking of Japanese art history its Western influences This broad ranging and profoundly influential analysis describes how Western art institutions and vocabulary were transplanted to Japan in the late nineteenth century In the 1870 80s artists and government administrators in Japan encountered the Western system of the arts for the first time Under pressure to exhibit and sell its artistic products abroad Japan's new Meiji government came face to face with the need to create European style art schools and museums and even to establish Japanese words for art painting artist and sculpture Modern Japanese Art is a full re conceptualization of the field of Japanese art history exposing the politics through which the words categories and values that structure our understanding of the field came to be while revealing the historicity of Western and non Western art history Taoism and the Arts of China Stephen Little, Shawn Eichman, Kristofer Shipper, Patricia Buckley Ebrey, 2000-01-01 A celebration of Taoist art traces the influence of philosophy on the visual arts in China Art, Politics, and Palace Eunuchs in Ming China, 1368-1644 Scarlett Jang, 2025-07-28 This is the first in depth analysis of the place of the Ming palace eunuchs in the social history of Chinese art examining the intricate intersections of art politics and palace eunuchs in the Ming dynasty In addition to articulating the elite eunuchs roles as important power brokers in the political arena this monograph offers a balanced view of Ming eunuchs with evidence of their accomplishments as book authors editors and compilers poets calligraphers and art collectors the Confucian scholars typical literati pursuits By exploring both the positive and negative roles that palace eunuchs played in the Ming's visual culture this book reveals that Ming palace eunuchs as supervisors of both the imperial art collection and the imperial art academy and as powerful art collectors themselves made various significant impacts on the contemporary art criticism art market and art collecting patterns The book will be of interest to scholars working in art history Sinology and Chinese studies **Archives of Asian Art**, 1987 *Athenaeum and Literary Chronicle*, 1857 **The Athenaeum**, 1857 The Art Journal, 1857 **The Odyssey of China's Imperial Art Treasures** Jeannette Shambaugh Elliot, David

Shambaugh,2015-07-16 The Odyssey of China's Imperial Art Treasures traces the three thousand year history of the emperor's imperial collection from the Bronze Age to the present The tortuous story of these treasures involves a succession of dynasties invasion and conquest and civil war resulting in valiant attempts to rescue and preserve the collection Throughout history different Chinese regimes used the imperial collection to bolster their own political legitimacy domestically and internationally The narrative follows the gradual formation of the Peking Palace Museum in 1925 then its hasty fragmentation as large parts of the collection were moved perilously over long distances to escape wartime destruction and finally its formal division into what are today two Palace Museums one in Beijing the other in Taipei Enlivened by the personalities of those who cared for the collection this textured account of the imperial treasures highlights magnificent artworks and their arduous transit through politics war and diplomatic reconciliations Over the years control of the collections has been fiercely contested from early dynasties through Mongol and Japanese invaders to Nationalist and Communist rivals a saga that continues today This first book length investigation of the imperial collections will be of great interest to China scholars historians and Chinese art specialists Its tales of palace intrigue will fascinate a wide variety of readers

Berkshire Dictionary of Chinese Biography Kerry Brown,2017-12-27 The Berkshire Dictionary of Chinese Biography the first publication of its kind since 1898 is the work of more than one hundred internationally recognized experts from nearly a dozen countries It has been designed to satisfy the growing thirst of students researchers professionals and general readers for knowledge about China It makes the entire span of Chinese history manageable by introducing the reader to emperors politicians poets writers artists scientists explorers and philosophers who have shaped and transformed China over the course of five thousand years In 135 entries ranging from 1 000 to 8 000 words and written by some of the world's leading China scholars the Berkshire Dictionary of Chinese Biography takes the reader from the important even if possibly mythological figures of ancient China to Communist leaders Mao Zedong and Deng Xiaoping The in depth essays provide rich historical context and create a compelling narrative that weaves abstract concepts and disparate events into a coherent story Cross references between the articles show the connections between times places movements events and individuals
