*Romanticism* Susie Brooks, 2019-08 First published in Great Britain in 2018 by Wayland Verso *Painting as an Art* Richard Wollheim, 2023-08-15 One of the twentieth century's most influential texts on philosophical aesthetics *Painting as an Art* is acclaimed philosopher Richard Wollheim's encompassing vision of how to view art Transcending the traditional boundaries of art history Wollheim draws on his three great passions philosophy psychology and art to present an illuminating theory of the very experience of art He shows how to unlock the meaning of a painting by retrieving almost reenacting the creative activity that produced it In order to fully appreciate a work of art Wollheim argues critics must bring a much richer conception of human psychology than they have in the past This classic book points the way to discovering what is most profound and subtle about paintings by major artists such as Titian Bellini and de Kooning *Bazaar Exchange and Mart, and Journal of the Household*, 1892 *The Phillips Collection* Phillips Collection, 1952 **Paintings of the Southwest** Arnold Skolnick, 2002 A rare collection of art and literature perfectly suited for the artist traveler or anyone enchanted by the Southwest **The Spirit of Secular Art** Robert Nelson, 2007 THE SPIRIT OF SECULAR ART explains the spiritual prestige of art Various theorists have discussed how art has an aura or indefinable magic This book explains how when and why it gained its spiritual properties The idea that all art is somehow spiritual even though not religious is often assumed this book while narrating the historical trajectory of art in the most accessible language reveals how the mysteries

of religious practice are abstracted and saved through all stages of secularisation in European culture THE SPIRIT OF SECULAR ART presents a coherent theory defining the sacred basis of Western aesthetics It evocatively describes the afterlife of the holy from Ancient Greece to the present and outlines how the mysterious institution of art can be explained in material terms Unlike other books in the genre THE SPIRIT OF SECULAR ART radically deconstructs traditional art history in terms of prestige and the value of the non material The book functions as an alternative critical history of art integrated with the histories of literature and belief a philosophical essay on the fundamental values of art and religion and a critique of the spiritual conceits of contemporary aesthetics and art appreciation     The Art of Copying Art Penelope

Jackson,2022-08-26 This book is a study of the history role and significance of copying art Copies have enjoyed a different status from authentic artworks and though often acknowledged very rarely have they been considered collectively as a genre in their own right This volume showcases a variety of examples from copies of famous artworks made and used as props in movies to those made innocently by student artists as part of their training Examining the motivations for making copies and reflecting on the reception of copies is central to this book Copies have historically filled voids in collections where some sadly languish and have become a curatorial burden In other cases having a copy assists in conservation projects and fills the place of a lost work Ultimately by interrogating a copy s role and intent we might ask ourselves if viewing a copy changes our experience and perception of an artwork
