Art Of Dying:

The Art of Dying, 19?? **The Art of Dying** Deborah Suiter Gentry, 2006 Although the representation of suicide is commonplace in literature few studies have explicitly dealt with the meaning of suicide in the works of women writers The Art of Dying applies theories concerning the division of women literary figures into angels or monsters to representative literary suicides of the nineteenth century including the suicides of women characters in works by Kate Chopin and Sylvia Plath The Awakening by Kate Chopin is often misunderstood by critics who read it using the Romantic paradigm Chopin breaks that paradigm by presenting the suicide of Edna Pontellier as heroic Suicide is a prevalent motif and theme in two works by Sylvia Plath The Bell Jar and Ariel An extensive analysis of Plath's last poem Edge portrays the suicide of the speaker as a calm and heroic act in keeping with the tone set by Chopin in The Awakening The Art of Dying concludes by exploring women's need for self actualization within the framework of love marriage and motherhood institutions that have always demanded from women an unnatural and harmful degree of unselfishness The inherent message in the works of artists such as Chopin and Plath is that women should not have to die in order to live **The Sacred Art of Dying** Kenneth Kramer, 1988 Examines how each of the major religions looks at death by including stories teachings and rituals that present a comparative religious meaning of death and afterlife Written in textbook style with journal exercises at the end of each chapter The Christian Art of Dying Allen Verhey, 2011-11-28 A renowned ethicist who himself faced death during a recent life threatening illness Allen Verhey in The Christian Art of Dying sets out to recapture dying from the medical world Seeking to counter the medicalization of death that is so prevalent today Verhey revisits the fifteenth century Ars Moriendi an illustrated spiritual self help manual on the art of dying Finding much wisdom in that little book but rejecting its Stoic and Platonic worldview Verhey uncovers in the biblical accounts of Jesus death a truly helpful paradigm for dying well and faithfully **The Art of Dying** P. The Modern Art of Dying Shai J. Lavi,2009-01-10 How we die reveals much about how we live In this provocative book Shai Lavi traces the history of euthanasia in the United States to show how changing attitudes toward death reflect new and troubling ways of experiencing pain hope and freedom Lavi begins with the historical meaning of euthanasia as signifying an easeful death Over time he shows the term came to mean a death blessed by the grace of God and later medical hastening of death Lavi illustrates these changes with compelling accounts of changes at the deathbed He takes us from early nineteenth century deathbeds governed by religion through the medicalization of death with the physician presiding over the deathbed to the legalization of physician assisted suicide Unlike previous books which have focused on law and technique as explanations for the rise of euthanasia this book asks why law and technique have come to play such a central role in the way we die What is at stake in the modern way of dying is not human progress but rather a fundamental change in the way we experience life in the face of death Lavi argues In attempting to gain control over death he maintains we may unintentionally have ceded control to policy makers and bio scientific enterprises

Reforming the Art of Dying Austra Reinis,2016-12-05 The Reformation led those who embraced Martin Luther s teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther s Sermon on Preparing to Die in 1519 and ending with Jakob Otter s Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs

even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further shows how Luther s colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death By examining the ways in which the themes and teachings of the reformers differed from the late medieval ars moriendi the book highlights both breaks with tradition and continuities that marked the early Reformation
