The Symbolist Roots of Modern Art Michelle Facos, 2017-07-05 With the words A new manifestation of art was expected necessary inevitable Jean Mor announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Khnopff Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments

1000 Paintings of Genius Victoria Charles, Joseph Manca, Megan McShane, 2014-11-24 From the early Renaissance through Baroque and Romanticism to Cubism Surrealism and Pop these canonical works of Western Art span eight centuries and a vast range of subjects Here are the sacred and the scandalous the minimalist and the opulent the groundbreaking and the conventional There are paintings that captured the feeling of an era and those that signaled the beginning of a new one Works of art that were immediately recognised for their genius and others that were at first met with resistance All have stood the test of time and in their own ways contribute to the dialectic on what makes a painting great how notions of art have changed to what degree art reflects reality and to what degree it alters it Brought together these great works illuminate the changing preoccupations and insights of our ancestors and give us pause to consider which paintings from our own era will ultimately join the canon
