

works, his academic talks, rebellious letters seem to be the raw perceptions and indigesting spirit. Elsewhere, the spirit of democracy seems more oblique, with Lawrence displaying the very sublimity he is angrily denying. But another way, the primary insights and some of his work reveal themselves as images and gestures that point on the annihilating, ungrasped, rebellious, demonic, and communicative. A number of previous commentators on Lawrence have properly noted these peculiarities, although not, I think, in sufficient depth to give the pervasiveness its full significance. In reading the numerous criticisms on Lawrence, one comes to feel that it proclaims a moral law, with those who condemn Lawrence and his pervasiveness on one side, and on the other side those who praise him and deny his pervasiveness. In contrast, I shall treat the pervasiveness as a moral law proper, as an authentic mode with excellent aesthetic possibilities and considerable human wisdom.

Let us start with a characteristically perverse declaration of Lawrence's, one by no means a kindly statement, which reveals his attitude toward the act of persecution. In affirming his belief in art as creativity, he writes: "You have to have something vicious in you to be a creative writer. It is the something vicious, which, I believe, is incompatible to the 'ordinary' world, inside a man, which gives an edge to his awareness. . . ." "Vicious?" Might not this be a characterful hyperbole just to emphasize the grandness of that writer's calling? Apparently not, one way and another Lawrence repeatedly makes the linkage of awareness and viciousness, and without any romantic qualifications that the artist is separate from all other men. A similar point of perverse talking and alienation appears in his descriptions of the enemy that he demands. For example: "Nothing is wonderful unless it is dangerous. Dangerous to that other part of the soul, and therefore damnable." "The other, as we shall see, seems as a key word and quality in Lawrence's insistence on passionate desire and alienation. It would seem to point something quite close to what the traditionally religious means by *sin*, on its subjective side. The

The Forgotten Film Adaptations of D.H. D. H. Lawrence and Ambivalence in the Age of

Modernity Gaku Iwai, 2024-05-01 D H Lawrence is renowned for his scathing criticism of the ruling class industrialisation of the country and wartime patriotism. However, his texts bear the imprint of contemporary dominant ideologies and discourses of the period. Comparing Lawrence's texts to various major and minor contemporary novels, journal articles, political pamphlets, and history books, this book aims to demonstrate that Lawrence's texts are ambivalent; his texts harbour the dynamism of conflicting power struggles between the subversive and the reactionary. For example, in some apparently apolitical texts such as *The White Peacock* and *Movements in European History*, reactionary ideologies and wartime propaganda are embedded. Some texts like *Lady Chatterley's Lover* are intended to be a radical critique of the period wherein it was composed, but they also bear discernible traces of the contemporary frame of reference that they intend to subvert. Focusing on Lawrence's stories and novels set in the mining countryside and the works composed under the impact of the First World War, this book establishes that Lawrence's texts in fact consist of multiple layers that are often in conflict with each other, serving as a testimony to the age of modernity.

The Risen Adam Virginia Hyde, 2010-11

Showing Lawrence's familiarity with biblical typology from both written and visual sources, Virginia Hyde explores its many ironic and paradoxical versions in his works. She demonstrates his use of typological precursors of Christ such as Adam and David, Moses and Aaron, and his development of a coherent cosmology centered on the cross and the Tree of Life. These features often take on radically revisionist meanings when informed by Lawrence's interests in theosophy and occult lore. Hyde fully recognized Lawrence's intensely dynamic style and examines the ways in which he works creatively with his models. Hyde sheds new light on Lawrence's leadership views, linking them to patriarchal assumptions inherent in biblical typology. She utilizes manuscripts and sketches as well as his traditional works to show that a complex form of biblical symbolism affects both his form and content in unexpected ways. His symbols are often traceable to iconographic models with typological significance. *The Risen Adam* includes pioneering treatments of the first Quetzalcoatl, the 1923 version of *The Plumed Serpent* so different in part from the final novel as to form a separate creative effort. Hyde also offers provocative new readings of *The Rainbow*, *Women in Love*, *Aaron's Rod*, *The Border Line*, *The Plumed Serpent*, *David*, *The Man Who Died*, *Birds*, *Beasts*, and *Flowers*, and other works. The book is illustrated with artwork by Lawrence and with examples of the medieval and other iconography he knew.

Rhythmic Modernism

Helen Rydstrand, 2019-01-24 Contrary to the common view that cultural modernism is a broadly anti-mimetic movement, one which turned away from traditional artistic goals of representing the world, Rhythmic Modernism argues that rhythm and mimesis are central to modernist aesthetics. Through detailed close readings of non-fiction and short stories, Helen Rydstrand shows that textual rhythms comprised the substance of modernist mimesis. Rhythmic Modernism demonstrates how many modernist writers such as D H Lawrence, Katherine Mansfield, and Virginia Woolf were profoundly invested in mimicking a substratum of existence that was conceived as rhythmic, each

displaying a fascination with rhythm both as a formal device and as a vital protean concept that helped to make sense of the complex modern world

D.H. Lawrence's Final Fictions Ben Stoltzfus, 2024-04-08 D H Lawrence's Final Fictions A Lacanian Perspective explores how literature thinks more specifically how the reading of fiction influences behavior Lawrence writes passionately about our alienation from ourselves from other people and from the cosmos He believes that we need to heed the voices of our unconscious and he shows us how to meld body and mind so that psychoanalytically speaking Id and Ego can come together In this endeavor there is a salient convergence between Lawrence's writings and those of Jacques Lacan the French psychoanalyst In this book Stoltzfus examines the poetics of seven major fictions that Lawrence wrote between 1925 and 1930 five productive years that are referred to as his fabulation period In each of the book's seven chapters in tandem with Lacan's writings Stoltzfus analyzes seven major characters four of whom move from alienation to the renewal of self and the cosmos He argues that Lawrence's fiction is simultaneously descriptive and prescriptive by showing us how to circumvent dysfunction Stoltzfus brings literature and psychoanalysis together in readings that are both aesthetic and epistemological They are recipes for curing the Anthropocene

D.H. Lawrence's The Rainbow and Women in Love Doo-Sun Ryu, 2005 Focusing on D H Lawrence's concept of essential criticism which was introduced in his posthumously published Study of Thomas Hardy and his statement that every work of art adheres to some system of morality But it must contain the essential criticism on the morality to which it adheres this book examines the ways in which Lawrence presents his ideas in his major novels The Rainbow and Women in Love It explores how this concept plays a crucial role in his fiction as an other to the implied author's messages functioning differently as equivocation and creative strife respectively In The Rainbow and Women in Love the concept helps to make these novels more dynamic than commonly realized

The Challenge of D.H. Lawrence Michael Squires, Keith Cushman, 1990 Thirteen essays that aim to illuminate the achievement of one of England's greatest modern writers Employing a variety of perspectives historical cultural theoretical feminist the critics here assembled address concerns about Lawrence's work that have emerged in recent years his attitudes toward the working class art women Britain his conceptions of male female relationships sexuality education and knowledge and his place in cultural history and the traditions of the English novel All of the essays from reassessments of Lawrence's position in the English literary tradition to analyses of his influence on recent American poetry find renewed faith in the challenge of Lawrence's work making this volume of interest to Lawrence scholars and students

Critical Survey of Short Fiction Frank Northen Magill, 1981 An examination of the development and writers of short fiction from its beginning to the present

Eventfulness in British Fiction Peter Hühn, 2010-03-26 An event defined as the decisive turn the surprising point in the plot of a narrative constitutes its tellability the motivation for reading it This book describes a framework for a narratological definition of eventfulness and its dependence on the historical socio cultural and literary context A series of fifteen analyses of British novels and tales from late medieval and early modern times to the late 20th century demonstrates

how this concept can be put into practice for a new specifically contextual interpretation of the central relevance of these texts The examples include Chaucer s Miller s Tale Behn s Oroonoko Defoe s Moll Flanders Richardson s Pamela Fielding s Tom Jones Dickens s Great Expectations Hardy s On the Western Circuit James s The Beast in the Jungle Joyce s Grace Conrad s Shadow Line Woolf s Unwritten Novel Lawrence s Fanny and Annie Mansfield s At the Bay Fowles s Enigma and Swift s Last Orders This selection is focused on the transitional period from 19th century realism to 20th century modernism because during these decades traditional concepts of what counts as an event were variously problematized therefore these texts provide a particularly interesting field for testing the analytical capacity of the term of eventfulness *D.H. Lawrence* Fiona Becket, Annotation This guide moves beyond the controversy surrounding Lady Chatterley s Lover to examine the prolific output of poetry novels and non fiction that made Lawrence a central figure in the Modernist movement *D.H. Lawrence and Survival* Ronald Granofsky,2003 Although Darwin s ideas about evolution were dominant in D H Lawrence s day little scholarly work has been done on the influence of these concepts on his work This work argues that Lawrence employed ideas based on evolution in his fiction particularly during the transition between his marriage and leadership periods 1919 22 when he embarked on a major rethinking of the direction of his creative work and that these ideas contributed to the deterioration in his fiction after *Women in Love* The book shows that Lawrence s deliberate use of Darwinian elements in his narrative strategy occurred at a time when he was increasingly concerned about survival both personally due to illness and as an artist The result in his fiction is a subtext in which his anxieties are projected onto female characters and the evolution of his writing is frustrated by unresolved emotional conflicts Through new readings of the major fiction of Lawrence s transitional period Ronald Granofsky demonstrates that Lawrence s deterioration as a writer and the misogyny of his later work was primarily the result of a deliberate effort on his part to move the ideological yardsticks of his fiction *Critical Survey of Short Fiction: Authors A-Z* Frank Northen Magill,1981 An examination of the development and writers of short fiction from its beginning to the present *D. H. Lawrence: Language and Being* Michael Bell,1992-01-16 Explores Lawrence s struggle in his novels to express his sophisticated understanding of the nature of being through the intransigent medium of language *The Black American Short Story in the 20th Century* Peter Bruck,1977-01-01 This volume is a collection of essays on black short stories written between 1998 and 1976 It aims to say something about the black short story as a genre and the development of the racial situation in America as well The primary aim is to introduce the reader to this long neglected genre of black fiction In contrast to the black novel the short story has hardly been given extensive criticism let alone serious attention The individual essays of this collection aim at presenting new points of critical orientation in the hope of reviving and fostering further discussions They provide a variety of approaches and a great diversity of critical points of view
