Play and Creativity in Art Teaching offers plans for the study of children's play and for discovering creative art teaching as a way to bring play into the art room. While it does not offer a teaching formula or a single set of techniques to be followed, it demystifies art and shows how teachers can help children find art in familiar and ordinary places accessible to everyone. This book also speaks to parents and the important roles they can play in supporting school art programs and nourishing the creativity of their children.
