Design** Larry R. Creveling, 2010-08-24 The human species has thrived because we were healthy and able to adapt to a variety
of changes throughout our history Our health today is deteriorating under the influence of accelerating change to where we
may not be prepared to continue to thrive unless we look to our past and identify lessons that may be fundamental for not
only our continued survival as a species but to live healthier and more productive lives Living By Design identifies why we
have been successful and what we must do to continue to be successful as individuals and as a species As a practical guide it
offers conclusions not ordinarily found in other health books Many ideas presented are confrontational and meant to move
the reader to question further and take action to change While the laws of our design for health are quite simple returning to
principles of our design is challenging A return to living by design requires discipline but the rewards outweigh the suffering
we may avoid by living otherwise **Natural Medicine, Optimal Wellness** Jonathan V. Wright, Alan R. Gaby, 2013-04-24
