Deagan,José María Cruxent,2008-10-01 In 1493 Christopher Columbus led a fleet of 17 ships and more than 1200 men to found a royal trading colony in America

Columbus had high hopes for his settlement which he named La Isabela after the queen of Spain but just five years later it was in ruins. It remains important however as the first site of European settlement in America and the first place of sustained interaction between Europeans and the indigenous Tainos. Kathleen Deagan and Jose Maria Cruxent tell the story of this historic enterprise. Drawing on their ten year archaeological investigation of the site of La Isabela along with research into Columbus era documents they contrast Spanish expectations of America with the actual events and living conditions at America's first European town. Deagan and Cruxent argue that La Isabela failed not because Columbus was a poor planner but because his vision of America was grounded in European experience and could not be sustained in the face of the realities of American life. Explaining that the original Spanish economic and social frameworks for colonization had to be altered in America in response to the American landscape and the non elite Spanish and Taino people who occupied it they shed light on larger questions of American colonialism and the development of Euro American cultural identity. A Companion to Viceroyal Mexico City, 1519-1821, 2021-08-16 This book presents a historical overview of colonial Mexico City and the important role it played in the creation of the early modern Hispanic world. Organized into five sections an interdisciplinary and international team of twenty scholars scrutinize the nature and character of Mexico City through the study of its history and society religious practices institutions arts and scientific cartographic and environmental endeavors. The Companion ultimately shows how viceroyal Mexico City had a deep sense of history drawing from all that the ancient Americas Europe Asia and Africa offered but where history culture and identity twisted and turned in extraordinary fashion to forge a new society.
