Buddhas Dogs:

Our Dogs, Our Selves ,2016-09-12 The ubiquity of references to dogs in medieval and early modern texts and images must at some level reflect their actual presence in those worlds yet scholarly consideration of this material is rare and scattered across diverse sources This volume addresses that gap bringing together fifteen essays that examine the appearance meaning and significance of dogs in painting sculpture manuscripts literature and legal records of the period reaching beyond Europe to include cultural material from medieval Japan and Islam While primarily art historical in focus the authors approach the subject from a range of disciplines and with varying methodology that ultimately reveals as much about dogs as about the societies in which they lived Contributors are Kathleen Ashley Jane Carroll Emily Cockayne John Block Friedman Karen M Gerhart Laura D Gelfand Craig A Gibson Walter S Gibson Nathan Hofer Jane C Long Judith W Mann Sophie Oosterwijk Elizabeth Carson Pastan Donna L Sadler Alexa Sand and Janet Snyder Teachings from the Medicine Buddha Retreat Lama Zopa Rinpoche,2009 The Lama Yeshe Wisdom Archive LYWA is the collected works of Lama Thubten Yeshe and Kyabje Lama Thubten Zopa Rinpoche The Archive was founded in 1996 by Lama Zopa Rinpoche its spiritual director to make available in various ways the teachings it contains From a review in BuddhaDharma magazine Teachings From the Medicine Buddha Retreat is a nearly complete record of the teachings given by Lama Zopa Rinpoche during a twenty five day Medicine Buddha retreat in the fall of 2001 The sections are short on topics such as making offerings to the buddhas and the nature of mind The retreat was held less than two months after the 9 11 attacks and Lama Zopa s teachings are full of references to terrorism war Iraq and Afghanistan The book is not meant as a coherent presentation on any particular topic however one is rewarded by just opening it and reading anywhere Lama Zopa is a clear and effective teacher and his stories are endlessly entertaining and inspiring **Barking Buddha: Simple Soul Stretches for Yogi and Dogi** Brenda Bryan,2009 *Like Cats and Dogs* Steven Heine,2014 Steven Heine offers a compelling examination of the Mu Koan widely considered to be the single best known and most widely circulated and transmitted koan record of the Zen school of Buddhism *The Compass of Zen* Seung Sahn,1997-10-28 A simple exhaustive and often hilarious presentation of the essence of Zen by a modern Zen Master of considerable renown In his many years of teaching throughout the world the Korean born Zen Master Seung Sahn has become known for his ability to cut to the heart of Buddhist teaching in a way that is strikingly clear yet free of esoteric and academic language In this book based largely on his talks he presents the basic teachings of Buddhism and Zen in a way that is wonderfully accessible for beginners yet so rich with stories insights and personal experiences that long time meditation students will also find it a source of inspiration and a resource for study **Lacan and Chan Buddhist Thought** Raul Moncayo,Yang Yu,2022-12-23 Lacan and Chan Buddhist Thought provides a close reading of how Lacan mobilizes concepts from Chan Buddhist philosophy culture and practice in his later teachings The book emerged from the three co authors engagement with Lacan s 1962 1963 Seminar on Anxiety and the significance of

Lacan's original interpretation of the Buddhist principle that desire is the cause of suffering. The book reads key Lacanian concepts such as the objet a, jouissance, the real, Nirvana, and the mirror through ancient Buddhist teachings and koans. With this focused exploration of psychoanalysis and Chan Buddhism, the authors offer a philosophically grounded cross-cultural approach to the theory and practice of psychoanalysis in Asian countries. *Lacan and Chan Buddhist Thought* will be a rich resource for psychoanalysts, academics, and students interested in Lacan and religion, the intellectual and cultural relationship between Asian and Western thought, and Mahayana Buddhism more generally.

The Buddha's Dog Craig Phillips, 2013-07-02. The Buddha had a dog. Discovered on an ancient scroll in Tibet, The Buddha's Dog tells the heartwarming story of Nandhi, a mischievous and trouble-making English bulldog who is befriended by the Buddha. Through a series of adventures, the dog learns the path of loving-kindness toward all creatures and becomes one of the greatest teachers to ever walk the earth. Like Benjamin Hoff's *The Tao of Pooh*, The Buddha's Dog is a whimsical introduction to the Buddha's teachings of love and compassion through the eyes of an unforgettable canine and can be enjoyed by kids from ten years old to a hundred and ten. This humorous and enlightening fable will appeal, however, not only to dog lovers and Buddhists but to anyone who has ever known the unconditional love and friendship of a cherished pet. That one animal that you have never been able to forget.

Buddha Nature and Animality David E. Jones, MR David Jones, 2007-08. Buddha Nature and Animality is about peaceful living. In discussions about the relation between humans and their animal relatives, a central theme is that Buddhism represents the most viable philosophical religious alternative to the malaise surrounding us when we confront ecological problems. This recognition points to the notion of compassion. The author seeks beyond the limits imposed by discourses of ethics and assumes a more radical approach to seek the roots of the perspectives that allow the conceptual space for the problematic dialogues in the first place. Rather than viewing animals as distinct beings sharing our environs, the author attempts to give the animals' soul back to spirituality.

The Great Zen Master Ta Hui Osho, 2023-08-01. The great Zen teacher Ta Hui comes from the same lineage as Bodhidharma. He was born four hundred years after Bodhidharma had left for the Himalayas to disappear into the eternal ice, the eternal silence. There, I have called Ta Hui the great Zen teacher, not a master. It has to be explained to you clearly: The master is one who is enlightened, but sometimes it happens that the master may be enlightened but is not articulate enough to give expression to what he has known. That is a totally different art.

The Lion-dog of Buddhist Asia Elsie P. Mitchell, 1991. This unique book will appeal to students of Buddhism, art lovers, the exquisite evocations of this mythical beast in the arts of three great Buddhist cultures of Asia, the fascinating history of flesh-fur lion dogs bred to resemble their celestial prototype, chiefly the Shih Tzu, but also such breeds as the Pekingese, the Lhasa Apso. Separate chapters elucidate the place of the dog of Buddha in the life, lore, art of China, Tibet, Japan. The Buddhist attitude toward dogs, other non-human beings, is also compared with that of other religions. A stunningly beautiful book, don't miss it. Cleveland Amory. Distributed by Charles E. Tuttle, Vermont.

Bones of Contention Barbara R. Ambros, 2012-09-30.

Since the 1990s the Japanese pet industry has grown to a trillion yen business and estimates place the number of pets above the number of children under the age of fifteen. There are between 6 000 to 8 000 businesses in the Japanese pet funeral industry including more than 900 pet cemeteries. Of these about 120 are operated by Buddhist temples and Buddhist mortuary rites for pets have become an institutionalized practice. In *Bones of Contention* Barbara Ambros investigates what religious and intellectual traditions constructed animals as subjects of religious rituals and how pets have been included or excluded in the necral landscapes of contemporary Japan. Pet mortuary rites are emblems of the ongoing changes in contemporary Japanese religions. The increase in single and nuclear family households, marriage delays for both males and females, the falling birthrate and graying of society, the occult boom of the 1980s, the pet boom of the 1990s, the anti religious backlash in the wake of the 1995 Aum Shinriky incident all of these and more have contributed to Japan's contested history of pet mortuary rites. Ambros uses this history to shed light on important questions such as: Who or what counts as a family member? What kinds of practices should the state recognize as religious and thus protect financially and legally? Is it frivolous or selfish to keep, pamper or love an animal? Should humans and pets be buried together? How do people reconcile the deeply personal grief that follows the loss of a pet and how do they imagine the afterlife of pets? And ultimately what is the status of animals in Japan? *Bones of Contention* is a book about how Japanese people feel and think about pets and other kinds of animals and in turn what pets and their people have to tell us about life and death in Japan today.

The Buddha and His Teachings Venerable Nārada Mahāthera, 2024-04-29 Many valuable books have been written by Eastern and Western scholars, Buddhists and non Buddhists alike to present the life and teachings of the Buddha to those who are interested in Buddhism. Amongst them one of the most popular works is still *The Light of Asia* by Sir Edwin Arnold. Many Western truth seekers were attracted to Buddhism by this world famous poem. Congratulations of Eastern and Western Buddhists are due to the learned writers on their laudable efforts to enlighten the readers on the Buddha Dhamma. This new treatise is another humble attempt made by a member of the Order of the Sangha based on the Pāli Texts commentaries and traditions prevailing in Buddhist countries especially in Ceylon.

The Buddhist World John Powers, 2015-10-05 The *Buddhist World* joins a series of books on the world's great religions and cultures offering a lively and up to date survey of Buddhist studies for students and scholars alike. It explores regional varieties of Buddhism and core topics including Buddha nature, ritual and pilgrimage. In addition to historical and geo political views of Buddhism

the volume features thematic chapters on philosophical concepts such as ethics as well as social constructs and categories such as community and family The book also addresses lived Buddhism in its many forms examining the ways in which modernity is reshaping traditional structures ancient doctrines and cosmological beliefs *My Heart is a Golden Buddha* Seon Master Daehaeng, 2014-03-20 A collection of inspiration and wisdom seen through the tales of housewives and kings monks and bandits and the deep mountains of Korea In this new collection of thirty three stories one of Korea's foremost Seon Zen masters introduces the richness and depth of Korea's Buddhist tradition With humor and insight Seon Master Daehaeng shows us our inherent potential and demonstrates how we can face the challenges of life with wisdom and vigor DRM free Praise for Seon Master Daehaeng's *No River to Cross* *No River to Cross* speaks directly and simply from the heart much in the manner of Shunryu Suzuki's *Zen Mind Beginner's Mind* Master Daehaeng's ability to penetrate the skin with plain and pointed words should give this work the same longevity Francisca Cho Georgetown University translator of *Everything Yearned For* This first taste of a fresh female voice leaves you hungry for more Shambhala Sun *Discerning Buddhas* Kevin Buckelew, 2024-11-19 In Song period China 960-1279 CE masters in the Chan Japanese Zen school of Buddhism were presented as sources of religious authority on par with the Buddha an almost unthinkable lofty status before the rise of Chan This claim carried great rhetorical power facilitating Chan's appeal to Buddhist monastics and powerful patrons alike But it also raised a challenging question for Chan Buddhists who insisted that buddhahood properly transcends all worldly marks By what signs could one recognize a Chan master as a buddha *Discerning Buddhas* argues that Chan Buddhists wove together tropes of sovereignty hospitality and martial heroism drawn from both Buddhist tradition and China's cultural heritage to develop a distinctive vision of what it meant for a Chan master to be a buddha in Song period China Kevin Buckelew analyzes the ways Chan Buddhists deployed such tropes in ritual literature and visual culture in order to stage the comparison of Chan mastery with buddhahood He examines how they used the concept of buddhahood to work through questions about the ideal Chan master's authority agency and masculinity in the process rendering buddhahood in terms highly legible to elite Chinese society Chan Buddhists Buckelew shows developed their own signature of buddhahood according to which enlightened Chan masters who truly deserved comparison to the Buddha were supposed to be distinguished from everyone else By exploring the resulting Chan culture of discernment which raised fundamental questions about Buddhist authority at a pivotal inflection point in Chinese history this book offers fresh insight into the place of Buddhism in Chinese society **Little Buddhas** Vanessa R. Sasson, 2013 Consideration of children in the academic field of Religious Studies is taking root but Buddhist Studies has yet to take notice *Little Buddhas* brings together a wide range of scholarship and expertise to address the question of what role children have played in Buddhist literature in particular historical contexts and what role they continue to play in specific Buddhist contexts today The volume is divided into two parts one addressing the representation of children in Buddhist texts the other children and childhoods in Buddhist cultures

around the world The ground breaking contributions in this volume challenge the perception of irreconcilable differences between Buddhist idealism and family ties Little Buddhas will be an indispensable resource for students and scholars of Buddhism and Childhood Studies and a catalyst for further research on the topic
