Buddhism Betrayed Religion Politics And Violence In Sri Lanka:

Buddhism Betrayed? Stanley Jeyaraja Tambiah, 1992-07-15 This volume seeks to answer the question of how the Buddhist monks in today's Sri Lanka given Buddhism's traditionally nonviolent philosophy are able to participate in the fierce political violence of the Sinhalese against the Tamils *The Politics of Religion in South and Southeast Asia* Ishtiaq

Ahmed, 2011-05-04 The notion of a politics of religion refers to the increasing role that religion plays in the politics of the contemporary world This book presents comparative country case studies on the politics of religion in South and South Asia including India Pakistan and Indonesia The politics of religion calls into question the relevance of modernist notions of secularism and democracy with the emphasis instead on going back to indigenous roots in search of authentic ideologies and models of state and nation building Within the context of the individual countries chapters focus on the consequences that politics of religion has on inclusive nation building democracy and the rights of individuals minorities and women The book makes a contribution to both the theoretical and conceptual literature on the politics of religion as well as shed light on the implications and ramifications of the politics of religion on contemporary South Asian and South East Asian countries It is of interest to students and scholars of South and South East Asian Studies as well as Comparative Politics *Religion and Politics in South Asia* Ali Riaz, 2020-12-29 This revised edition of *Religion and Politics in South Asia* presents a comprehensive analysis of the interaction of religion and politics in Afghanistan Bangladesh India the Maldives Nepal Pakistan and Sri Lanka The book highlights that in recent decades religion religious political parties and religious rhetoric have become dominant features of the political scenes in all seven countries By presenting each country's political system and the socio economic environment within which the interactions of religion and politics are taking place chapters explore various factors that affect both the lives of people in the region and global politics Designed in an easy to follow structure the book includes sections on the history and politics major religions and religious composition of the population legal and constitutional provisions regarding religion religious freedom and the treatment of minorities the political landscape and religious political parties and groups within the countries In doing so the book addresses concerns including the effects of religious political interactions on political stability human rights and the implications for internal and external security situations A timely contribution written by experts in their field this book is a useful guide to religion and politics and will be of interest to undergraduate and graduate students in South Asian politics Asian politics religion and politics history and international studies **Buddhism and Politics in Twentieth Century Asia** Ian Harris, 2010-07-15 In this study a team of international

scholars assess the manner in which Buddhist organizations and individuals have resisted come to terms with or in some cases allied themselves with the forces of war modernity westernization nationalization capitalism communism and ethnic conflict By examining issues such as left right divisions in the monastic order the rise of organized lay movements Buddhist social activism as well as explicitly Buddhist inspired political activity this book seeks to demonstrate that the emphasis on

meditation and mental training is only one strand in this richly complex world historical tradition **Buddhist Warfare**

Michael Jerryson, Mark Juergensmeyer, 2010-01-08 Though traditionally regarded as a peaceful religion Buddhism has a dark side On multiple occasions over the past fifteen centuries Buddhist leaders have sanctioned violence and even war The eight essays in this book focus on a variety of Buddhist traditions from antiquity to the present and show that Buddhist organizations have used religious images and rhetoric to support military conquest throughout history Buddhist soldiers in sixth century China were given the illustrious status of Bodhisattva after killing their adversaries In seventeenth century Tibet the Fifth Dalai Lama endorsed a Mongol ruler's killing of his rivals And in modern day Thailand Buddhist soldiers carry out their duties undercover as fully ordained monks armed with guns Buddhist Warfare demonstrates that the discourse on religion and violence usually applied to Judaism Islam and Christianity can no longer exclude Buddhist traditions The book examines Buddhist military action in Tibet China Korea Japan Mongolia Sri Lanka and Thailand and shows that even the most unlikely and allegedly pacifist religious traditions are susceptible to the violent tendencies of man Gift and Duty Paul H.

De Neui, 2017-12-21 Is the Christian concept of grace anathema to the social structure of merit making found in Buddhist karmic communities Are all Buddhist forms of merit making purely for religious purposes to assuage cosmic consequences or are there other reasons Are there not Christian churches who operate under a legalistic view of God's divine wrath and are in essence living as karmic communities of the Christian type The result of discussions about these and other questions is the volume you now hold in your hand SEANET proudly presents what is number 14 in its series of missiological reference texts Gift and Duty Where Grace and Merit Meet Each of the ten authors presented here represent a particular perspective both Christian and Buddhist that can inform the other The goal of this volume is to lead to a deeper understanding of the significance of diverse religious and cultural perspectives

South Asia P. R. Kumaraswamy, Ian Copland, 2013-10-18 Since the partition of the subcontinent along communal lines political violence has increased in South Asia Terrorism is one such manifestation of this violence This book witnesses serious assessment of various aspects of terrorism that are affecting South Asia as eight scholars of international repute take a closer look at the problem These essays discuss how terrorist activity in the region during the past few decades can be directly linked to religion centric violence Apart from other events this book looks at prolonged terrorism in Punjab militancy in Kashmir ethnic conflict in Sri Lanka insurgency in northeast India Maoist insurgency in Nepal and sectarian conflict in Pakistan **Nationalism and Conflict Management** Eric Taylor

Woods, Robert Schertzer, Eric Kaufmann, 2013-09-13 Ethno national conflict is one of the central issues of modern politics Despite the emergence of approaches to managing it from nation building to territorial autonomy in recent years the application of these approaches has been uneven Old conflicts persist and new ones continually emerge The authors of this book contend that what is needed to drive forward the theory and practice of ethno national conflict management is a more nuanced understanding of ethnicity and nationalism The book addresses this issue by linking theories of ethnicity and

nationalism to theories of conflict management Its contributors share a common goal of demonstrating that a nuanced understanding of ethnicity and nationalism can beneficially inform conflict management in theory and practice To do so they analyse both hot and cold conflict zones as well as cases that have been important in the development of the most widely used conflict management models The book is aimed at those interested in the theory and practice of ethno national conflict management as well as the study of ethnicity and nationalism It is well suited for undergraduate and advanced research students experts and policy makers This book was originally published as a special issue of Commonwealth and Comparative Politics

Myanmar's Buddhist-Muslim Crisis John Clifford Holt, 2019-09-30 Myanmar's Buddhist-Muslim Crisis is a probing search into the reasons and rationalizations behind the violence occurring in Myanmar especially the oppressive military campaigns waged against Rohingya Muslims by the army in 2016 and 2017 Over more than three years John Holt traveled around Myanmar engaging in sustained conversations with prominent and articulate participants and observers What emerges from his peregrinations is a series of compelling portraits revealing both deep insights and entrenched misunderstandings To understand the conflict Holt must first accurately capture the viewpoints of his different conversation partners who include Buddhists and Muslims men and women monks and laypeople activists and scholars Conversations range widely over issues such as the rise of Buddhist nationalism the sometimes enigmatic and unexpected positions taken by Aung San Suu Kyi use of the controversial term Rohingya the impact of state sponsored propaganda on the Burmese public resistance to narratives emanating from international media the United Nations and the international diplomatic community the frustrations of local political leaders who have felt left out of the policy making process in the Rakhine State and the constructive hopes and efforts still being made by forward looking activists in Yangon Three main perspectives emerge from the voices he listens to those of Arakanese Buddhists who are native to Rakhine once called Arakan where much of the conflict has taken place Burmese Buddhists or Barmars who make up the vast majority of Myanmar's population and the Rohingya Muslims whose tragic story has been widely disseminated by the international media What surfaces in conversation after conversation among all three groups is a narrative of siege all see themselves as the aggrieved party and all recount a history of being under siege John Holt gives voice to these different perspectives as an engaged and concerned participant offering both a critical and empathetic account of Myanmar's tragic predicament Readers follow the hopes and dismay of this seasoned scholar of Theravada Buddhism as he seeks his own understanding of the variously impassioned forces in play in this still unfolding drama

Religion and Conflict in Modern South Asia William Gould, 2011-12-05 This is one of the first single author comparisons of different South Asian states around the theme of religious conflict Based on new research and syntheses of the literature on communalism it argues that religious conflict in this region in the modern period was never simply based on sectarian or theological differences or the clash of civilizations Instead the book proposes that the connection between religious radicalism and everyday violence relates to the actual and perceived weaknesses of political

and state structures For some religious and ethnic mobilisation has provided a means of protest where representative institutions failed For others it became a method of dealing with an uncertain political and economic future For many it has no concrete or deliberate function but has effectively upheld social stability paternalism and local power in the face of globalisation and the growing aspirations of the region s most underprivileged citizens **Subverting Global Myths** Vinoth Ramachandra,2009-08-20 Vinoth Ramachandra considers six areas of contemporary global discourse where powerful myths energize and mobilize a great deal of public funding academic production and media attention myths about terrorism religious violence human rights multiculturalism science and postcolonialism

Colors of the Robe Ananda Abeysekara,2002 Poised to spark debate among scholars of religious studies and other disciplines Colors of the Robe sheds new light on the Sri Lankan Buddhist universe of ethics and politics and more important suggests innovative directions for the global study of religion identity culture politics and violence In a volume that surpasses other studies in tracking identifying and locating Sri Lankan Buddhism in its sectarian ethnic cultural social and political constructions Ananda Abeysekara lays down a challenge to postcolonial and postmodern theory He argues that although criticisms have undermined the orientalist constructions of culture they cannot help us understand let alone theorize the emergence of contemporary authoritative discourses that define distinctions involving religion and violence identity and difference Supplanting that aim Abeysekara illuminates the shifting configurations that characterize the relations connected with postcolonial religious identity and culture **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **Sociology of Religion** William Mirola,Susanne C Monahan,Michael O. Emerson,2015-09-16 A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U S Sociology of Religion A Reader 2e is ideal as either a standalone reader or supplement to the text written by the same author team Why Religion Matters Based on both classic and contemporary research in the sociology of religion this reader highlights a variety of research methods and theoretical approaches It explores the ways in which religious values beliefs and practices shape the world outside of church synagogue or mosque walls while simultaneously being shaped by the non religious forces operating in that world

The Politics of Knowledge David L. Szanton,2004-09-20 The usefulness and political implications of Area Studies programs are currently debated within the Academy and the Administration where they are often treated as one homogenous and stagnant domain of scholarship The essays in this volume document the various fields distinctive character and internal heterogeneity as well as the dynamism resulting from their evolving engagements with funders US and international politics and domestic constituencies The authors were chosen for their long standing interest in the intellectual evolution of their fields They describe the origins and histories of US based Area Studies programs highlighting their complex generative and sometimes contentious relationships with the social science and humanities disciplines and their diverse contributions to the regions of the world with which they are concerned

Princeton Readings in Religion and Violence Mark Juergensmeyer,Margo Kitts,2011-10-10 An anthology that examines the historical and contemporary relationship between religion and violence This groundbreaking anthology provides the most comprehensive overview for understanding the fascinating relationship between religion and violence historically culturally and in the contemporary world Bringing together writings from scholarly and religious traditions it is the first volume to unite primary sources justifications for violence from religious texts theologians and activists with invaluable essays by authoritative scholars The first half of the collection includes original source materials justifying violence from various religious perspectives Hindu Chinese Christian Muslim Jewish and Buddhist Showing that religious violence is found in every tradition these sources include ancient texts and scriptures along with thoughtful essays from theologians wrestling with such issues as military protection and pacifism The collection also includes the writings of modern day activists involved in suicide bombings attacks on abortion clinics and nerve gas assaults The book s second half features well known thinkers reflecting on why religion and violence are so intimately related and includes excerpts from early social theorists such as Durkheim Marx and Freud as well as contemporary thinkers who view the issue of religious violence from literary anthropological postcolonial and feminist perspectives The editors brief introductions to each essay provide important historical and conceptual contexts and relate the readings to one another The diversity of selections and their accessible length make this volume ideal for both students and general readers

Resilience, Peacebuilding, and Preventing Violent Extremism Cedric de Coning,Rui Saraiva,Ako Muto,2025-07-31 This book offers a comprehensive analysis of the complex drivers of violent extremism along with recommendations for strengthening social and institutional resilience through peacebuilding and development efforts By presenting a theoretical and empirical argument that places the emphasis on social cohesion resilience and adaptive peacebuilding this book challenges the conventional security led approach to countering violent extremism Through a range of case studies from Africa Asia and the Middle East including Syria Iraq Mozambique Niger Sri Lanka and the Philippines it explores the complex dynamics of violent extremism and the

ways in which it can be prevented and countered Drawing on complexity theory and adaptive peacebuilding the volume provides insights into how complex social systems adapt and respond to stress and how peacebuilders can support societies in uncertain volatile and unpredictable contexts by improving their resilience and their adaptive capacity to sustain peace This book will be of much interest to students of peacebuilding security studies and countering violent extremism and professional practitioners The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

The Socio-Political Practice of Human Rights Kiran Kaur Grewal, 2016-06-23 This book examines discourses of rights and practices of resistance in post conflict societies exploring the interaction between the international human rights framework and different actors seeking political and social change Presenting detailed new case studies from Sierra Leone Sri Lanka and Kosovo it reveals the necessity of social scientific interventions in the field of human rights The author shows how a shift away from the realm of normative political or legal theory towards a more sociological analysis promises a better understanding of both the limits of current human rights approaches and possible sites of potential Considering the diverse ways in which human rights are enacted and mobilised The Socio Political Practice of Human Rights engages with major sites of tension and debate examining the question of whether human rights are universal or culturally relative their relationship to forms of economic and political domination the role of law as a mechanism for social change and the ways in which the language of human rights facilitates or closes sites of radical resistance By situating these debates in specific contexts this book concludes by proposing new ways of theorizing human rights Empirically grounded and offering an alternate framework for understanding the fluid and ambiguous operation of power within the theory and practice of human rights this volume will appeal to scholars of sociology law and politics with interests in gender resistance international law human rights and socio legal discourse

Vegetarianism and Animal Ethics in Contemporary Buddhism James Stewart, 2015-08-14 Buddhism is widely known to advocate a stance of total pacifism towards all sentient beings and because of this it is often thought that Buddhist doctrine would stipulate that non violent food practices such as vegetarianism be mandatory However the P li source materials do not encourage vegetarianism and most Buddhists do not practice it Using research based on ethnographic evidence and interviews this book discusses this issue by presenting an investigation of vegetarianism and animal ethics within a Buddhist cultural domain Focusing on Sri Lanka a place of great historical significance to Buddhism the book looks at how lay Buddhists and the clergy came to understand the role of vegetarianism and animal ethics in Buddhism It analyses whether the Buddha preached a view that encouraged vegetarianism and how this squares with his pacifism towards animals The book goes on to question how Buddhist food practices intersect with other secular activities such as traditional medicine as well as discussing the wider implications of Buddhist animal pacifism including vegetarian political movements and animal rights groups Shedding light on a subject that until now has only been tangentially treated by

scholars this interdisciplinary study will be of interest to those working in the fields of Buddhist Studies Religion and Philosophy as well as South Asian Studies
