Cuevas,2008-04-02 In *Travels in the Netherworld* Bryan J Cuevas examines a fascinating but little known genre of Tibetan narrative literature about the d lok

ordinary men and women who claim to have died traveled through hell and then returned from the afterlife These narratives enjoy audiences ranging from the most sophisticated monastic scholars to pious townsfolk villagers and nomads Their accounts emphasize the universal Buddhist principles of impermanence and worldly suffering the fluctuations of karma and the feasibility of obtaining a favorable rebirth through virtue and merit Providing a clear detailed analysis of four vivid return from death tales including the stories of a Tibetan housewife a lama a young noble woman and a Buddhist monk Cuevas argues that these narratives express ideas about death and the afterlife that held wide currency among all classes of faithful Buddhists in Tibet Relying on a diversity of traditional Tibetan sources Buddhist canonical scriptures scholastic textbooks ritual and meditation manuals and medical treatises in addition to the d lok works themselves Cuevas surveys a broad range of popular Tibetan Buddhist ideas about death and dying He explores beliefs about the vulnerability of the soul and its journey beyond death karmic retribution and the terrors of hell the nature of demons and demonic possession ghosts and reanimated corpses Cuevas argues that these extraordinary accounts exhibit flexibility between social and religious categories that are conventionally polarized and concludes that contrary to the accepted wisdom such rigid divisions as elite and folk monastic and lay religion are not sufficiently representative of traditional Tibetan Buddhism on the ground This study offers innovative perspectives on popular religion in Tibet and fills a gap in an important field of Tibetan literature

How to Be Compassionate His Holiness the Dalai Lama, 2011-03-01 Each one of us is responsible for all of humankind and for the environment in which we live We must seek to lessen the suffering of others Rather than working solely to acquire wealth we need to do something meaningful something seriously directed toward the welfare of humanity as a whole To do this you need to recognize that the whole world is part of you from How to Be Compassionate The surest path to true happiness lies in being intimately concerned with the welfare of others Or as His Holiness the Dalai Lama would say in compassion In How to Be Compassionate His Holiness reveals basic mistakes of attitude that lead us to inner turmoil and how we can correct them to achieve a better tomorrow He demonstrates precisely how opening our hearts and minds to other people is the best way to overcome the misguided ideas that are at the root of all our problems He shows us how compassion can be a continuous wellspring of happiness in our own lives and how our newfound happiness can extend outward from us in ever wider and wider circles As we become more compassionate human beings our friends family neighbors loved ones and even our enemies will find themselves less frequently in the thrall of destructive emotions like anger jealousy and fear prompting them to become more warmhearted kind and harmonious forces within their own circles With simple language and startling clarity His Holiness makes evident as never before that the path to global harmony begins in the hearts of individual women and men Enlivened by personal anecdotes and intimate accounts of the Dalai Lama's experiences as a student thinker political leader and Nobel Peace Prize Laureate How to Be Compassionate gives seekers of all faiths the keys to overcoming anger hatred and selfishness the primary obstacles to happiness and to becoming agents of

positive transformation in our communities and the world at large

Buddhist Ethics Jay L. Garfield, 2022 *Buddhist Ethics* presents an outline of Buddhist ethical thought It is not a defense of Buddhist approaches to ethics as opposed to any other nor is it a critique of the Western tradition Garfield presents a broad overview of a range of Buddhist approaches to the question of moral philosophy He draws on a variety of thinkers reflecting the great diversity of this 2500 year old tradition in philosophy but also the principles that tie them together In particular he engages with the literature that argues that Buddhist ethics is best understood as a species of virtue ethics and with those who argue that it is best understood as consequentialist Garfield argues that while there are important points of contact with these Western frameworks Buddhist ethics is distinctive and is a kind of moral phenomenology that is concerned with the ways in which we experience ourselves as agents and others as moral fellows With this framework Garfield explores the connections between Buddhist ethics and recent work in moral particularism such as that of Jonathan Dancy as well as the British and Scottish sentimentalist tradition represented by Hume and Smith

Bodhisattva Attitude Lama Zopa Rinpoche, 2012-01-01 This book comprises several motivations taught by Lama Zopa Rinpoche called bodhicitta motivations for life intended for us to use first thing every morning to generate the mind of bodhicitta and dedicate our life to numberless sentient beings The Bodhisattva Attitude is taken from the sutra teachings of the Buddha and is based on verses by the great bodhisattva Shantideva in his *Guide to the Bodhisattva Way of Life* The verses are meant to be recited each morning to remind us of how we are going to dedicate our lives to others We all understand the importance of motivation and attitude and how they affect the quality of our work and the result that can be achieved Rinpoche particularly emphasizes the need for us to have a very clear direction and purpose for life The real meaning of our lives is to bring both temporary and ultimate

happiness to all sentient beings and to do this we need to achieve enlightenment Enlightenment depends on first generating bodhicitta and training our minds in the bodhisattva attitude enables us to do that This book is drawn from Lama Zopa Rinpoche's essential teachings given from 2008 onward It is the first volume in LYWA's Heart Advice Series This book is made possible by kind supporters of the Archive who like you appreciate how we make these teachings available in so many ways including in our website for instant reading listening or downloading and as printed and electronic books Our website offers immediate access to thousands of pages of teachings and hundreds of audio recordings by some of the greatest lamas of our time Our photo gallery and our ever popular books are also freely accessible there Please help us increase our efforts to spread the Dharma for the happiness and benefit of all beings You can find out more about becoming a supporter of the Archive and see all we have to offer by visiting our website Thank you and please enjoy this ebook *Bodhichitta* Lama Zopa Rinpoche, Rinpoche Thubten Zopa, 2019-05-21 Lama Zopa Rinpoche a prominent Tibetan Buddhist teacher explains the philosophy and practice of Bodhichitta the aspiration to help all beings reach enlightenment Meditation instructions are included *Perseverance* Lama Zopa Rinpoche, 2024-01-23 Dive deep into perseverance one of the core practices of the bodhisattvas with beloved teacher Lama Zopa Rinpoche as a guide Awakening depends on fortitude because without fortitude there is no merit as there is no movement without wind Shantideva Guide to the Bodhisattva's Way of Life Perseverance or virya is also translated as energy fortitude or vigor One of the six perfections or paramitas it is one of the trainings of the bodhisattvas and a deeply necessary quality for the Buddhist path But it's far from the kind of head down stubborn determination the name could imply instead it's joyful energy that enables us to practice Rinpoche's commentary is structured around the fifth and seventh chapters of the beloved Guide to the Bodhisattva's Way of Life by the eighth century philosopher poet Shantideva Interweaving his teaching with Shantideva's verses Rinpoche elucidates this prerequisite for enlightenment explaining what it is and how to cultivate it guard your mind gather virtue work for others and find incredible joy in these things When we have perseverance we will have no obstacles which means obstacles to any happiness especially to ultimate happiness the freedom from the oceans of samsaric suffering and most importantly to peerless happiness the state of the omniscience that is enlightenment Lama Zopa Rinpoche *Steps on the Path to Enlightenment* Lhundub Sopa, 2004 The third volume of Steps on the Path to Enlightenment Geshe Sopa's commentary on Tsongkhapa's Lamrim Chenmo introduces the reader to the path of the bodhisattvas The volume begins with an explanation of what distinguishes the Mahayana practitioner from all other Buddhists bodhicitta the desire to attain enlightenment in order to benefit other sentient beings The nature of bodhicitta an essential practice for persons of great spiritual capacity is described in depth and Geshe Sopa then provides a detailed contemporary commentary on the two methods to develop this attitude the sevenfold cause and effect personal instructions based on the teachings of the lineage descended from Atisa and the training to exchange self and other based on Santideva's Engaging in the Bodhisattva's Deeds Bodhicitta is an incredibly important

attitude but the attitude alone is not enough to attain enlightenment a practitioner must perform actions motivated by bodhicitta in other words the six bodhisattva perfections After a general introduction this volume contains a detailed explanation of the first four perfections generosity ethical discipline patience and joyful perseverance Here we find only a brief summary of the final two perfections meditative stabilization and wisdom to prepare the reader for the detailed discussion of these topics in the last two volumes of the series To tie all these practices together the volume concludes with an explanation of how Mahayana practitioners help others to mature spiritually the four ways to gather disciples

Illuminating the Path to Enlightenment His Holiness the Dalai Lama, 2011-01-01 About one thousand years ago the great Indian pandit and yogi Dipamkara Shrijnana Atisha was invited to Tibet to re establish the Buddhadharma which had been suppressed and corrupted for almost two centuries One of Atisha s main accomplishments in Tibet was his writing of the seminal text A Lamp for the Path to Enlightenment in which he extracted the essence of all 84 000 teachings of the Buddha and organized them into a clear step like arrangement that makes it easy for any individual practitioner to understand and practice the Dharma This genre of teachings is known as lam rim or steps of the path and forms an essential part of every school of Tibetan Buddhism In this book His Holiness the Dalai Lama gives a commentary to not only Atisha s revolutionary work but also to Lines of Experience a short text written by Lama Tsongkhapa who was perhaps the greatest of all Tibetan lam rim authors In bringing together Atisha Lama Tsongkhapa and His Holiness the Dalai Lama this book offers readers one of the clearest and most authoritative expositions of the Tibetan Buddhist path ever published and it is recommended for those at the beginning of the path the middle and the end This book is made possible by kind supporters of the Archive who like you appreciate how we make these teachings freely available in so many ways including in our website for instant reading listening or downloading and as printed and electronic books Our website offers immediate access to thousands of pages of teachings and hundreds of audio recordings by some of the greatest lamas of our time Our photo gallery and our ever popular books are also freely accessible there Please help us increase our efforts to spread the Dharma for the happiness and benefit of all beings You can find out more about becoming a supporter of the Archive and see all we have to offer by visiting our website Thank you so much and please enjoy this book

context introducing new ways of thinking about these highly controversial issues Indian Buddhist Philosophy Amber Carpenter, 2014-09-03 Organised in broadly chronological terms this book presents the philosophical arguments of the great Indian Buddhist philosophers of the fifth century BCE to the eighth century CE Each chapter examines their core ethical metaphysical and epistemological views as well as the distinctive area of Buddhist ethics that we call today moral psychology Throughout this book follows three key themes that both tie the tradition together and are the focus for most critical dialogue the idea of anatman or no self the appearance reality distinction and the moral aim or ideal Indian Buddhist philosophy is shown to be a remarkably rich tradition that deserves much wider engagement from European philosophy Carpenter shows that while we should recognise the differences and distances between Indian and European philosophy its driving questions and key conceptions we must resist the temptation to find in Indian Buddhist philosophy some Other something foreign self contained and quite detached from anything familiar Indian Buddhism is shown to be a way of looking at the world that shares many of the features of European philosophy and considers themes central to philosophy understood in the European tradition **The Meaning of Life** Jeffrey Hopkins, 2011-07 Each of us struggles with the existential questions of meaning purpose and responsibility In The Meaning of Life the Dalai Lama examines these questions from the Buddhist perspective skillfully guiding us to a clearer understanding that can li
