Buddhist Emptiness And Christian Trinity Essays And Explorations:

Buddhist Emptiness and Christian Trinity Roger Corless, Paul F. Knitter, 1990 Six essays examine areas of convergence and difference between Buddhist emptiness Shunyata and Christianity's Trinity to show how the Buddhist Christian dialogue goes beyond mutual understanding to mutual transformation **No Other Gods** H. M. Vroom, 1996 Christianity is no longer the dominant belief system in today's pluralistic culture Eastern religions especially have attracted wide interest Pressing the theological and dialogical dimensions of religious pluralism Vroom offers a broad study of the views of Christianity Buddhism Hinduism and Islam especially their views on truth **The Routledge Handbook of Buddhist-Christian Studies** Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history **Buddhist and Christian?** Rose Drew, 2013-07-03 This is a detailed exploration of Buddhist Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well known individuals in the vanguard of this important and growing phenomenon The issue is pressing insofar the last century has witnessed a gradual but profound transformation of the West's religious landscape In today's context of diversity people are often influenced by more than one religion Multireligious identities are consequently on the rise At one end of the spectrum are those who identify themselves as fully belonging to more than one tradition One of the most prevalent combinations is Christianity and Buddhism This book addresses central and fundamental questions How is it possible to be authentically Buddhist and authentically Christian when for example God is central to Christianity yet absent from Buddhism when Christians have faith in Jesus Christ while Buddhists take refuge in the Buddha when Christians hope for heaven and Buddhists hope for nirvana and when Buddhists and Christians engage in different practices Are those who identify themselves as belonging to both traditions profoundly irrational religiously schizophrenic or perhaps just spiritually superficial Or is it possible somehow to reconcile the thought

and practice of Buddhism and Christianity in such a way that one can be deeply committed to both And if it is possible will the influence of Buddhist Christians on each of these traditions be something to be regretted or celebrated

Pneumatology and the Christian-Buddhist Dialogue Amos Yong,2012-07-26 This project at the interface of Buddhist Christian studies comparative theology and Christian systematic theology proceeds by way of exploring questions related to the presence and activity of the Holy Spirit in a 21st century world of many faiths *Sharing Jesus Holistically with the Buddhist World* David S. Lim,Steve Spaulding,2005 This book contains the works of a group of Evangelical mission reflective practitioners who are committed to developing ways to evangelize the Buddhist peoples of the world As various forms of Buddhism gain popularity this network tries to disclose creative approaches to reach them with the gospel communicated in culturally sensitive ways and with transformational impact The five major dimensions of a holistic witness among Buddhist peoples discussed in this book are experiential dialogue intellectual dialogue biblical exposition cultural sensitivity and economic development We invite readers to gain access to the first volume *Sharing Jesus in the Buddhist World* which consists of nine papers that provide the framework and some concrete models of cultural sensitive contextualized witness to peoples of Buddhist faith It will serve as a rich resource for those concerned with the issues raised in this book The Cosmic Breath Amos Yong,2012-05-10 The interjection of pneumatology in both theologies of interreligious dialogue and in the theology and science conversation comes together in this volume The resulting Christianity Buddhism science dialogue opens up to new pneumatological perspectives on philosophical cosmology and anthropology in interdisciplinary and global context The Mystic Heart Wayne Teasdale,2010-10-06 Drawing on experience as an interreligious monk Brother Wayne Teasdale reveals the power of spirituality and its practical elements He combines a profound Christian faith with an intimate understanding of ancient religious traditions **"True and Holy"** Leo Lefebure,2014-04-10 When believers read the sacred texts of other religions through a hermeneutic of hostility the consequences can be deadly Christian history shows that the Bible is no exception In recent decades however many Christian traditions have radically refashioned their approach to other religious traditions and to biblical interpretation This new hermeneutics of generosity seeks to uncover what can be learned from other holy texts and the communities that treasure them and also seeks to find common ground on important issues such as human rights and religious liberty Lefebure offers Christian readings of Jewish Muslim Hindu and Buddhist holy texts that suggest new bases for friendship and understanding Noting the challenges and tensions in the relationship between Christians and these four other religious communities he also examines the specific issues involved in interpreting the Christian Bible in interreligious dialogue He concludes with a reflection on the experience of conversion in light of the theology of Bernard Lonergan and the mimesis theory of Rene Girard *Zen Pathways* Bret W. Davis,2022 This book offers an in depth introduction to the philosophy and practice of Zen Buddhism Bret Davis explores the philosophical implications of Zen teachings and koans comparing and contrasting these with other Asian as well as Western religions and philosophies He

Christianity and the Question of Creation Perry Schmidt-Leukel, 2016-12-05 Is the world created by a divine creator Or is it the constant product of karmic forces The issue of creation was at the heart of the classic controversies between Buddhism and Hindu Theism In modern times it can be found at the centre of many polemical debates between Buddhism and Christianity Is this the principal barrier that separates Buddhism from Christianity and other theistic religions The contributions to Part One explore the various aspects of traditional and contemporary Buddhist objections against the idea of a divine creator as well as Christian possibilities to meet the Buddhist critique Part Two asks for the potential truth on both sides and suggests a surprising way that the barrier might be overcome This opens a new round of philosophical and theological dialogue between these two major traditions with challenging insights for both Contributors Jos I Cabeza n John P Keenan Armin Kreiner Aasulv Lande John D Arcy May Eva K Neumaier Perry Schmidt Leukel Ernst Steinkellner **After**

Heaven Robert Wuthnow, 2023-04-28 The evolution of American spirituality over the past fifty years is the subject of Robert Wuthnow s engrossing new book Wuthnow uses in depth interviews and a broad range of resource materials to show how Americans from teenagers to senior citizens define their spiritual journeys His findings are a telling reflection of the changes in beliefs and lifestyles that have occurred throughout the United States in recent decades Wuthnow reconstructs the social and cultural reasons for an emphasis on a spirituality of dwelling houses of worship denominations neighborhoods during the 1950s Then in the 1960s a spirituality of seeking began to emerge leading individuals to go beyond established religious institutions In subsequent chapters Wuthnow examines attempts to reassert spiritual discipline encounters with the sacred such as angels and near death experiences and the development of the inner self His final chapter discusses a spirituality of practice an alternative for people who are uncomfortable within a single religious community and who want more than a spirituality of endless seeking The diversity of contemporary American spirituality comes through in the voices of the interviewees Christians Jews Buddhists Muslims Hindus and Native Americans are included as are followers of occult practices New Age religions and other eclectic groups Wuthnow also notes how politicized spirituality evangelical movements and resources such as Twelve Step programs and mental health therapy influence definitions of religious life

today Wuthnow's landmark book *The Restructuring of American Religion* 1988 documented the changes in institutional religion in the United States now *After Heaven* explains the changes in personal spirituality that have come to shape our religious life Moreover it is a compelling and insightful guide to understanding American culture at century's end This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 The evolution of American spirituality over the past fifty years is the subject of Robert Wuthnow's engrossing new book Wuthnow uses in depth interviews and a broad range of resource materials to show how Americans from teenagers to senior citizens def

Buddhist-Christian Dialogue as Theological Exchange Ernest M.

Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections
