Buddhist Texts Graham Lock, Gary S. Linebarger, 2018-02-19 The influence of Buddhism on the Chinese language on Chinese literature and on Chinese culture in general cannot be overstated and the language of most Chinese Buddhist texts differs considerably from both Classical and Modern Chinese This reader aims to help students develop familiarity with features of Buddhist texts in Chinese including patterns of organization grammatical features and specialized vocabulary It also aims to familiarize students with the use of a range of resources necessary for becoming independent readers of such texts Chinese Buddhist Texts is suitable for students who have completed the equivalent of at least one year s college level study of Modern Chinese and are familiar with roughly one thousand of the commonest Chinese characters Previous study of Classical Chinese would be an advantage but is not assumed It is an ideal textbook for students taking relevant courses in Chinese studies programs and in Buddhist studies programs However it is also possible for a student to work through the reader on his or her own Further online resources are available at lockgraham.com *A Buddhist's Shakespeare* James Howe, 1994 The essential Buddhist perspective Howe argues is that reality lacks the solidity which we habitually assume it has and that therefore the appropriate attitude toward life is to play it as we would a game with unusual seriousness for itself rather than for any ulterior motive even that of investing it with meaning Howe also demonstrates that the real subject of representational art is always just itself The significance of such art depends upon the concession that it has no significance In the same way it is precisely the self deconstructive nature of Shakespeare s plays which makes their Buddhist like affirmative positions visible

BOOK JACKET **Reading Du Fu** Xiaofei Tian, 2020-06-23 This is the first collection of essays in English contributed by well known experts of Chinese literature as well as scholars of a younger generation dedicated to the poetry of Du Fu commonly regarded as the greatest Chinese poet These essays are engaged in historically nuanced close reading of Du Fu s poems both canonical and less known from new angles and in various contexts and discuss a series of critical issues including the local and the imperial the body politic and the individual body poetry and geography perspectives on the complicated relation of religion and literature materiality and contemporary reception of Du Fu poetry and visual art and tradition and modernity Many of the poems discussed in this book were written in the backwater town of Kuizhou far from Du Fu s earlier residence in the capital city Chang an at a time when the Tang dynasty was going through devastating

social and political disturbances The authors contend that Du Fu's isolation from the elite literary establishments allowed him to become a pioneer who introduced a new order to the Chinese poetic discourse However his attention to details in everyday reality his preoccupation with domestic life and the larger issues embroiled in it his humor and his ability to surprise tend to be obscured by the clichéd image of the poet sage and poet historian an image this collection of essays successfully complicates The scholarship that went into this collection of essays is extremely solid and fills an important gap in the study of China's greatest poet Du Fu The convincing and compelling collection of articles from distinguished scholars rereads Du Fu from fresh and different perspectives and informs the reader about the amazing power of intertextuality Kang I Sun Chang Yale University This rich and multilayered collection of essays about Du Fu all written by major scholars presents research of the highest quality and originality that succeeds most impressively in enriching and deepening our knowledge and appreciation of this great poet This volume has the potential to engender a new stage of Du Fu studies Antje Richter University of Colorado Boulder
