Pioneers, 1850-1870 Peter Morris, William J. Ryczek, Jan Finkel, 2014-01-10 By 1871 the popularity of baseball had spread so thoroughly across America that one writer observed, "It is as much our national game as cricket is that of the English." While major league teams and athletes that played after this prophetic statement was made have been exhaustively documented and analyzed, those that led the game during its pioneer phase from 1850 to 1870 have received relatively little attention. In this welcome work, leading historians of early baseball provide profiles of more than fifty clubs and their players from legendary teams such as the Red Stockings of Cincinnati and the Nationals of Washington to forgotten nines like the Peconia Illinois Base Ball Club and the Morning Star Club of St. Louis. Engaging narratives bring these long ago clubs back to life, stimulating more research on this fascinating era and creating a standard reference source for all who study America's national pastime. *Ins and Outs of Buffalo, the Queen City of the Lakes*, 1899

Creating Reading Rainbow Barbara Irwin, Tony Buttino, Pam Johnson, 2024-06-18 Reading Rainbow is one of the most successful PBS children's series in television history, earning numerous national and international awards, including 26 Emmys and a Peabody Award. But perhaps more important than anything else, Reading Rainbow helped generations of children cultivate a love for books. Reading Rainbow is very much a story of humble beginnings and enormous perseverance. Over five summers, Tony Buttino Sr. and his colleagues at WNED-TV, the public television station in Buffalo, New York, worked in collaboration with educators and librarians to experiment with summer reading programs. But after trialing these programs, the WNED team realized there was a big need for a new children's literacy series and believed they could create a new show with local and national collaborators and friends. After fits and starts and enough twists and turns to fill a children's book, Reading Rainbow premiered in the summer of 1983 and captured the attention of 6.5 million young viewers. Creating Reading Rainbow explores the many intriguing and homespun stories that when woven together reveal how this groundbreaking and iconic television series came to be. What led to the series being called Reading Rainbow? How did the road to Reading Rainbow wind

its way through Mister Rogers Neighborhood How did a public television station in Buffalo spearhead a movement in education and spark the passion for reading in millions of children And what does lasagna have to do with it
