Buford The Little Big Horn:

Buford the Little Bighorn ,1968 The story of an awkward and scrawny mountain sheep with oversized horns who escapes the hunters to become the sensation of a ski resort A Life Cut Short at the Little Big Horn Todd E. Harburn,2023-02-23 Of the three physicians at the Battle of the Little Big Horn Doctor George Edwin Lord 1846-76 was the lone commissioned medical officer an assistant surgeon with the United States Army's 7th Cavalry one more soldier caught up in the U S government's efforts to fulfill what many people believed was the young country's Manifest Destiny A Life Cut Short at the Little Big Horn tells Lord's story for the first time Notable for its unique angle on Custer's last stand and for its depiction of frontier era medicine the book is above all a compelling portrait of the making of an army medical professional in mid nineteenth century America Drawing on newly discovered documents Todd E Harburn describes Lord's education and training at Bowdoin College in Maine and the Chicago Medical College detailing what the study of medicine entailed at the time for a young man of promise held in universal esteem Lord's time as a contract physician with the army took him in 1874 to the U S Northern Boundary Survey From there Harburn recounts how after a failed romance and the rigors of the U S Army Medical Board examination the young doctor proceeded to his first and only appointment as a post surgeon at Fort Buford in Dakota Territory What followed of course was Lord's service and his death in the Little Big Horn campaign which this book shows us for the first time from the unique perspective of the surgeon A portrait of a singular figure in the milieu of the American military's nineteenth century medical elite A Life Cut Short at the Little Big Horn offers a close look at a familiar chapter in U S history and a reminder of the humanity lost in a battle that resonates to this day *The Godfrey Diary of the Battle of the Little Bighorn* Lieutenant Edward Settle Godfrey,2014-10-20 REVISED WITH EXPANDED ANNOTATIONS IN 2021 Edward Settle Godfrey kept a diary of his time in General Custer's regiment during the fateful summer of 1876 Here you can read the entire diary from May to September along with Godfrey's 1892 Century Magazine article about the fight Lieutenant Edward Settle Godfrey was commander of K Company of the 7th Cavalry in the battalion of Captain Frederick Benteen Godfrey was a central figure in the Reno-Benteen defense over the 25th and 26th of June 1876 The diary reveals anecdotes and observations of General Custer's mood and behavior before the fight on June 25th as well as the desperate story of survival experienced by the battalions under Reno and Benteen It also contains fascinating details about how the cavalry moved camped and relaxed during the days leading up to the fight Exciting gossipy funny and fascinating every scholar and student of the Last Stand will find this engrossing In 1892 then Captain Godfrey wrote what became a very famous and widely read article for Century Magazine about the Battle of the Little Bighorn Both of these documents are cited by most serious Custer books Be sure to LOOK INSIDE by clicking the cover above or download a sample **Deliverance from the Little Big Horn** Joan Nabseth Stevenson,2012-10-29 Of the three surgeons who accompanied Custer's Seventh Cavalry on June 25 1876 only the youngest twenty eight year old Henry Porter survived that

day's ordeal riding through a gauntlet of Indian attackers and up the steep bluffs to Major Marcus Reno's hilltop position. But the story of Dr. Porter's wartime exploits goes far beyond the battle itself. In this compelling narrative of military endurance and medical ingenuity, Joan Nabseth Stevenson opens a new window on the Battle of the Little Big Horn by re-creating the desperate struggle for survival during the fight and in its wake. As Stevenson recounts in gripping detail, Porter's life-saving work on the battlefield began immediately as he assumed the care of nearly sixty soldiers and two Indian scouts attending to wounds and performing surgeries and amputations. He evacuated the critically wounded soldiers on mules and hand litters, embarking on a hazardous trek of fifteen miles that required two river crossings, the scaling of a steep cliff, and a treacherous descent into the safety of the steamboat *Far West* waiting at the mouth of the Little Big Horn River. There began a harrowing 700-mile journey along the Yellowstone and Missouri Rivers to the post hospital at Fort Abraham Lincoln near Bismarck, Dakota Territory. With its new insights into the role and function of the army medical corps and the evolution of battlefield medicine, this unusual book will take its place both as a contribution to the history of the Great Sioux War and alongside such vivid historical novels as *Son of the Morning Star* and *Little Big Man*. It will also ensure that the selfless deeds of a lone contract surgeon unrecognized to this day by the U.S. government will never be forgotten.

Custer and the Battle of the Little Bighorn Thom Hatch, 2000-11-19 Every aspect of the career of General George Armstrong Custer and the Battle of the Little Bighorn is covered here. The people around Custer and his native American counterparts are detailed, as are related military campaigns, battles, historical events, equipment, and terminology. There are also entries on Plains Indian culture and customs, artists, and artwork, movies, and other subjects associated with the battle. Following the entries is a listing of suggested sources for further research.

Custer, the Seventh Cavalry, and the Little Big Horn Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn, fascination with the battle and with Lieutenant George Armstrong Custer has never ceased. Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time. This two-volume bibliography of Custer literature is the first to be published in some twenty-five years and the most complete ever assembled. Drawing on years of research, Michael O'Keefe has compiled entries for roughly 3,000 books and 7,000 articles and pamphlets. Covering both nonfiction and fiction but not juvenile literature, the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890. Included within this span are Custer's experiences in the Civil War and in Texas, the 1873 Yellowstone and 1874 Black Hills expeditions, the Great Sioux War of 1876-77, and the Seventh Cavalry's pursuit of the Nez Percés in 1877. The literature on Custer, the Battle of the Little Big Horn, and the Seventh Cavalry touches the entire American saga of exploration, conflict, and settlement in the West, including virtually all Plains Indian tribes, the frontier army, railroading, mining, and trading. Hence, this bibliography will be a valuable resource for a broad audience of historians, librarians, collectors, and Custer enthusiasts.
