False Idols: How Diversion is Destroying Democracy Kurt Warner, 2025-01-07 The ancient Roman poet and satirist Juvenal stated that people were distracted by bread and circuses rather than engaged in their civic duty Juvenal argued these bread and circuses or basic needs and entertainment consumed the thoughts and lives of the average Roman no matter what was happening in the Republic around them The powerful political forces in society used many different forms of distraction to enable them to do what they wanted unimpeded by the masses False Idols How Diversion Is Destroying Democracy picks up where Juvenal left off The book is a journey through contemporary America and it illustrates how the concept of bread and circuses is as powerful and as relevant now as it was in the days of ancient Rome It examines the deliberate distractions that are created by the cultivation of false idols The distractions include the adoration of celebrities and parasocial interactions the economic culture and the implicit belief systems contained within it sports and the adoration of athletes the political system and structure the art music and literature we spend our time listening to and watching the internet and social media that occupies so much of our time and the video games that occupy the minds and much of the lives of so many people As long as everybody is chasing and distracted by these bread and circuses they are willfully negligent to the goings on in the very fabric of the social network that is of our society government and country The more negligent they become the more the democracy continues withering and dying This book systemically deconstructs a modern society that seems designed to

Philosophy History Sophistry Dennis A. Rohatyn, 1997 Post modernism believes in nothing not even unbelief Hence it is a genial version of nihilism and the flip side of despair Like skepticism from which it descends it is healthy insofar as it rejects all dogmas but unhealthy insofar as it substitutes its own while eating its own essence This book diagnoses this disease and offers irony as its cure What failure of nerve did to Hellenism strength of character must do for the decline of the best Humor laughter and detachment are the gifts of historical art and of Socratic science As we take refuge in the myth of truth we must realize that there is no truth in myth and no comfort in illusion except the lie of immortality *The Ladies' Repository* ,1871
