Building In The Margins Of Shacks The Vision And Projects For Habitats And Humanity:

Building in the Margins of Shacks Ananta Kumar Giri, 2002 This Unusual Study Combines Anthropology And Theories Of Global Transformations In Novel And Creative Ways The Author Describes The Global Work Of Habitat For Humanity A U S Based Transnational Socio Religious Movement It Describes How Habitat Builds In The Margins Of Shacks In Communities In The U S A And In India One Of More Than Fifty Countries Around The Globe Where This Movement Is At Work This Book Is A Significant Contribution To The Study Of Religion Social Movements And Globalization *Dying Empire* Francis Shor, 2009-12-04 Opposing US imperialism and global domination Shor combines academic and activist perspectives to propose a utopian vision for theoretically and practically realizing another world Knowledge and Human Liberation Ananta Kumar Giri, 2014-11-01 Human liberation has become an epochal challenge in today s world requiring not only emancipation from oppressive structures but also from the oppressive self It is a multidimensional struggle and aspiration in which knowledge self social and spiritual can play a transformative role Knowledge and Human Liberation Towards Planetary Realizations undertakes such a journey of transformation and seeks to rethink knowledge vis vis the familiar themes of human interest critical theory enlightenment ethnography democracy pluralism rationality secularism and cosmopolitanism The volume also features a Foreword by John Clammer United Nations University Tokyo and an Afterword by Fred Dallmayr University of Notre Dame Faith Based Jason Hackworth, 2012-06-01 Faith Based explores how the Religious Right has supported neoliberalism in the United States bringing a particular focus to welfare an arena where conservative Protestant politics and neoliberal economic ideas come together most clearly Through case studies of gospel rescue missions Habitat for Humanity and religious charities in post Katrina New Orleans Jason Hackworth describes both the theory and practice of faith based welfare revealing fundamental tensions between the religious and economic wings of the conservative movement Hackworth begins by tracing the fusion of evangelical religious conservatism and promarket antigovernment activism which resulted in what he calls religious neoliberalism He argues that neoliberalism the ideological sanctification of private property the individual and antistatist politics has rarely been popular enough on its own to promote wide change Rather neoliberals gain the most traction when they align their efforts with other discourses and ideas The promotion of faith based alternatives to welfare is a classic case of coalition building on the Right Evangelicals get to provide social services in line with Biblical tenets while opponents of big government chip away at the public safety net Though religious neoliberalism is most closely associated with George W Bush s Office of Faith Based and Neighborhood Partnerships the idea predates Bush and continues to hold sway in the Obama administration Despite its success however Hackworth contends that religious neoliberalism remains an uneasy alliance a fusion that has been tested and frayed by recent events **Practical Spirituality and Human Development** Ananta Kumar Giri, 2018-09-28 This book explores varieties of spiritual movements and alternative experiments for generation of beauty dignity and dialogues in a world where the rise of the religious in

politics and the public sphere is often accompanied by violence It examines how spirituality can contribute to human development social transformations and planetary realizations urging us to treat each other and our planet with evolutionary care and respect Trans disciplinary and trans paradigmatic to its very core this text opens new pathways of practical spirituality and humanistic action for both scholarship and discourse and offers an invaluable companion for scholars across religious studies cultural studies and development studies The Oxford Handbook of Christianity in Asia Felix Wilfred, 2014 Named by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies Despite the ongoing global expansion of Christianity there remains a lack of comprehensive scholarship on its development in Asia This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions including worship theology spirituality inter religious relations interventions in society and mission The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia They analyze how the growth of Christian beliefs throughout the continent is linked with the socio political and cultural processes of colonization decolonization modernization democratization identity construction of social groups and various social movements With a particular focus on inter religious encounters and emerging theological and spiritual paradigms the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity within Asia *Science, Spirituality and the Modernization of India* Makarand R. Paranjape, 2009-04-01 Spirituality played a key role in the construction of Indian modernity While science has certainly been an agent of modernization in India and other non Western countries what makes Indian modernity somewhat special is that spiritual leaders have also been instrumental in the process Moreover leading Indian scientists and spiritualists have recognized the immense potential for dialogue between the two disciplines Post colonial India with its ready access to a holistic spirituality and significant achievements in science and technology is a fertile site for such a dialogue Each of the book s four sections addresses specific themes 1 The tension not just between science and spirituality but also between the East and West 2 how some key figures in India became carriers of modern consciousness and explored the relationship between science and spirituality in the very process of trying to reform their society 3 significant areas of research in which science and spirituality are both deeply implicated and 4 the relationship of both scientific and spiritual practice with gender and social justice Language, Mind and Reality Ranjan Kumar Panda, 2016-02-02 The essays in this book delve into the central theme of R C Pradhan s philosophy in particular and the issues in analytic philosophy in general In analytic tradition Professor Pradhan s research has been extensively in the area of Wittgenstein s philosophy philosophy of language and philosophy of mind While philosophizing the notion of language and mind Pradhan explores the complexities of the web of life For him language neatly binds several aspects of life the cultural moral religious and scientific The mind however represents the inner world of human experience that involves multiple dimensions of consciousness the bodily the

vital the mental and the spiritual consciousness Considering the broad spectrum of Pradhan s works the contributions in this book reflect mainly on the issues concerning the nature of metaphysics mind meaning truth and values Language Mind and Reality in this regard is a study on the contemporary trends in analytic philosophy **Contemporary Issues in**

Philosophy, Culture, and Value Bhaskar Bhattacharyya,2024-01-15 This book presents an analysis of the contemporary issues of philosophy culture and value It provides insights from both Eastern and Western perspectives on these concepts showing that although there are divergent views on these aspects in those traditions there is ultimately commonality in their considerations of the aspects of harmony peace and unity which both traditions emphatically emphasise through cultural dialogue A Moral Critique of Development Anta Kumar Giri,Philip Quarles van Ufford,2003-12-08 Recent critiques of international development practice affecting aid organizations such as Oxfam Action Aid and the Red Cross have attacked the motives of those heading the machine of development suggesting that it is in reality just too politically complex for good ever to come of it But despite the genuine need for a critical appraisal of development work the anti development backlash would appear to result in a moral dilemma Should we try to help countries and people in need or refuse potentially corrupt or harmful involvement This book comments on how international development might once again become a visionary project With perspectives from workers in the development industry it draws lessons from actual projects to propose a theory of emergent ethics that local moral responses to specific projects must form the basis of a way forward **Life in Crisis** Peter Redfield,2013-02-25 Life in Crisis tells the story of M decins Sans Fronti res Doctors Without Borders or MSF and its effort to save lives on a global scale Begun in 1971 as a French alternative to the Red Cross the MSF has grown into an international institution with a reputation for outspoken protest as well as technical efficiency It has also expanded beyond emergency response providing for a wider range of endeavors including AIDS care Yet its seemingly simple ethical goal proves deeply complex in practice MSF continually faces the problem of defining its own limits Its minimalist form of care recalls the promise of state welfare but without political resolution or a sense of well being beyond health and survival Lacking utopian certainty the group struggles when the moral clarity of crisis fades Nevertheless it continues to take action and innovate Its organizational history illustrates both the logic and the tensions of casting humanitarian medicine into a leading role in international affairs **In the Presence of Sai Baba** Smriti Srinivas,2008-01-31 The Sai Baba movement centered on the Indian guru Sathya Sai Baba b 1926 today attracts a global following from Japan to South Africa Regarded as a divine incarnation Sathya Sai Baba traces his genealogy to Shirdi Sai Baba d 1918 a mendicant in colonial India identified with various Sufi and devotional genealogies The movement thus has roots in Shirdi Sai Baba but as it globalizes it has developed conjunctions with other religious traditions New Religious movements and New Age ideas This book offers an account of the Sai Baba movement as a pathway for charting the varied cartographies sensory formations and cultural memories implicated in urbanization and globalization It traverses the terrain between social theories for the study of religion and cities

themselves a product of modernity and the radical creative and unexpected modernity of contemporary religious movements It is based on ethnographic research carried out in India Kenya and the US Sociological Bulletin Indian Sociological Society,2004 Cultivating Integral Development Ananta Kumar Giri,2023-12-18 This book cultivates visions and practices of integral development of the self society and the world It builds upon deconstructions of development discourse and practice and strives to reconstruct and reconstitutes it as integral development It addresses entrenched dualisms in development studies and practices such as between the self and the other the providers of development and its recipients materialism and spirituality and cultivates pathways of integral development The book explores the many challenges facing development studies and practice such as poverty creativity political economy moral economy leadership sustainable development and evolutionary flourishing It also opens the discourse and practice of development to cross cultural dialogues by undertaking discussions between Euro centric approaches to development and other visions and practices of development such as Purusartha Swadhyaya Sarvodaya integral yoga and Lokasasamgraha from Indic traditions Drawing on multiple cultural and philosophical resources and traditions Cultivating Integral Development is a pioneering work and will be of great interest to scholars researchers and actors of development studies political science and philosophy as well as concerned human beings around the world **Environment & Planning** ,2009 **The Rule of Law History, Theory and Criticism** Pietro Costa,Danilo Zolo,2007-05-06 Authors Costa and Zolo share the conviction that a proper understanding of the rule of law today requires reference to a global problematic horizon This book offers some relevant guides for orienting the reader through a political and legal debate where the rule of law and the doctrine of human rights is a concept both controversial and significant at the national and international levels **Man in India** Sarat Chandra Roy (Rai Bahadur),2003 **ICSSR Journal of Abstracts and Reviews** Indian Council of Social Science Research,2004 **Gandhi and the World** Debidatta Aurobinda Mahapatra,Yashwant Pathak,2018-06-20 The book revisits Gandhi in this era of turbulence As rigidly held notions and practices fall to pieces and as mechanisms of violence and politicking fail Gandhi comes to picture If Gandhi could change the course of history there must be elements in his thought and action which need re examination for the benefit of human society This collection of essays seeks to address the question Is it possible to generate Gandhian optimism and faith in truth and nonviolence in the contemporary world It argues that there is a need for sustained efforts to make an in depth study of Gandhian principles to address global problems The book is a useful addition to the literature in political science and international relations economics history sociology conflict and peace studies and a guide for the advocates of peaceful means of conflict resolution Odisha ,2012
