Building Of Cultures:

The Building of Cultures Roland Burrage Dixon, 2013-09 Handbook on Building Cultures of Peace Joseph de Rivera, 2008-11-28 Mediation and negotiation personal transformation non violent struggle in the community and the world these behaviors and their underlying values underpin the United Nations definition of a culture of peace and are crucial to the creation of such a culture The Handbook on Building Cultures of Peace addresses this complex and daunting task by presenting an accessible blueprint for this development Its perspectives are international and interdisciplinary involving the developing as well as the developed world with illustrations of states and citizens using peace based values to create progress on the individual community national and global levels The result is both realistic and visionary a prescription for a secure future

Building Cultures of Trust Martin E. Marty, 2010-08-17 In Building Cultures of Trust Martin Marty proposes ways to improve the conditions for trust at what might be called the grassroots level He suggests that it makes a difference if citizens put energy into inventing developing and encouraging cultures of trust in all areas of life families schools neighborhoods workplaces and churches Marty acknowledges that the reality of human nature tends toward trust breaking not trust building all the more reason he argues to develop strategies to bring about improvements incrementally one small step at a time from publisher description

Building Cultures of Peace Randall Amster, Elavie Ndura-Ouédraogo, 2020-07-13 From violence and abuse within family units to communities and regions torn apart by inter group conflict and wars among nations the human condition is rife with turmoil The consequences of this seemingly perpetual strife weigh heavily on humanity often creating feelings of powerlessness and hopelessness that only serve to breed more conflict and violence In the face of these monumental challenges initiatives for peace struggle to take root Seeking effective ways to encourage these efforts the United Nations adopted three declarations on the eve of the 21st century including the Declaration on a Culture of Peace that broadly defines what the vision looks like and the actions necessary to build cultures of peace Taking up this central challenge of our time this volume of collected essays presents multiple perspectives on the critical issues of peace and conflict resolution that pervade the globe addressing the UN s charge to develop values attitudes modes of behavior and ways of life conducive to the promotion of peace among individuals groups and nations Bringing together scholars and practitioners from fields including education sociology criminology political science and peace studies this work constructively engages the task of creating peace and fostering hope in a conflict ridden world

Pedagogies for Building Cultures of Peace Catherine Baillie Abidi, 2018-09-06 Pedagogies for Building Cultures of Peace explores how normalizations of violence are constructed from the perspective of young adults and how pedagogies can be created toward building cultures of peace Findings show the diverse ways in which enmity or the dehumanized other is constructed including through socialization processes associating difference as deficient systems of exclusion disengaged citizenship and cultures of competition and rivalry Results also show how critical adult education can

reveal hidden forms of power embedded within normalizations of violence creating opportunities for peacebuilding education By collaboratively engaging in peace research with youth and by explicitly exploring power as a central component of violence transformation and peacebuilding education led by youth become imaginable **The Culture of Building** Howard Davis, 2006-05-12 The Culture of Building describes how the built world including the vast number of buildings that are the settings for peoples everyday lives is the product of building cultures complex systems of people relationships building types techniques and habits in which design and building are anchored These cultures include builders bankers architects developers clients contractors craftspeople building inspectors planners and many others The product of these cultures which operate building after building is the built world of cities and settlements In this book Howard Davis uses historical contemporary and cross cultural examples to describe the nature and influence of these cultures He shows how building cultures reflect the general cultures in which they exist how they have changed over history how they affect the form of buildings and cities and how present building cultures which are responsible for the contemporary everyday environments may be improved Following the development of the idea of building cultures using several historical examples the book lays out a framework that puts such topics as craft and professionalism the vernacular and nonvernacular and design and construction in common frameworks Although the book ranges widely over different cultures and historical periods it emphasizes the transformations that took place in architecture and building practice from the late eighteenth century to the present Finally the book uses a series of contemporary examples that demonstrate the building culture as a living concept These examples which include built work as well as innovative processes that go beyond the work of architects alone are described as the seeds that can help the emergence of a better build world This beautiful book features over 260 color and black and white illustrations most from the authors extensive collection of slides and includes photographs prints and drawings from historical archives and contemporary architectural offices **The Building of Cultures** Roland B. Dixon, 1977-04 **Building a Culture of Ownership in Healthcare, Third Edition** Joe Tye, Bob Dent, 2024-02-21 Awarded third place in the 2024 AJN Book of the Year Awards in the Health Care Administration category The Invisible Architecture is built on knowing and acting on what research tells us creates a great employee experience Thank you Joe and Bob for writing a book whose time has come and for your efforts to make healthcare better and better Quint Studer MSE Co author The Human Margin Building the Foundations of Trust A must read and a great resource for every leader in today s transforming work environment Tim Porter O Grady DM EdD APRN FAAN FACCWS Senior Partner Health Systems TPOG Associates Clinical Professor Emory University SON Registered Mediator In the aftermath of the pandemic preexisting challenges in healthcare organizations have intensified Stress burnout staffing shortages and even the erosion of trust in organizational leadership are pressing issues that need solutions Using construction as their metaphor authors Joe Tye and Bob Dent make a compelling case that a healthcare organization s Invisible Architecture a foundation of core values a

Building Cultures and Climates for Effective Human Services Anthony L. Hemmelgarn, Charles Glisson, 2018-07-13 It is widely acknowledged that many healthcare behavioral health and social service organizations provide less than optimal services and that the challenge of improving services depends on successfully changing organizational culture and climate However there are almost no organizational level strategies that have been tested with randomized controlled trials Building Cultures and Climates for Effective Human Services addresses the need for evidence based organizational strategies for improving human service quality and outcomes by uniquely describing the authors own case examples nationwide studies and randomized controlled trials to explain how organizational culture and climate can be assessed and changed The two authors use their decades of research and practice experience in assessing and changing human service organizations to explain how organizations can improve the services they provide using the authors ARC model which effectively removes service barriers and supports the implementation of evidence based practices and other innovations The book also blends case examples with research from nationwide studies regional experiments and randomized controlled trials to explain the ARC model of organizational effectiveness and how it works to improve services It provides a balance between theory empirical research and actual case examples to help researchers organizational consultants administrators and service providers gain a practical understanding of how culture and climate affect services and how they can be improved Furthermore the text describes the three ARC strategies each composed of multiple elements to 1 embed key organizational principles 2 implement core organizational component tools and 3 apply mental models to alter shared reasoning and beliefs that affect success No other organizational level strategies for improving services have been so well documented and tested
