Building Blocks Of Russias Future Military Doctrine:

The Building Blocks of Russia's Future Military Doctrine Eugene B. Rumer,1994 The report argues that if Russia remains a truncated empire neo imperialism is likely to dominate its national security policy and military doctrine which would be oriented toward reconstituting its internal empire and expanding through force and intimidation into its old spheres of influence in Eastern and Central Europe and Asia

The American Bibliography of Slavic and East European Studies for 1994 Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs

Security Dynamics in the Former Soviet Bloc Graeme P. Herd,Jennifer D.P. Moroney,2013-06-17 Security Dynamics in the Former Soviet Bloc focuses on four former Soviet sub regions the Baltic Sea region the Slavic republics the Black Sea region and Central Asia to explore the degree to which democratic security which includes de politicisation of and civilian oversight of the military resolution of conflicts by international cooperation and involvement in international organisations It examines how far states in these regions have developed cooperative foreign and security policies towards their immediate neighbours and key Western states and organisations explores the interplay between internal and external aspects of democratic security building and uses case study examples to show how inter state bi lateral and multi lateral relations are developing

The New Nuclear Disorder Stephen J. Cimbala,2016-02-17 In the twenty first century the United States confronts an international system of great complexity and shifting security challenges Among these challenges are those posed by nuclear weapons Instead of becoming obsolete or being marginalized by the end of the Cold War and the demise of the Soviet Union nuclear weapons have become more important to present and future international stability and peace but the relationship is paradoxical On one hand the spread of nuclear weapons to additional states with unsettled grievances or hegemonic ambitions threatens to destabilize local balances of power and set off regional arms races In addition the possible acquisition by terrorists of nuclear weapons or fissile materials creates a threat that may be beyond deterrence according to hitherto accepted concepts On the other hand nuclear weapons in the hands of other states can contribute to stable deterrence and help to prevent nuclear proliferation to international miscreants Certain cases loom large in the short run that highlight this book s relevance including the possible acquisition and deployment of nuclear weapons by Iran and the continuing tensions created by North Korea s nuclear arsenal The Obama pivot of national security and defense emphasis to Asia reflects not only the growing economic importance of that region but also the growing number of security dilemmas in a region that is already awash in nuclear forces The management of nuclear crises and even the possible need to terminate nuclear wars before they expand beyond a single region are among the possible challenges facing future U S and allied policy makers and military leaders

Military Doctrine Bert Chapman,2009-09-03 This comprehensive volume provides a thorough overview of 20th

and 21st century military doctrines worldwide Military Doctrine A Reference Handbook takes a thorough look at 20th and 21st century military doctrines around the world It excerpts relevant English language scholarly and governmental literature to paint a picture of how military doctrine has developed in recent history what military doctrines are currently operating on the world stage and where military doctrine is heading in the near future The book casts a wide net scanning the relevant government documents international agreements monographs journals conference papers and Internet resources to present a thorough overview of the importance of military doctrine in today s highly unstable world Because military institutions are important formulators of national military doctrine and not merely implementers this book examines the roles played by military organizations around the world With the proliferation of independent military scholars and the widespread influence of their work in the Internet age the book also scans the gray literature and describes its effects on military doctrine The Soviet Union and Republics of the Former U.S.S.R. ,1995 Accompanied by printed guide compiled by Blair D Hydrick entitled A guide to the microfilm edition of the Soviet Union and republics of the former U S S R *Russia's Chechen War* Tracey C. German,2003-12-08 Widespread media interest into the Chechen conflict reflects an ongoing concern about the evolution of federal Russia Why did the Russian leadership initiate military action against Chechnya in December 1994 but against no other constituent part of the Federation This study demonstrates that the Russian invasion represented the culmination of a crisis that was perceived to have become an increasing threat not only to the stability of the North Caucasus region but also to the very foundations of Russian security It looks closely at the Russian Federation in transition following the collapse of the communist Soviet Union and the implications of the 1991 Chechen Declaration of Independence in the context of Russia s democratisation project **Russian Foreign Policy** Nicolai N. Petro,Alvin Z. Rubinstein,1997 Provides an introduction to the major developments that have characterized the foreign policy of Russia during the Tsarist Soviet and post Soviet periods Addresses the long term historical continuities in Russian foreign policy both as they undermined the status quo at the end of the Soviet era and as they now condition Russia s search for a new definition of the national interest **PUTİN DÖNEMİ Rus Dış ve Güvenlik Politikasında Bir Müdahalecilik Örneği Olarak Kırım'ın İlhakı** Yusuf Yıldırım, NATO's *Security Challenge to the East and the American-German Geo-strategic Partnership in Europe* Joshua B.
