Wolf, 2004-06 Ky reveals the remarkable story of his tumultuous tenure as premier of S Vietnam and offers insight into the war's beginning escalation and troubling conclusion With little experience in governing and none in international affairs and while continuing to fly combat missions Ky attempted to unite a country undermined by corruption and riven by political ethnic and religious factions He left S Vietnam in 1975 during the Fall of Saigon Ky discusses his own successes and failures as a leader and dramatically relates the progress of the war as it unfolded on the ground and behind the scenes incl anecdotes about Lyndon Johnson Richard Nixon William Westmoreland Henry Cabot Lodge William Colby Henry Kissinger and many others B W photos **Vietnam** John Prados, 2009-04-21 The Vietnam war continues to be the focus of intense controversy While most people liberals conservatives Democrats Republicans historians pundits and citizens alike agree that the United States did not win the war a vocal minority argue the opposite or debate why victory never came attributing the quagmire to everything from domestic politics to the press The military never lost a battle how then did it not win the war Stepping back from this overheated fray bestselling author John Prados takes a fresh look at both the war and the debates about it to produce a much needed and long overdue reassessment of one of our nation's most tragic episodes Drawing upon several decades of research including recently declassified documents newly available presidential tapes and a wide range of Vietnamese and other international sources Prados's magisterial account weaves together multiple perspectives across an epic sized canvas where domestic politics ideologies nations and militaries all collide Prados patiently pieces back together the events and moments from the end of World War II until our dispiriting departure from Vietnam in 1975 that reveal a war that now appears to have been truly unwinnable due to opportunities lost missed ignored or refused He shows how from the Truman through the Eisenhower Kennedy Johnson and Nixon administrations American leaders consistently ignored or misunderstood the realities in Southeast Asia and passed up every opportunity to avoid war in the first place or avoid becoming ever more mired in it after it began Highlighting especially Ike's seminal and long lasting influence on our Vietnam policy Prados demonstrates how and why our range of choices narrowed with each passing year while our decision making continued to be distorted by Cold War politics and fundamental misperceptions about the culture psychology goals and abilities of both our enemies and our allies in Vietnam By turns engaging narrative history compelling analytic treatise and moving personal account Prados's magnum opus challenges previous authors and should rightfully take its place as the most comprehensive up to date and accurate one volume account of a war that judging by the frequent analogies to the current war in Iraq has not yet really ended for any of us *Making Sense of the Vietnam Wars* Mark Philip Bradley, Marilyn B. The Psychological War for Vietnam, 1960-1968

Mervyn Edwin Roberts III,2018-02-28 The Psychological War for Vietnam 1960 1968 for the first time fully explores the most sustained intensive use of psychological operations PSYOP in American history In PSYOP US military personnel use a variety of tactics mostly audio and visual messages to influence individuals and groups to behave in ways that favor US objectives Informed by the author s firsthand experience of such operations elsewhere this account of the battle for hearts and minds in Vietnam offers rare insight into the art and science of propaganda as a military tool in the twentieth century The Psychological War for Vietnam 1960 1968 focuses on the creation capabilities and performance of the forces that conducted

PSYOP in Vietnam including the Joint US Public Affairs Office and the 4th PSYOP Group In his comprehensive account Mervyn Edwin Roberts III covers psychological operations across the entire theater by all involved US agencies His book reveals the complex interplay of these activities within the wider context of Vietnam and the Cold War propaganda battle being fought by the United States at the same time Because PSYOP never occurs in a vacuum Roberts considers the shifting influence of alternative sources of information especially from the governments of North and South Vietnam but also from Australia Korea and the Philippines The Psychological War for Vietnam 1960-1968 also addresses the development of PSYOP doctrine and training in the period prior to the introduction of ground combat forces in 1965 and finally shows how the course of the war itself forced changes to this doctrine The scope of the book allows for a unique measurement of the effectiveness of psychological operations over time Vietnam's American War Pierre Asselin, 2024-06-13 This new edition masterfully explains the origins and outcome of America's war in Vietnam by focusing on its local dimensions **Ending the Vietnam War** Cheng Guan Ang, 2005-06-28 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes This book based on extensive original research including Vietnamese Chinese and former Soviet sources tells the story of the war from the Tet offensive in 1968 up to the reunification of Vietnam in April 1975 Overall it provides an important corrective to the predominantly US centric narratives of the war by placing the Vietnamese communists centre stage in the story It is a sequel to the author's Routledge Curzon book The Vietnam War From the Other Side which covers the period 1962-68 **Between War and the State** Van Nguyen-Marshall, 2023-07-15 In Between War and the State Van Nguyen Marshall examines an array of voluntary activities including mutual help professional charitable community development student women's and rights organizations active in South Vietnam from 1954 to 1975 By bringing focus to the public lives of South Vietnamese people Between War and the State challenges persistent stereotypes of South Vietnam as a place without society or agency Such robust associational life underscores how an active civil society survived despite difficulties imposed by the war government restrictions economic hardship and external political forces These competing political forces which included the United States Western aid agencies and Vietnamese communist agents created a highly competitive arena wherein the South Vietnamese state did not have a monopoly on persuasive or coercive power To maintain its influence the state sometimes needed to accommodate groups and limit its use of violence Civil society participants in South Vietnam leveraged their social connections made alliances appealed to the domestic and international public and used street protests to voice their concerns secure their interests and carry out their activities **Supplement to Vietnam 1964-1973** Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War although some works prior to that date are included The bibliography is selected from the holdings on that war housed in the McDermott library United

States Air Force Academy and includes books journal articles government publications and technical reports Newspaper articles works of fiction collections of poetry and most personal narratives are not included The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia Those items are also excluded from this bibliography since they are limited to in house use only Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist

Republican Vietnam, 1963-1975 Trinh M. Luu, Tuong Vu, 2023-09-30 English language scholarship all too often dismisses South Vietnam as an American creation a product of US imperialism Republican Vietnam 1963 1975 boldly upends this depiction exposing a diverse and dynamic portrait of the Second Republic In twelve essays each based on original archival research the volume brings to life the Second Republic in all its complexities displaying how politicians students educators publishers journalists musicians religious leaders businessmen and ordinary citizens built a highly intricate society with dazzling entrepreneurial zeal an outspoken press globally engaged religions a vibrant intellectual and associational culture and a level of artistic production that remains unmatched since the Vietnam War That inspired and frenzied age though short lived held a resilient spirit that Vietnamese refugees have kept alive The trove of vernacular music and print media not to mention the many associations the Vietnamese diaspora founded exemplify the republican values that once energized South Vietnamese culture But this nuanced society has appeared in popular media and American scholarship as a hopelessly dependent nation led by corrupt dictators beholden to US interests In contrast to such negative stereotypes this account situates South Vietnamese front and center as agents of their own histories Republican Vietnam is the first collection of scholarly essays on the Second Republic since the end of the Vietnam War It is also among the first to use republicanism as a lens to re examine twentieth century Vietnamese history the Vietnam War and the diaspora The twelve essays together show how war in tandem with external intervention shaped South Vietnam s economy culture and the life of every individual and family By featuring works from Vietnamese and Vietnamese diasporic studies this text takes the important step of bridging the two fields laying the foundation for cross disciplinary projects in the future

The Tragedy of the Vietnam War Van Nguyen

Duong,2014-07-15 What Americans call the Vietnam War actually began in December 1946 with a struggle between the communists and the French for possession of the country but Vietnam s strategic position in southeast Asia inevitably led to the involvement of other countries Written by an officer in the Republic of Vietnam Armed Forces this poignant memoir seeks to clarify the nuances of South Vietnam s defeat From the age of 12 Van Nguyen Duong watched as the conflict affected his home family village and friends He discusses not only the day to day hardships of wartime but his postwar forced relocation and eventual imprisonment A special focus is on the anguish caused by the illusive reality of Vietnamese independence The political forces at work north and south the hardships suffered by RVNAF soldiers after the 1975 U S withdrawal and the effects of reunification on the Vietnamese people are discussed **The Aggressors** Martin Scott Catino,2010-05 **Media Review Digest** C. Edward Wall,2003 Supplement to Vietnam 1964-1973 ,2005 **The Battle of An Loc** James H. Willbanks,2005 A firsthand account of a desperate battle fought during Hanoi s 1972 Easter Offensive **Abandoning Vietnam** James H. Willbanks,2004 Drawing upon both archival research and his own military experiences in Vietnam Willbanks focuses on military operations from 1969 through 1975 He begins by analyzing the events that led to a change in U S strategy in 1969 and the subsequent initiation of Vietnamization He then critiques the implementation of that policy and the combat performance of the South Vietnamese army ARVN which finally collapsed in 1975 **Vietnam, A War, Not a Country** Ron Eyerman,Todd Madigan,Magnus Ring,2025-10-01 Vietnam A War Not a Country explores the conflicting ways in which the American Vietnamese War has been collectively remembered and represented from the perspective of the war s three primary belligerents the Vietnamese communists the South Vietnamese and the Americans The book examines how the three different collectives memorialize this traumatizing historical event Within each of these three groups there exists a number of competing narratives generating not only a sense of shared meaning and community but also impassioned social conflict In order to trace these narratives within each collectivity the authors develop the concept of arenas of memory distinct discourses that are tied to specific individuals organizations and institutions that advocate specific narratives through specific forms of media Their analysis leads them to make the case as to whether each of these societies experienced a cultural trauma as a result of the way in which the war is remembered
