Buddhism in Christendom Arthur Lillie,2010-08-07 Buddhism in Christendom or Jesus the Essene by Arthur Lillie Author of The Popular Life of Buddha He shall be the last to obtain the great spiritual light and he will become a Lord called the Buddha of Brotherly Love Maitreya Buddha s prophecy of his successor in the Saddharma Pandarika With numerous illustrations Reproduction of 1887 Edition **The American Encounter with Buddhism, 1844-1912** Thomas A.

Tweed,2005-10-12 In this landmark work Thomas Tweed examines nineteenth century America s encounter with one of the world s major religions Exploring the debates about Buddhism that followed upon its introduction in this country Tweed shows what happened when the transplanted religious movement came into contact with America s established culture and fundamentally different Protestant tradition The book first published in 1992 traces the efforts of various American interpreters to make sense of Buddhism in Western terms Tweed demonstrates that while many of those interested in Buddhism considered themselves dissenters from American culture they did not abandon some of the basic values they shared with their fellow Victorians In the end the Victorian understanding of Buddhism even for its most enthusiastic proponents was significantly shaped by the prevailing culture Although Buddhism attracted much attention it ultimately failed to build enduring institutions or gain significant numbers of adherents in the nineteenth century Not until the following century did a cultural environment more conducive to Buddhism s taking root in America develop In a new preface Tweed addresses Buddhism s growing influence in contemporary American culture **The Invention of World Religions** Tomoko

Masuzawa,2005-05-15 The idea of world religions expresses a vague commitment to multiculturalism Not merely a descriptive concept world religions is actually a particular ethos a pluralist ideology a logic of classification and a form of knowledge that has shaped the study of religion and infiltrated ordinary language In this ambitious study Tomoko Masuzawa examines the emergence of world religions in modern European thought Devoting particular attention to the relation between the comparative study of language and the nascent science of religion she demonstrates how new classifications of language and race caused Buddhism and Islam to gain special significance as these religions came to be seen in opposing terms Aryan on one hand and Semitic on the other Masuzawa also explores the complex relation of world religions to Protestant theology from the hierarchical ordering of religions typical of the Christian supremacists of the nineteenth century to the aspirations of early twentieth century theologian Ernst Troeltsch who embraced the pluralist logic of world religions and by so doing sought to reclaim the universalist destiny of European modernity *In Search of the Christian Buddha: How*

an Asian Sage Became a Medieval Saint Donald S. Lopez, Jr.,Peggy McCracken,2014-04-07 The fascinating account of how the story of the Buddha was transformed into the legend of a Christian saint The story of Saint Josaphat a prince who gave up his wealth and kingdom to follow Jesus was one of the most popular Christian tales of the Middle Ages translated into a dozen languages and cited by Shakespeare in The Merchant of Venice Yet Josaphat is only remembered today because of the

similarities of his life to that of the Buddha In Search of the Christian Buddha is set against the backdrop of the trade along the Silk Road the Christian settlement of Palestine the spread of Islam and the Crusades It traces the path of the Buddha's tale from India and shows how it evolved adopting details from each culture during its sojourn These early instances of globalization allowed not only goods but also knowledge to flow between different cultures and around much of the world Eminent scholars Donald S Lopez Jr and Peggy McCracken reveal how religions born thousands of miles apart shared ideas throughout the centuries They uncover surprising convergences and divergences between these faiths on subjects including the meaning of death the problem of desire and their view of women Demonstrating the incredible power of this tale they ask not how stories circulate among religions but how religions circulate among stories **Buddhism in Christendom** Arthur Lillie, 2014-03-30 This Is A New Release Of The Original 1887 Edition **Theravada Buddhism and the British Encounter** Elizabeth Harris, 2006-04-18 This major new work explores the British encounter with Buddhism in nineteenth century Sri Lanka examining the way Buddhism was represented and constructed in the eyes of the British scholars officials travellers and religious seekers who first encountered it Tracing the three main historical phases of the encounter from 1796 to 1900 the book provides a sensitive and nuanced exegesis of the cultural and political influences that shaped the early British understanding of Buddhism and that would condition its subsequent transmission to the West Expanding our understanding of inter religious relations between Christians and Buddhists the book fills a significant gap in the scholarship on Theravada Buddhism in Sri Lanka by concentrating on missionary writings and presenting a thorough exploration of original materials of several important pioneers in Buddhist studies and mission studies *The Essenes, the Scrolls, and the Dead Sea* Joan E. Taylor, 2012-11-15 The mystery surrounding the Dead Sea Scrolls remains over 60 years after their rediscovery Who hid them and why This groundbreaking book reinvigorates the contested hypothesis that the Essenes were responsible Rather than being a marginal esoteric sect Taylor shows that this group acted as one of the leading legal schools of Judaism *Forerunners and Rivals of Christianity* Francis Legge, 1964 *The English Catalogue of Books: v. [1]. 1835-1863* Sampson Low, James Douglas Stewart, 1891 **Forerunners and Rivals of Christianity** F. Legge, 2014-12-04 Originally published in 1915 this book contains a survey of the origins of Christianity and the impact that other religions had on its formation Volume One covers pre Christian Gnosticism Orphic cults and the religions of Egypt and Persia in the Hellenistic period This book will be of value to anyone with an interest in ancient religion and the development of Christianity **The English Catalogue of Books**, 1891 [A Supplement to Allibone's Critical Dictionary of English Literature and British and American Authors ...](#) John Foster Kirk, 1891 **A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century** Samuel Austin Allibone, 1899 *The Lotus and the Lion* J. Jeffrey Franklin, 2011-03-15 Buddhism is indisputably gaining prominence in the West as is evidenced by the growth of Buddhist practice within many traditions and keen interest in

meditation and mindfulness In *The Lotus and the Lion* J Jeffrey Franklin traces the historical and cultural origins of Western Buddhism showing that the British Empire was a primary engine for curiosity about and then engagement with the Buddhisms that the British encountered in India and elsewhere in Asia As a result Victorian and Edwardian England witnessed the emergence of comparative religious scholarship with a focus on Buddhism the appearance of Buddhist characters and concepts in literary works the publication of hundreds of articles on Buddhism in popular and intellectual periodicals and the dawning of syncretic religions that incorporated elements derived from Buddhism In this fascinating book Franklin analyzes responses to and constructions of Buddhism by popular novelists and poets early scholars of religion inventors of new religions social theorists and philosophers and a host of social and religious commentators Examining the work of figures ranging from Rudyard Kipling and D H Lawrence to H P Blavatsky Thomas Henry Huxley and F Max Müller Franklin provides insight into cultural upheavals that continue to reverberate into our own time Those include the violent intermixing of cultures brought about by imperialism and colonial occupation the trauma and self reflection that occur when a Christian culture comes face to face with another religion and the debate between spiritualism and materialism *The Lotus and the Lion* demonstrates that the nineteenth century encounter with Buddhism subtly but profoundly changed Western civilization forever

A Social History of India S. N. Sadasivan,2000 **Oriental Enlightenment** J.J. Clarke,2002-09-11 What is the place of Eastern thought Buddhism Taoism Hinduism Confucianism in the Western intellectual tradition *Oriental Enlightenment* shows how despite current talk of globalization there is still a reluctance to accept that the West could have borrowed anything of significance from the East and explores a critique of the orientalist view that we must regard any study of the East through the lens of Western colonialism and domination *Oriental Enlightenment* provides a lucid introduction to the fascination Eastern thought has exerted on Western minds since the Renaissance Religion and Society Gerrie Ter Haar,Yoshio Tsuruoka,2007 Religion is a driving force of the twenty first century Here is a book that discusses every aspect of this fascinating subject proposing an agenda for future study The authors are leading scholars from all over the world
