**Buddhist Behavioral Codes and the Modern World** Charles Wei-hsun Fu, Sandra Ann Wawrytko, 1994      **Buddhist Behavioral Codes and the Modern World** Charles Wei-Fu, Sandra A. Wawrytko, 1994-09-29 Within the scope of the English language literature on Buddhism the codes of behavior mandated by Buddhist doctrine represent an infrequently discussed topic The selections here consist of essays on Buddhism by 17 scholars and practitioners who address the ongoing evolution of Buddhist doctrine as reflected in its cultural temporal political and geographical accommodations from the earliest days to the present and into the future Past precedent is used as a means of clarifying the precise role of the precepts in the modern world as Buddhists face the 21st century and continue to encounter diverse cultural contexts Scholars practitioners and students alike will find instructive the theoretical as well as practical issues that are covered including textual criticism hermeneutics cross cultural studies theories of action psychology death and dying feminism business management challenges to the Western scientific paradigm and religion in popular culture Three main questions are explored from diverse perspectives What was and is the significance of the precepts how can they best be applied and creatively adapted to changing social conditions to best fulfill the original intentions of the Buddha and how are we to determine present upayic demands to avoid violating those intentions As many argue in these pages there is much more at stake in the issue of sila vinaya than simple guidelines for an obsolete lifestyle to be discarded at will Rather the case can be made that they represent an intrinsic part of Buddhist cultivation even a sine qua non of successful consummate practice      *New Perspectives in Modern Korean Buddhism* Hwansoo Ilmee Kim, Jin Y. Park, 2022-12-01 *New Perspectives in Modern Korean Buddhism* moves beyond nationalistic modernist and ethnocentric historiographies of modern Korean Buddhism by carefully examining individuals lived experiences the institutional dimensions of Korean Buddhism and its place in transnational conversations Drawing upon rich archives as well as historical anthropological and literary approaches the book examines four themes that have gained attention in recent years perennial existential concerns and the persistent relevance of religious practice the role of female Buddhists clerical marriage and scandals and engagement with secular society The book reveals the limits of metanarratives such as those of colonialism nationalism and modernity in understanding the complex and contested identities of both monastics and laity thus demanding that we diversify the methods by which we articulate the history of modern Korean Buddhism      *Ethics and Society in Contemporary Shin Buddhism* Ugo Dessì, 2007 Contemporary Shin Buddhism is characterized by the simultaneous presence of an almost radical aversion to a normative approach to ethics a rich and multifaceted debate on ethical issues and an interesting amount of social activism *Ethics and Society in Contemporary Shin Buddhism* focuses on such aspects of this influential tradition of Japanese Buddhism which can be traced back to the thought of Shinran 1173 1262 and on its interplay with Japanese society over the last few decades with particular reference to its two major branches Honganji ha and Otani ha In addition the ethical implications of the responses being

given by these institutions and their followers to the ongoing process of globalization together with the contradictions embedded therein are analysed and compared with other reactions found in different religious traditions

**The Revival of Buddhist Monasticism in Medieval China** Huaiyu Chen, 2007 Original Scholarly Monograph [This-Worldly Nibbāna](#) Hsiao-Lan Hu, 2011-12-01 Offering a feminist analysis of foundational Buddhist texts along with a Buddhist approach to social issues in a globalized world Hsiao Lan Hu revitalizes Buddhist social ethics for contemporary times Hu's feminist exegesis references the Nikāyas from the Discourse Basket of the Pāli Canon These texts among the earliest in the Buddhist canon are considered to contain the sayings of the Buddha and his disciples and are recognized by all Buddhist schools At the heart of the ethics that emerges is the Buddhist notion of interdependent co-arising which addresses the sexism classism and frequent overemphasis on individual liberation as opposed to communal well-being for which Buddhism has been criticized Hu notes the Buddha's challenge to social hierarchies during his life and compares the notion of non-Self to the poststructuralist feminist rejection of the autonomous subject maintaining that neither dissolves moral responsibility or agency Notions of kamma nibbāna and dukkha suffering are discussed within the communal context offered by insights from interdependent co-arising and the Noble Eightfold Path This work uniquely bridges the worlds of Buddhism feminism social ethics and activism and will be of interest to scholars students and readers in all of these areas

**Did Dogen Go to China?** Steven Heine, 2006-05-25 Dogen was the founder of Soto Zen Buddhism in Japan and one of the most notable figures in Japanese religious history This book clarifies how and when Dogen's various works were composed and compiled in relation to the unfolding of Dogen's career *"Take the Vinaya as Your Master"* Ester Bianchi, Daniela Campo, 2023-04-24 This volume explores the role played by monastic discipline in the emergence and evolution of modern Chinese Buddhism A central feature of the Buddhist tradition monastic discipline has received growing attention in the contemporary Buddhist world but little from scholars Adopting a diachronic perspective and a multidisciplinary approach contributions by leading scholars investigate relevant Vinaya-related practices in twentieth and twenty-first centuries China and Taiwan including issues of monastic identity and authenticity updated ordination procedures recent variations of Mahāyāna precepts and rules and original perspectives on body movement and related sport activities The restoration and renewal of Vinaya practices and standards within Chinese Buddhist practices shed new light on the response of Buddhist leaders and communities to the challenges of modernity Contributors are Ester Bianchi Raoul Birnbaum Daniela Campo Tzu Lung Chiu Ann Heirman Zhe Ji Yu Chen Li Pei Ying Lin and Jiang Wu [Religious Internationals in the Modern World](#) A. Green, V. Viaene, 2012-09-18 Tracing the emergence of Religious Internationals as a distinctive new phenomenon in world history this book transforms our understanding of the role of religion in our modern world Through in-depth studies comparing the experiences of Buddhists Christians Hindus Jews and Muslims leading experts shed new light on global civil society *Going Forth* William M. Bodiford, 2005-01-31 In its role as a scriptural charter vinaya has justified widely dissimilar approaches to religious life as

Buddhist orders in different times and places have interpreted it in contradictory ways In the resulting tension between scripture and practice certain kinds of ceremonial issues such as those involving lineage seniority initiation purification repentance visualization vows ordination acquire profound social psychological doctrinal and soteriological significance in Buddhism *Going Forth* focuses on these issues over a wide sweep of history from early fifth century China to modern Japan to provide readers with a rich overview of the intersection of doctrinal ritual and institutional concerns in the development of East Asian Buddhist practices Despite the crucial importance of vinaya especially for understanding Buddhism in East Asia very little scholarship in Western languages exists on this fascinating topic The essays presented here written by senior scholars in the field go beyond the timeworn method of relying on prescriptive accounts in the scriptures to describe what imaginary Buddhists must have done or do Rather they address how actual people responded to local social and cultural imperatives by reading scripture in innovative ways to give new life to tradition They place real people practices and institutions at the center of each account revealing both diversity and unity continuity and transformation in Buddhist customs The result is a well integrated accessible work relevant for Buddhist studies but with wider implications for anyone interested in East Asian cultural heritage Contributors T H Barrett William Bodiford David W Chappell James C Dobbins Daniel A Getz Paul Groner John R McRae Morten Schlatter Nobuyoshi Yamabe Yifa

**Intellectual History of Key Concepts** Gregory Adam Scott, Stefania Travagnin, 2020-05-05 The three volume project *Concepts and Methods for the Study of Chinese Religions* is a timely review of the history of the study of Chinese religions reconsiders the present state of analytical and methodological theories and initiates a new chapter in the methodology of the field itself The three volumes raise interdisciplinary and cross tradition debates and engage methodologies for the study of East Asian religions with Western voices in an active and constructive manner Within the overall project this volume addresses the intellectual history and formation of critical concepts that are foundational to the Chinese religious landscape These concepts include lineage scripture education discipline religion science and scientism sustainability law and rites and the religious sphere With these topics and approaches this volume serves as a reference for graduate students and scholars interested in Chinese religions the modern cultural and intellectual history of China including mainland China Taiwan Hong Kong and Chinese communities overseas intellectual and material history and the global academic discourse of critical concepts in the study of religions

34, 2021-07-16 2021 7 34 **Toward a Modern Chinese Buddhism** Don A. Pittman, 2001-02-01 The Venerable Master Taixu 1890 1947 is the most important and controversial Chinese Buddhist reformer of the twentieth century Viewed as dangerously rash by conservative Buddhists irrelevant by secular humanists and spiritually misguided by Christian missionaries Taixu was nevertheless committed to forging a socially engaged form of Buddhism and to organizing a Buddhist mission in the West His bold and inventive Buddhist revolution continues to shape aspects of a revitalized Buddhism in East Asia and around the world The present volume is the first major study in English to focus on the charismatic reformer and his teachings and provides a comprehensive and absorbing interpretation of Taixu s aims and the divisive controversies that surrounded him This nuanced work is richly documented with quotations from Taixu s own writings and from various Chinese intellectuals and evangelists of the period As the most politically involved of all the Buddhist leaders in the Republican period Taixu sought to present Mah y na Buddhism as the core of a new Chinese culture and the only adequate foundation for a truly global civilization Distancing himself from those masters who focused on otherworldly paradises and stressed dependence on celestial buddhas and bodhisattvas he emphasized what could actually be accomplished in this world through the work of thousands of living bodhisattvas dedicated to building a pure land here and now A realist who acknowledged the complexities of the human condition in an increasingly interdependent and violent world Taixu was also a utopian who tried to imagine how Buddhists could begin to realize their ultimate ideals ideals that in fact lay beyond the preservation of institutional Buddhism itself Students of Buddhism Chinese religion contemporary Chinese history and culture and Taiwan studies will welcome this study of a crucially important and intriguingly complex individual whose life encapsulates many of the forces and possibilities apparent within Chinese Buddhism in the contemporary world
