Buddhist Women Across Cultures:

Buddhist Women Across Cultures Realisation E.T. Kramaleksh, Karma Lekshe Tsomo, 1999-10-01 **Buddhist Women Across Cultures** Karma Lekshe Tsomo, 1999-04-01 Illuminates the lives and thought of women in Buddhist cultures integrating them more fully into the feminist conversation **Buddhist Women Across Cultures** Karma Lekshe Tsomo, 1999 Illuminates the lives and thought of women in Buddhist cultures integrating them more fully into the feminist conversation **Innovative Buddhist Women** Karma Lekshe Tsomo, 2013-09-05 Combines the voices of scholars and practitioners in analysing Buddhist women's history 26 articles document the lives of women who have set in motion changes within Buddhist societies with analyses of issues such as gender ethnicity authority and class that affect the lives of women in traditional Buddhist cultures and increasingly the west **Women in Buddhist Traditions** Karma Lekshe Tsomo, 2020-12-22 A new history of Buddhism that highlights the insights and experiences of women from diverse communities and traditions around the world Buddhist traditions have developed over a period of twenty five centuries in Asia and recent decades have seen an unprecedented spread of Buddhism globally From India to Japan Sri Lanka to Russia Buddhist traditions around the world have their own rich and diverse histories cultures religious lives and roles for women Wherever Buddhism has taken root it has interacted with indigenous cultures and existing religious traditions These traditions have inevitably influenced the ways in which Buddhist ideas and practices have been understood and adapted Tracing the branches and fruits of these culturally specific transmissions and adaptations is as challenging as it is fascinating Women in Buddhist Traditions chronicles pivotal moments in the story of Buddhist women from the beginning of Buddhist history until today The book highlights the unique contributions of Buddhist women from a variety of backgrounds and the strategies they have developed to challenge patriarchy in the process of creating an enlightened society Women in Buddhist Traditions offers a groundbreaking and insightful introduction to the lives of Buddhist women worldwide **Buddhist Women and Social Justice** Karma Lekshe Tsomo, 2012-02-01 This book on engaged Buddhism focuses on women working for social justice in a wide range of Buddhist traditions and societies Contributors document attempts to actualize Buddhism's liberating ideals of personal growth and social transformation Dealing with issues such as human rights gender based violence prostitution and the role of Buddhist nuns the work illuminates the possibilities for positive change that are available to those with limited power and resources Integrating social realities and theoretical perspectives the work utilizes feminist interpretations of Buddhist values and looks at culturally appropriate means of instigating change **Eminent Buddhist Women** Karma Lekshe Tsomo, 2014-08-25 Explores the exemplary legacy of Buddhist women across the centuries and across the Buddhist world Eminent Buddhist Women reveals the exemplary legacy of Buddhist women through the centuries Despite the Buddha's own egalitarian values Buddhism as a religion has been dominated by men for more than two thousand years With few exceptions the achievements of Buddhist women have remained hidden or ignored The narratives in this book call

into question the criteria for eminence in the Buddhist tradition and how these criteria are constructed and controlled Each chapter pays a long overdue tribute to one woman or a group of women from across the Buddhist world including the West Using a variety of sources from orally transmitted legends to firsthand ethnographic research contributors examine the key issues women face in their practice of Buddhist ethics contemplation and social action What emerges are Buddhist principles that transcend gender loving kindness compassion wisdom spiritual attainment and liberation In her chapter What Is a Relevant Role Model Rita Gross describes the need for more stories about Buddhist women particularly those whose feats are not so fabled as to seem out of reach for contemporary practitioners This volume advances that objective mapping the paths of numerous often lesser known women who have dedicated their lives to Buddhism and inspired their communities Buddhadharma Educational and inspirational this important collection will appeal to scholars and practitioners alike Hsiao Lan Hu author of *This Worldly Nibbāna A Buddhist Feminist Social Ethic for Peacemaking in the Global Community*

Encyclopedia of Women and Religion in North America, Set Rosemary Skinner Keller, Rosemary Radford Ruether, Marie Cantlon, 2006-04-19 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life **This-Worldly Nibbāna** Hsiao-Lan Hu, 2011-12-01 Offering a feminist analysis of foundational Buddhist texts along with a Buddhist approach to social issues in a globalized world Hsiao Lan Hu revitalizes Buddhist social ethics for contemporary times Hu s feminist exegesis references the Nikāyas from the Discourse Basket of the Pāli Canon These texts among the earliest in the Buddhist canon are considered to contain the sayings of the Buddha and his disciples and are recognized by all Buddhist schools At the heart of the ethics that emerges is the Buddhist notion of interdependent co arising which addresses the sexism classism and frequent overemphasis on individual liberation as opposed to communal well being for which Buddhism has been criticized Hu notes the Buddha s challenge to social hierarchies during his life and compares the notion of non Self to the poststructuralist feminist rejection of the autonomous subject maintaining that neither dissolves moral responsibility or agency Notions of kamma nibbāna and dukkha suffering are discussed within the communal context offered by insights from interdependent co arising and the Noble Eightfold Path This work uniquely bridges the worlds of Buddhism feminism social ethics and activism and will be of interest to scholars students and readers in all of these areas **Buddhist Nuns in Taiwan and Sri Lanka** Wei-Yi Cheng, 2007-01-24 Taking a comparative approach this fieldwork based study explores the lives and thoughts of Buddhist nuns in present day Taiwan and Sri Lanka The author examines the postcolonial background and its influence on the modern situation as well as surveying the main historical economic and social factors which influence the position of nuns in society Based on original research including interviews with nuns in both countries the book examines their perspectives on controversial issues and in particular those concerning the status of women in Buddhism Concerns discussed include allegedly misogynist teachings relating to women s inferior karma that they cannot become Buddhas and that nuns have to follow additional rules that

monks do not Bridging the gap between feminist theory and the reality of women in religion the book makes a distinct contribution to the study of women in Buddhism by focusing on nuns from both of the main wings of Buddhism Theravada and Mahayana as well as furthering feminist studies of Buddhism and religion in general *Women and Gender in Contemporary Chinese Societies* Shanshan Du, Ya-chen Chen, 2013-03-04 Recent attention to historical geographic and class differences in the studies of women and gender in China has expanded our understanding of the diversity and complexity of gendered China Nevertheless the ethnic dimension of this subject matter remains largely overlooked particularly concerning women's conditions and gender status Consequently the patriarchy and its oppression of women among the Han the ethnic majority in China are often inaccurately or erroneously associated with the whole gendered heritage of China epitomized by the infamous traditions of footbinding and female infanticide Such academic and popular predisposition belies the fact that gender systems in China span a wide spectrum ranging from extreme Han patriarchy to Lahu gender egalitarianism The authors contributing to this book have collectively initiated a systematic effort to bridge the gap between understanding the majority Han and ethnic minorities in regard to women and gender in contemporary Chinese societies By achieving a quantitative balance between articles on the Han majority and those on ethnic minorities this book transcends the ghettoization of ethnic minorities in the studies of Chinese women and gender The eleven chapters of this volume are divided into three sections which jointly challenge the traditions and norms of Han patriarchy from various perspectives The first section focuses on gender traditions among ethnic minorities which compete with the norms of Han patriarchy The second section emphasizes the impact of radical social transformation on gender systems and practices among both Han and ethnic minorities The third section underscores socio cultural diversity and complexity in resistance to Han patriarchal norms from a broad perspective This book complements previous scholarship on Chinese women and gender by expanding our investigative lens beyond Han patriarchy and providing images of the multiethnic landscape of China By identifying the Han as an ethnically marked category and by bringing to the forefront the diverse gender systems of ethnic minorities this book encourages an increasing awareness of and sensitivity to the cross cultural diversity of gendered China both in academia and beyond

Buddhist Nuns and Gendered Practice Nirmala S. Salgado, 2013-11 Based on extensive research in Sri Lanka and interviews with Theravada and Tibetan nuns from around the world Salgado's groundbreaking study urges a rethinking of female renunciation How are scholarly accounts complicit in reinscribing imperialist stories about the subjectivity of Buddhist women How do key Buddhist concepts such as dukkha samsara and sila ground female renunciant practice Salgado's provocative analysis questions the secular notion of the higher ordination of nuns as a political movement for freedom against patriarchal norms Arguing that the lives of nuns defy translation into a politics of global sisterhood equal before law she calls for more nuanced readings of nuns everyday renunciant practices

Renunciation and Empowerment of Buddhist Nuns in Myanmar-Burma Hiroko Kawanami, 2013-02-28 Myanmar Burma has one of the largest concentrations

of Buddhist nuns and monks in the world today In *Renunciation and Empowerment of Buddhist Nuns in Myanmar Burma* Kawanami traces the nun s scholarly lineage in modern Myanmar history and examines their contemporary religious position in Myanmar s social and political contexts Although their religious status may appear ambiguous from a textual viewpoint it is argued that their large presence is a clear indication as to the important functions Buddhist nuns perform in the monastic community Sagaing Hill where the main research was conducted occupies an important educational centre for Myanmar nuns in consolidating their scholarly lineage and spreading the network of dhamma teachers The book examines transactions that take place in their everyday lives and reveals the essence of their religious lives that make Buddhist nuns an essential bridge between sangha and society

Reading Spiritualities Dawn Llewellyn, 2016-04-01 The phenomenon of sacred text has undergone radical deconstruction in recent times reflecting how religion has broken out of its traditional definitions and practices and how current literary theories have influenced texts inside the religious domain and beyond *Reading Spiritualities* presents both commentary and vivid examples of this evolution engaging with a variety of reading practices that work with traditional texts and those that extend the notion of text itself The contributors draw on a range of textual sites such as an interview Caribbean literature drama and jazz women s writings emerging church blogs Neopagan websites the reading practices of Buddhist nuns empirical studies on the reading experiences of Gujarati Christian and post Christian women Chicana short stories the mosque cinema modern art and literature These examples open up understandings of where and how sacred texts are emerging and being reassessed within contemporary religious and spiritual contexts and make room for readings where the spiritual resides not only in the textual but in other unexpected places *Reading Spiritualities* includes contributions from Graham Holderness Ursula King Michael N Jagessar David Jasper Anthony G Reddie Mich le Roberts and Heather Walton to reflect and encourage the interdisciplinary study of sacred text in the broad arena of the arts and social sciences It offers a unique and well focused snapshot of the textual constructions and representations of the sacred within the contemporary religious climate accessible to the general reader as well as more specialist interests of students and researchers working in the crossover fields of religious theological cultural and literary studies

Gender and Women's Leadership Karen O'Connor, 2010-08-18 This work within *The SAGE Reference Series on Leadership* provides undergraduate students with an authoritative reference resource on leadership issues specific to women and gender Although covering historical and contemporary barriers to women s leadership and issues of gender bias and discrimination this two volume set focuses as well on positive aspects and opportunities for leadership in various domains and is centered on the 101 most important topics issues questions and debates specific to women and gender Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry but lack the jargon detail and density of a journal article **Key Features** Includes contributions from a variety of renowned experts Focuses on women and public leadership in the American context women s global leadership women as leaders in the business sector the nonprofit

and social service sector religion academia public policy advocacy the media sports and the arts Addresses both the history of leadership within the realm of women and gender with examples from the lives of pivotal figures and the institutional settings and processes that lead to both opportunities and constraints unique to that realm Offers an approachable clear writing style directed at student researchers Features more depth than encyclopedia entries with most chapters ranging between 6 000 and 8 000 words while avoiding the jargon and density often found in journal articles or research handbooks Provides a list of further readings and references after each entry as well as a detailed index and an online version of the work to maximize accessibility for today s student audience

Buddhist Women in Bhikkhuni Samgha: Past and Present Dr Arpita Mitra, 2024-03-20 Women have also been regarded as the source of all the sins of the world and have been blamed for the misfortunes of men in this world and the next There is also the belief that as women no salvation could be gained and they have to reborn as a man to attain salvation But Buddhism has introduced radical changes in the doctrinal as well as in the practical side of religious life Worldly life is full of obstacles and disadvantages which make people not able to gain spiritual progress The Buddha s teaching is therefore mainly meant for the bhikkhus and bhikkhunis who are expected to work meticulously and are guided by a common ideal of the virtuous life They are stridden on clear knowledge and awakening Buddhism lays more stress upon qualities and humanity and avoids rites and ceremonies

Buddhist Feminisms and Femininities Karma Lekshe Tsomo, 2019-01-01 Adds new voices to the feminist conversation and brings a rich variety of diverse approaches to Buddhist women s identities the feminine and Buddhist feminism This groundbreaking book explores Buddhist thought and culture from multiple Buddhist perspectives as sources for feminist reflection and social action Too often when writers apply terms such as woman femininity and feminism to Buddhist texts and contexts they begin with models of feminist thinking that foreground questions and concerns arising from Western experience This oversight has led to many facile assumptions denials and oversimplifications that ignore women s diverse social and historical contexts But now with the tools of feminist analysis that have developed in recent decades constructs of the feminine in Buddhist texts imagery and philosophy can be examined with the acknowledgment that there are limitations to applying these theoretical paradigms to other cultures Contributors to this volume offer a feminist analysis which integrates gender theory and Buddhist perspectives to Buddhist texts and women s narratives from Asia How do Buddhist concepts of self and no self intersect with concepts of gender identity especially for women How are the female body sexuality and femininity constructed and contested in diverse Buddhist contexts How might power and gender identity be perceived differently through a Buddhist lens By exploring feminist approaches and representations of the feminine including persistent questions about women s identities as householders and renunciants this book helps us to understand how Buddhist influences on attitudes toward women and how feminist thinking from other parts of the world can inform and enlarge contemporary discussions of feminism

Women in Early Indian Buddhism Alice Collett, 2014 This volume is a broad ranging

comparative study with translations of texts sections of texts and textual fragments that are concerned with women in early Indian Buddhism including study of texts in Gandhari Sanskrit Pali Chinese Tibetan and Sinhala **Teaching Buddhism**

Todd Lewis, Gary Delaney DeAngelis, 2017 Buddhist studies is a rapidly changing field of research constantly transforming and adapting to new scholarship This creates a problem for instructors both in a university setting and in monastic schools as they try to develop a curriculum based on a body of scholarship that continually shifts in focus and expands to new areas Teaching Buddhism establishes a dialogue between the community of instructors of Buddhism and leading scholars in the field who are updating revising and correcting earlier understandings of Buddhist traditions Each chapter presents new ideas within a particular theme of Buddhist studies and explores how courses can be enhanced with these insights Contributors in the first section focus on the typical approaches figures and traditions in undergraduate courses such as the role of philosophy in Buddhism Nagarjuna Yogacara Buddhism tantric traditions and Zen Buddhism They describe the impact of recent developments like new studies in the cognitive sciences on scholarship in those areas Part Two examines how political engagement and ritual practice have shaped the tradition throughout its history Focus then shifts to the issues facing instructors of Buddhism dilemmas for the scholar practitioner in the academic and monastic classroom the tradition's possible roles in teaching feminism and diversity and how to present the tradition in the context of a world religions course In the final section contributors offer stories of their own experiences teaching paying particular attention to the ways in which American culture has impacted them They discuss the development of courses on American Buddhism using course material on the family and children the history and trajectory of a Buddhist Christian dialog and Buddhist bioethics environmentalism economic development and social justice In synthesizing this vast and varied body of research the contributors in this volume have provided an invaluable service to the field *Revisiting Rituals in a Changing Tibetan World*, 2012-08-03 Tibet Nepal Mongolia This vast area has experienced significant changes following political and socio cultural upheavals the Chinese occupation of Tibet since the 1950s the opening of Nepal to the world in 1951 and the influx of large numbers of Tibetan refugees into its territory the end of the communist era and the transition to a market economy in Mongolia and more generally the confrontation with modernity and globalisation *Revisiting Rituals in a Changing Tibetan World* examines the changes rituals have undergone and offers the reader the result of recent research based on both fieldwork and textual studies by researchers who have worked in these countries Contributors include Hildegard Diemberger Fabienne Jagou Thierry Dodin Fernanda Pirie Nicola Schneider Mireille Helffer Alexander von Rospatt Marie Dominique Even Robert Barnett Katia Buffetrille
