Buddhist Case For Vegetarianism:

To Cherish All Life Philip Kapleau,1982 **A Buddhist Case for Vegetarianism** Philip Kapleau,1983

Vegetarianism and Animal Ethics in Contemporary Buddhism James Stewart,2015-08-14 Buddhism is widely known to advocate a stance of total pacifism towards all sentient beings and because of this it is often thought that Buddhist doctrine would stipulate that non violent food practices such as vegetarianism be mandatory However the P li source materials do not encourage vegetarianism and most Buddhists do not practice it Using research based on ethnographic evidence and interviews this book discusses this issue by presenting an investigation of vegetarianism and animal ethics within a Buddhist cultural domain Focusing on Sri Lanka a place of great historical significance to Buddhism the book looks at how lay Buddhists and the clergy came to understand the role of vegetarianism and animal ethics in Buddhism It analyses whether the Buddha preached a view that encouraged vegetarianism and how this squares with his pacifism towards animals The book goes on to question how Buddhist food practices intersect with other secular activities such as traditional medicine as well as discussing the wider implications of Buddhist animal pacifism including vegetarian political movements and animal rights groups Shedding light on a subject that until now has only been tangentially treated by scholars this interdisciplinary study will be of interest to those working in the fields of Buddhist Studies Religion and Philosophy as well as South Asian Studies

Religious Vegetarianism Kerry S. Walters,Lisa Portmess,2001-05-31 Stretching back more than two thousand years and spanning diverse traditions religious vegetarianism has an ancient and rich history In this book Kerry S Walters and Lisa Portmess gather writings that reflect devotional as well as more analytical responses to age old questions of animal suffering dietary practice and human responsibility These include writings from ancient Orphic and Pythagorean authors writings that span centuries of Indian and Buddhist thought and writings from the Judaic Christian and Islamic traditions Interesting both to those well versed in the literature of vegetarianism as well as to others encountering it for the first time are tensions within traditions over the use of animals for food whether such use is consonant with fundamental values of the faith whether

religious law or tradition requires vegetarian practice and what place animals are thought to hold in the order of nature

AHIMSA, Buddhism and the Vegetarian Ideal Bodo

Balsys,2024-08-01 Ahi s means harmlessness carried out in thought word or deed A major precept of Buddhists of all denominations is to practise harmlessness Such activity is not supposed to be theory but a practical fact a sacred pledge samaya integrated into the fibre of one s every mode of conduct on the path to enlightenment and liberation from sa s ra This text elaborates that all good intent along this line falls flat in the light of the practise condoned by many Buddhists of meat consumption Harm is caused to the animal butchered to the consumers of the flesh and to the environment we live in It is also a decidedly gross act of adharma not dharma to all in the society wherein the Buddhist practitioner that consumes animal products resides It is time that Buddhists heartily spurn all considerations of meat toxins in their bodily environments to actively espouse the cause of true harmlessness in all that they do and to act as Bodhisattvas by teaching all how to be compassionate through not killing or harming their animal brethren The reasons are clear of the way to be truly compassionate as all Buddhists should be Read learn and observe your true motives in everything you do Desist from harmful actions and thereby grow and become Bodhisattvas and Buddas at the end of it all

Religion and the Environment: Religious environmentalism in action Roger S. Gottlieb,2010 In the last two decades a new form of religiously motivated social action and a virtually new field of academic study each based in recognition of the connections between religion and humanity s treatment of the environment have developed Interactions between religion and environmental concern have been manifest in the explosive growth of ecotheological writings institutional commitment by organized religions and environmental activism explicitly oriented to religious ideals Clergy throughout the world in virtually every denomination have received word from leaders of their religion that the environment no less than sexuality poverty or war and peace is now a basic and compelling religious matter Out of this confrontation have been born vital new theologies based in the recovery of marginalized elements of tradition profound criticisms of the past and ecologically oriented visions of God the Sacred the Earth and human beings Theologians from every religious tradition along with dozens of non denominational spiritual writers have confronted world religions past attitudes towards nature In the realm of institutional commitment public statements and actions by organized religions have grown dramatically In the context of political action throughout the U S and the world religiously oriented groups take part in environmentally oriented political action from lobbying and consciousness raising to activist demonstrations and civil disobedience This collection serves as a comprehensive introduction overview and in depth account of these exciting new developments The four volumes

cover virtually every aspect of the field from theological change and institutional commitment to innovation in liturgy from new ecumenical connections among different religions and between religion science and environmental movements from religious participation in environmental politics to an account of the global social and political contexts in which religious environmentalism has unfolded *The New Vegetarians* Paul R. Amato, Sonia A. Partridge, 2013-11-11 *The Growth of Religious Diversity - Vol 2* Gerald Parsons, 2013-06-20 This is an extremely wide ranging text with good prospects in the A level market **The Buddhist Heritage** Tadeusz Skorupski, 1989 *Animal Grace* Mary Lou Randour, 2011-02-08 *Animal Grace* explores the human animal relationship as a path to enlightenment Randour calls for readers to examine how their lives intersect with members of other species and ensure that those interactions are based on compassion and respect

The Constant and Changing Faces of the Goddess Phyllis K. Herman, Deepak Shimkhada, 2009-03-26 *The Constant and Changing Faces of the Goddess* Goddess Traditions of Asia contains essays written by established scholars in the field that trace the multiplicity of Asian goddesses their continuities discontinuities and importance as symbols of wisdom power transformation compassion destruction and creation The essays demonstrate that while treatments of the goddess may vary regionally culturally and historically it is possible to note some consistencies in the overall picture of the goddess in Asia The book provides a comprehensive treatment of the goddess culminating in the selections that draw from research on Indian Nepali Chinese Japanese and Vietnamese traditions seldom found in other works of similar subject The volume will be useful for students in religious studies gender studies Asian studies and women s studies With the intent of making the volume truly broad in scope an effort has been made to include works written by art historians sociologists anthropologists and religious studies scholars Culture cannot be separated from religion they are intertwined as an organic whole and variations manifest themselves in the rituals and daily lives of the people In this sense all the essays are interconnected the goddess manifests in many forms and appeals to differing aspects of a particular culture as a paradigm of the divine feminine
