Hashmi, Steven Lee, Steven P. Lee, 2004-07-19 Publisher Description The Oxford Handbook of World Philosophy Jay L. Garfield, William Edelglass, 2011-06-09 This volume provides the advanced student or scholar a set of introductions to each of the world's major non European philosophical traditions Sections on Chinese philosophy Indian philosophy Buddhist philosophy East Asian philosophy African philosophy and trends in global philosophy are all edited by an expert **The Oxford Handbook of Buddhist Ethics** Daniel Cozort, James Mark Shields, 2018 A comprehensive overview of the study of Buddhist ethics in the twenty first century *Encounter with Enlightenment* Robert E. Carter, 2012-02-01 In *Encounter with Enlightenment* Robert E Carter puts forth the East and specifically Japan as a source of possible solutions to the world's social economic and environmental problems Not only is the book a sustained scholarly analysis of both the religious and philosophical roots of Japan's distinctive ethical approach to life but it also provides the Western reader with a context for understanding Eastern values values that although familiar to the West tend to be deemphasized *Encounter with Enlightenment* begins a horizontal fusion between East and West and establishes a common ground for mutual understanding and for working toward an ethical approach that could resolve some of the earth's difficulties **Buddhist Ethics** Jay L. Garfield, 2022 *Buddhist Ethics* presents an outline of Buddhist ethical thought It is not a defense of Buddhist approaches to ethics as opposed to any other nor is it a critique of the Western tradition Garfield presents a broad overview of a range of Buddhist approaches to the question of moral philosophy He draws on a variety of thinkers reflecting the great diversity of this 2500 year old tradition in

philosophy but also the principles that tie them together In particular he engages with the literature that argues that Buddhist ethics is best understood as a species of virtue ethics and with those who argue that it is best understood as consequentialist Garfield argues that while there are important points of contact with these Western frameworks Buddhist ethics is distinctive and is a kind of moral phenomenology that is concerned with the ways in which we experience ourselves as agents and others as moral fellows With this framework Garfield explores the connections between Buddhist ethics and recent work in moral particularism such as that of Jonathan Dancy as well as the British and Scottish sentimentalist tradition represented by Hume and Smith

The Pacific World, 1993 Buddhism Between Religion and Philosophy Rafal K. Stepień, 2024 Nāgārjuna is the most influential of all Buddhist thinkers following the Buddha himself Throughout his works Nāgārjuna calls on us to completely abandon all our views But how could anyone possibly do that This book shows not only how Nāgārjuna's truly radical teaching of abelief makes perfect sense within his Buddhist philosophy but how it stands at the summit of his religious mission to care for all living beings Rather than treating any one aspect of Nāgārjuna's ideas in isolation here he emerges as forging a single system of thought and practice one that challenges the very ways in which we think about religion and philosophy

Buddhist Public Advocacy and Activism in Thailand Craig M. Pinkerton, 2024-03-21 This book studies Buddhist public advocacy and activism in Thailand a movement often broadly called socially engaged Buddhism from the perspective of rhetorical studies specifically on humanizing and dehumanizing communication practices In modern Thailand and historical Siam Buddhism has been integral to the social change processes shaping civil society and an emerging democracy This study examined two problems How do contemporary Buddhists in Thailand use rhetorical practice to influence the way the issues they work on are understood and how do these Buddhists justify their advocacy and activism in rhetorical practice To the first a rhetoric of dignity or humanization was the central answer To the second a rhetoric of duty was the central answer For researchers in Southeast Asian Studies Thai Studies and Buddhist Studies this book offers a fresh

perspective on socially engaged Buddhism through the lens of the communication discipline For researchers in Psychology and Communication it sheds light on the understudied practices of humanizing communication The bulk of the current research is focused on its opposite dehumanization and most of this literature is in the field of psychology even though humanization and dehumanization are fundamentally and ontologically communication phenomena For researchers within the field of Communication and Rhetorical Studies this book advances innovations in the emerging practices of rhetorical field methods by applying rhetorical criticism to interview data in a new way and provides a non western perspective on communication and rhetorical theory for which there has been continual calls
