Library,1963 *U.S. National Security Implications of Chinese Involvement in Latin America* R. E. Ellis,2005 In this monograph the author argues that China s pursuit of longterm strategic objectives is leading the country to increase its presence in Latin America with serious national security implications for the United States Sustained Chinese economic growth requires ever greater quantities of basic commodities such as petroleum products coal iron and steel and strategic minerals As the new generation of Chinese leadership under Hu Jintao has moved away from the more cautious approach of his predecessor Jiang Zemin China has begun to aggressively court Latin America as its principal source of supply outside Asia Figures from the Chinese National Statistics Office show that for example 77 percent of all Chinese foreign investment outside Asia in 2003 went to Latin America The pattern of Chinese investment in countries such as Argentina Brazil and Chile suggests that the Asian giant is seeking to assure access to critical commodities by constructing vertically integrated supply networks over which it has leverage China is purchasing interest in key Latin American suppliers such as the Canadian minerals firm Noranda or the

Argentine oil subsidiary PlusPetrol Norte It is also building cooperative relationships with supplier governments such as the joint oil exploration and refinery construction deals signed with Venezuela and Brazil in 2004 Where necessary China is also investing in the infrastructure of Latin American countries to help them more effectively bring their products to market In addition to documenting China s aggressive new posture in specific Latin American countries this monograph argues that the expanded Chinese trade and investment presence in the region ultimately will give China a stake in the politics of the region and may tempt it to become involved in the region s security affairs Expanded Chinese trade and investment in Latin America for example will expand greatly the community of Chinese nationals in the region **Argentine Workers** Peter
