for me Love friendship compassion spirit and purpose My appreciation for what was at my fingertips was heightened as well I suddenly discovered a comforting realization that I could continue to succeed in life with less Less envy less anger less anxiety less fear of old age and death It was liberating I was given Parkinsons disease and my life became better for it This book is not what most people have come to expect about Parkinsons disease Tremors in the Universe offers another way Another way of thinking Another way of living **Through the Darkest Hour** James Gilbert,2021-12-03 It seems at some point in everyone s life the thought runs through the mind asking What happened how did things change and how did I get here Jeff had to confront similar thoughts after he had received Christ as Lord and Savior He had genuinely been a good kid He started off in life wanting to like everyone His easygoing nature attracted his peers to befriend him In late October 1977 all that began to change He became self conscious shier and open to the concept of violence as bullies began to target him He believed and evidence in the book suggests that a demonic oppression began near Halloween when he was eight years old The Jeff that was nice seemed to invite fear that had dominated much of his thoughts since he was three years old This is a coming of age cautionary testimony of a good kid dealing with fears and insecurities in the worst self destructive ways imaginable and a young adult reaching a point of being ready to throw his and other lives away God however had the final say TV Guide ,1992 The Video Source Book David J.
