Cohen,2024-10-15 In making love one is elevated beyond the carnal desires it satisfies For the religious it is Divine for those who are not religiously inclined it is still a spiritual experience one of seamless solidarity a unity of two as one that defies mere orgasmic stimulation You don t have to make love to have sex Even strangers can be sexually attracted and have an orgasmic escapade But in the act of making love there is symbolic meaning that is felt through and through the sex act Two in love are joined in life and the sexual expression of this union is deeply felt in the sex act itself This is sexual intimacy the making of love the likes of which is rarely if ever seen outside a loving relationship There is no escape from the philosophical dimensions of such a loving relationship It is as abstract as it is concrete in the ideals that ground it There is a mystery about it a kind of transcendent experience that defies translation into words Making and being in love are thus joined at the hip Loving relationships make the bed in which true lovers sleep Unfortunately many relationships flounder or never get off the ground Just having sex may ease the tension but it then becomes a means not truly an end in itself The moment the sex act ends the couple may retreat and fall into discord It is an oasis in a barren desert that provides temporary relief a titillating temporary escape from reality This book can help you to overcome the obstacles the unlovable habits that encumber your relationship both inside and outside the bedroom It can help to create the harmonic balance between your sex life and other aspects of your personal and interpersonal relationships which are preludes to making and being in love To accomplish this it applies a five step method based on Logic Based Therapy Consultation LBTC a popular form of evidence based philosophical counseling modality First it introduces you to six types of unlovable ways of thinking and acting and helps you to identify the ones that may be sabotaging your own relationship Second it shows you how to counter these self defeating habits with certain lovable goals virtues of love Third it helps you to identify and embrace a personal love philosophy that empowers you to reach for your lovable goals Fourth it provides core philosophical ideas that are key to any successful quest for romantic love Fifth it helps you construct a behavioral plan that applies your philosophies to making constructive changes in your relationship The latter may require making changes both inside and outside your relationship Thus this book also shows you how the problems you are having in one area of your life at work in your social life etc can affect the quality of your relationship inside and outside the bedroom and it offers guidance including self improvement exercises to overcome these impediments and attain enduring love and sexual intimacy **The Love Response** Eva M. Selhub, M.D.,Divina Infusino,2009-01-27 Fear anger and anxiety the side effects of life s everyday stresses are natural and

sometimes helpful but left unchecked they can lead to a host of debilitating ailments that are now so common we assume they are unavoidable heart disease arthritis gastrointestinal problems depression and more There is good news though The key to a healthy life free of these conditions is to activate what Harvard Medical School instructor Dr Eva Selhub calls the love response a series of biochemical reactions that lower blood pressure heart rate respiration and adrenaline levels stimulating physical healing and reinstating balance and well being A practical life healing program the first of its kind The Love Response is the result of Dr Selhub s years of research and clinical practice on how to reverse the destructive physical effects of fear and stress and banish emotional wounds from the past Through a simple to use plan of awareness breathing visualization and verbal command exercises The Love Response reprograms your brain and changes your biochemistry from negative to positive putting you on a path to long term wellness and happiness The Love Response is structured around the three essential building blocks of mental health social love connecting not only in your intimate relationships but with family friends and pets self love learning to nurture yourself with care and tenderness often the hardest step spiritual love contributing in meaningful ways to the world beyond your personal needs The Love Response provides all the tools you need to transform anger into compassion release your fears overcome shame embrace self acceptance connect through empathy and ultimately strengthen your natural ability to heal Just Sweethearts Harry Stillwell Edwards,1920
