designer's role in the creation of new buildings from the development of the plan through to completion. One key case study is used throughout the book so that the reader can clearly follow the process leading to the creation of a new building. This new edition expands on the first edition including sections on CAD and sustainability incorporating updates to legislation and adding new illustrations as well as discussion points and useful references at the end of every chapter. Gavin Tunstall is an architect and a lecturer in the School of Architecture Design and the Built Environment at Nottingham Trent University UK.

A Short Guide to the Building Regulations Certsure LLP, Certsure LLP Staff, ELECSA, NICEIC Group, NICEIC Group Staff, 2013 **Corporate Real Estate Management** Jan Gerard Hoendervanger, Theo van der Voordt, Jaap

Wijnja, 2024-09-09. How can Corporate Real Estate managers and Facility managers translate an organisation's strategy into a real estate strategy that optimally aligns demand and supply and adds value in a sustainable and socially responsible way? How to create a positive user experience taking into account the diversity and dynamics of individual users' needs? How to balance different functional, experiential, architectural and technical requirements, budget, time and legal preconditions? This book discusses Corporate Real Estate (CRE) and Corporate Real Estate Management (CREM) from the perspective of organisations, individual users, other stakeholders and society. It presents theories, models and methods for analysing demand and supply and the best possible match. It discusses how to implement a CRE strategy by setting up project-based business cases, developing design briefs and managing CRE interventions and CRE operations. Finally, it describes different options for the organisational design of CREM, sourcing strategies, required competencies and future prospects. As such, the book covers the whole life cycle of corporate real estate. It integrates knowledge from different disciplines including corporate real estate and facility management, environmental psychology, ergonomics, business administration and many more. The authors have decades of experience in the field as practitioners, teachers and researchers. Jan Gerard Hoendervanger currently works as an independent CRE consultant. Theo van der Voordt is emeritus associate professor in Corporate Real Estate and Facility Management at the Faculty of Architecture, Delft University of Technology. Jaap Wijnja is lecturer and researcher at Hanzé University of Applied Sciences, Institute of Facility Management.

Building Law Encyclopaedia David Chappell, Michael H. Dunn, Michael Cowlin, 2009-11-06. Building Law Encyclopaedia is a concise and authoritative reference providing information in reasonable depth on an extensive number of legal terms, principles, phrases and issues that are commonly encountered in the construction industry. Most standard contracts are referred to, including the current suite of JCT Contracts, SBC, IC, ICD, MW, MWD as well as ACA, PPC 2000, GC Works 1 and NEC. In addition, some contracts which are theoretically out of date but which are still in common use are also covered. With over 1050 entries and numerous cross references, it will be an invaluable reference for architects, quantity surveyors, project managers and contractors. With detailed reference to appropriate case law and legislation, construction lawyers will also find it of considerable value in the course of their work.
