Arizona Buildings with a History! Richard Nearing, 1992-11-01 *A Brief History of Phoenix* Jon Talton, 2015 Though the new metropolis is one of America's largest many are unaware of Phoenix's rich and compelling history Built on land once occupied by the most advanced pre-Columbian irrigation society Phoenix overcame its hostile desert surroundings to become a thriving agricultural center After World War II its population exploded with the mid-century mass migration to the Sun Belt In times of rapid expansion or decline Phoenixians proved themselves to be adaptable and optimistic Phoenix's past is an engaging and surprising story of audacity vision greed and a never-ending fight to secure its future Chronicling the challenges of growth and change fourth-generation Arizonan Jon Talton tells the story of the city that remains one of American civilization's great accomplishments **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 The Palm Springs School: Desert Modernism 1934-1975 Alan Hess, 2025-02-11 Palm Springs is at the center of a unique tradition in architecture marked by invention and a sensitivity to local conditions that has resulted in design that exerts an influence far greater than the town's small size The book is the first to fully explore the wide-ranging forms this architecture has taken from houses to gas stations hotels to airports banks to restaurants and spas Much more than a resort destination Palm Springs has served as a laboratory of the Modern here so much architectural innovation and design took form From the steel and glass boxes of Richard Neutra to the earthy organic homes of John Lautner and everything in between the solutions of architects and designers including notably William F Cody E Stewart Williams and Albert Frey were diverse and are ever more relevant in the face of contemporary challenges Their answers addressed questions that still hold urgency How to design sustainably in harsh climates How to use technology efficiently and creatively to meet those challenges How to build affordable and high-quality mass-produced housing How to reflect a region's culture economy and distinctive atmosphere Architects here responded to nature's climatological demands and Palm Springs became a center for innovations that were rooted in practice more than theory Benefitting from the architectural freedoms offered by the remoteness of the California desert designers explored new approaches that we can now identify as central to the Palm Springs School shown here in rich archival and contemporary photography Arizona Highways, 1983 *The 1996 Genealogy Annual* Thomas Jay Kemp, 1997-12 The Genealogy Annual is a comprehensive bibliography of the year's genealogies handbooks and source materials It is divided into three main sections p liFAMILY HISTORIES licites American and international single and multifamily genealogies listed alphabetically by major surnames included in each book p liGUIDES AND HANDBOOKS liincludes reference and how-to books for doing research on specific record groups or areas of the U S or the world p liGENEALOGICAL SOURCES BY STATE liconsists of entries for genealogical data organized alphabetically by state and then by city or county p The Genealogy Annual the core reference book of published local histories and genealogies makes finding the latest information easy Because the information is compiled annually it is always

Steinberg,2009 This reader demands that we understand diversity and multiculturalism by identifying the ways in which curriculum has been written and taught and by redefining the field with an equitable lens freeing it from the dominant cultural curriculum The book problematizes the issue of whiteness for instance as not being the opposite of blackness or person of color but rather a meta description for our dominant culture Issues are also addressed that are usually left out of the discussion about diversity and multiculturalism this reader includes essays on physical diversity geographic diversity and difference in sexualities This is the quintessential collection of work by critical scholars committed to redefining the conversation on multiculturalism and diversity **Salt River Manifesto** Bret A. Moffett,2025-04-22 Bret Moffett brings an environmentalist's vision an engineer's rigor and a historian's sensitivity to this geographic chronicle of the Salt River He travels its length directs our attention to the hidden places and explains how Arizona harnessed its most essential central waterway to make a huge economic leap but at the cost of making a dead spot in its heart If you want to know why the state looks the way that it does lush in some lucky places dehydrated in others read this book Tom Zoellner Author of Rim to River Looking into the Heart of Arizona For more information please visit www.saltrivermanifesto.com **Resources in Education** ,2001 **Biographical and Historical Memoirs of Adams, Clay, Hall and Hamilton Counties, Nebraska, Comprising a Condensed History of the State** ,1890 **Art Books, 1876-1949** R.R.
