Arman Lart Africain:

Eternal Ancestors Barbara Drake Boehm, 2007 Many masterpieces of central African sculpture were created to amplify the power of sacred relics that affirm a family's vital connection to its ancestral heritage This important volume focusing on some 130 works representing a diverse variety of regional genres illuminates the purpose and significance of these icons of African art which first came to prominence because of their appeal to the Western avant garde While providing an overview of sources ranging from colonial explorers missionaries critics artists and art historians the book breaks new ground in its examination of the complex aesthetic and spiritual dimensions of the reliquaries Its interdisciplinary approach brings together the perspectives of scholars in African and medieval art history along with those in African history religion and ethnography Publisher *Genesis* Alisa LaGamma, 2002 The seventy five masterpieces presented here drawn from public and private American collections are among the most celebrated icons of African art works that are superb artistic creations as well as expressions of a society's most profound conceptions about its beginnings All are reproduced in color and are accompanied by entries that illuminate the distinctive cultural contexts that inspired their creation and informed their appreciation BOOK JACKET *African Faces, African Figures* Alain Nicolas, Jean-Hubert Martin, Jacques Kerchache, 1997

Arman: Works on Paper Arman, Beate Reifenscheid, Urs Roeber, 2000 Inspired by the work of Kurt Schwitters which he saw in Paris in 1954 Arman began experimenting with printmaking during the 1950s and prints and other works on paper have been an essential part of his oeuvre since then This is the first extensive retrospective and documentation of his works on paper and as such will be an essential publication on the artist's work "Nouveau R?isme, 1960s France, and the Neo-avant-garde " Jill Carrick, 2017-07-05 Jill Carrick's Nouveau R isme 1960s France and the Neo avant garde provides the first in depth historical analysis of the New Realism movement and the critical and theoretical debates it engaged This text makes available a new corpus of material the rich historical and theoretical analysis as well as the fascinating photographic documentation of artists and works from one of the most significant French art movements of the post World War II period whose literature has up to now been dominated by the terms of its founder Pierre Restany The illustrations and surprising contextual material many of which have been unearthed by the author's archival research document artwork artists collaborations and ephemeral events

McNaughton, 2002 Many elements converge in the construction of a high quality art collection making it a fascinating intellectual and emotional adventure a journey of discovery and a labour of love Formed over the course of thirty years by

Udo Horstmann and his wife the Horstmann collection is rather exceptional inasmuch as it offers a captivating vision of the variety of solutions adopted by black artists over the course of the centuries nearly 120 extraordinary sculptures figures masks household objects and weapons from Guinea Bissau Mali Burkina Faso Cote d'Ivoire Ghana Togo Nigeria Cameroon Gabon Congo Angola Zambia Zimbabwe South Africa Swaziland Mozambique Kenya and Sudan The origin of the artworks selected for their perfection transcending the mere utilitarian function touches all of the lands of the continent including the southern and eastern lands rarely so authoritatively represented in other collections and their execution covers an arc of time of several millennia The presence of ancient works contributes to the demolition of the preconception that has weighed unfairly until recent years on African art and that is the absence of evolution in the artistic creation of Black Africa and therefore of any historic quality This is a difficult negation to cancel if African sculpture is still often labeled as primitive Another meritorious quality of the Horstmanns lies in the fact that they chose the sculptures in their collection not out of any generic passion for the exotic and neither for any abstract demand for representativity of ethnicity or significance or destination but for their quality for the enchantment of the form or better of the forms Paging through the book the reader will discover that the artistic creation that is the need to give form to the formless is a common heritage of mankind shared by the artists of Black Africa

raffermir les liens de collaboration entre eux et rappeler l'engagement pris par l'Afrique afin de protéger les droits humains. L'Annuaire est une initiative importante car elle met en exergue les différents aspects normatifs et institutionnels des droits de l'homme en Afrique. Ce troisième volume de l'Annuaire est dédié au thème que l'Union africaine a retenu pour l'année 2019 : Années des réfugiés des rapatriés et des personnes déplacées. Vers des solutions durables aux déplacements forcés en Afrique. En parallèle, le Comité a entrepris et publié une cartographie des enfants en mouvement en Afrique 2019 axée sur les réfugiés, les détenus et les déplacés internes. Tirant ses fondements du mandat de protection que confère la Charte des droits de l'enfant, la cartographie attire l'attention du continent sur la protection et la promotion des droits et du bien-être des enfants en mouvement. L'accent mis sur les thèmes de l'Union africaine dans l'Annuaire permet d'examiner le degré de leur mise en œuvre et leur importance au débat sur la question des droits de l'homme en Afrique. Par ailleurs, l'accent mis sur les catégories et groupes en situations de vulnérabilité dont les enfants et les femmes sert à illustrer la nécessité de renforcer leur protection et de prioriser leur infortune. Les organes de protection des droits de l'homme devraient reconnaître sa juste valeur et reconnaître le rôle que jouent les travaux scientifiques dans la promotion des droits de l'homme. Les travaux de recherche scientifique relus et examinés par les pairs fournissent des connaissances crédibles et indépendantes sur les droits de l'homme dans un pays ou une région spécifique ainsi que dans divers contextes et domaines thématiques. Les universités jouent un rôle prépondérant dans la mise en place des ressources adéquates en matière des droits de l'homme en vue de renforcer durablement leur protection et promotion. L'Annuaire africain des droits de l'homme est un parfait exemple de l'important rôle joué par les universités dans le renforcement de la protection et de la promotion des droits de l'homme en Afrique. La profondeur des connaissances que regorge l'Annuaire peut être illustrée de par la longue liste d'universitaires et des chercheurs qui le constituent. En interrogeant et en analysant l'architecture institutionnelle et le travail des trois organes de défense des droits de l'homme, l'Annuaire joue un rôle inestimable dans l'amélioration de leur fonctionnement en tant que système collectif. Pour cette raison, il est essentiel que le Comité, la Commission et la Cour prennent note des diverses recommandations découlant des recherches entreprises et les appliquent le cas échéant pour une meilleure protection et promotion des droits de l'homme en Afrique.
