**Folk Art Potters of Japan** Brian Moeran, 2013-12-19 This is a study of a group of potters living in a small community in the south of Japan and about the problems they face in the production marketing and aesthetic appraisal of a kind of stoneware pottery generally referred to as mingei or folk art It shows how different people in an art world bring to bear different sets of values as they negotiate the meaning of mingei and try to decide whether a pot is art folk art or mere craft At the same time this book is an

unusual monograph in that it reaches beyond the mere study of an isolated community to trace the origins and history of folk art in general. By showing how a set of aesthetic ideals originating in Britain was taken to Japan and thence back to Europe and the United States as a result of the activities of people like William Morris, Yanagi Sōetsu, Bernard Leach and Hamada Shōji, this book rewrites the history of contemporary western ceramics. **Library Catalog** Metropolitan Museum of Art (New York, N.Y.), 1960

**The Market and its Critics (Routledge Revivals)** Noel Thompson, 2014-10-03. The Market and Its Critics first published in 1988 considers the reaction of socialist writers to the growth of the market economy in nineteenth century Britain and examines in detail the diverse elements of the critique which they formulated. Dr Thompson looks at the theoretic and thematic continuities and discontinuities over the century, structuring his study around the idea of a changing socialist response to the market economy. Much of the literature in question is comprehensive, perceptive and acute. However, the writers invariably discounted the possibility of the market playing a role in a future socialist or communist commonwealth. The solutions they posited to the problem were inapplicable to the increasingly industrial economy of the time. It was this that left their writing vulnerable to attack and which had profound consequences both for the fate of the socialist political economy in nineteenth century Britain and its subsequent evolution in the twentieth century. *Journal of the Society of Arts*, 1898
