Armageddon Now

Richard G. Kyle

Armageddon Now:

Armageddon Now: A Black OPS Novel Michael Kasner, 2022-10-15 From Action Adventure novelist Michael Kasner comes a covert military thriller series Formed by an elite cadre of government officials the five member Black OPS team goes where the law can't to seek retribution for acts of terror directed against Americans anywhere in the world BLACK OPS BOOK TWO AMERICA ON THE VERGE OF AN ETHNIC CIVIL WAR The Black OPS team has dealt with foreign terrorists aboard but now the carnage is the bloody handiwork of Americans as Los Angeles turns into a powder keg in an interracial war that threatens to sweep the county Deployed to infiltrate the gangs to trace the weapons flooding L A to their source the five member Black OPS commandos uncover a trail of diabolical horror leading to the gruesome vision of social engineering In the tradition of Don Pendleton's Executioner Mack Bolan and Warren Murphy's Destroyer classic paperback book series

Armageddon Now Jim Willis, Barbara Willis, 2005-09-01 Covering all doomsday prophecies whether by fire or ice bang or whimper asteroid or alien act of God or human folly Environmental disasters ebola outbreaks war in the Middle East political riots and upheavals may all be signs that the end times are coming The timeless notion that the end is near is once again exerting a powerful influence on politics religion and pop culture Omens and prophecies asteroid collisions and nuclear war global warming and virus pandemics alien intervention act of God or human folly doomsday prophecies abound within the pages of Armageddon Now The End of the World A to Z as we speculate how we might soon greet the eve of destruction From alpha to omega and predictions from Nostradamus to the ancient Mayans this tome is packed with 200 entries 100 illustrations and an extensive index Satan saints survivalists and evangelical preachers known for their views on biblical prophecies receive their due The End has never been so thoroughly covered as in Armageddon Now It's the last word for the end user So don't be left behind Save yourself by buying this book [Armageddon Now!](#) Dwight Julian Wilson, 1975

[Apocalypse Now: The Rocks Cry Out](#) Donald Alexander, 2020-02-18 Nuclear scientist decodes evidence of global flooding that warns of an ominous unstoppable disaster already set in motion Since the Cambrian Explosion of Life Earth has passed through 6 Apocalyptic Cycles and is now at the beginning of the 7th Apocalypse How could entire new ocean floors have formed in just the last 2% of geologic time The geologic record proves that the surface of the Earth has been hammered into its present form by catastrophism not uniformitarianism placing great doubt on evolution The Rock Record provides undeniable evidence of oceans within the Great Deep that are cycled with surface oceans Formation of massive salt deposits are formed by tectonics not just evaporation This plate tectonics cycle appears to be driven by extraterrestrial impacts and or nuclear explosions at the Core Mantle boundary deep in the Earth that cyclically shatter the Earth's crust by seismic waves Evidence carved in stone by an extinct civilization appears to confirm the Apocalyptic record *Apocalypse Now Volume 2: Revelation's Fifth Seal* Matthew A. Petti, 2013-02-24 Apocalypse translated literally from Greek is a disclosure of knowledge hidden from humanity in an era dominated by falsehood and misconception i.e. a lifting of the veil or revelation although this

sense did not enter English until the 14th century In religious contexts it is usually a disclosure of something hidden In the Revelation of John the last book of the New Testament the revelation which John receives is that of the ultimate victory of good over evil and the end of the present age and that is the primary meaning of the term one that dates to 1175 Today it is commonly and erroneously used in reference to any prophetic End Time scenario or to the end of the world in general The key to the cryptic message in the book of Revelation is in the Metaphysics of Truth THE TRUTH IS ALWAYS TRYING TO REVEAL ITSELF TO US The Apocalypse Now Series is a new perspective on Revelation s prophecy and reading the first volume is paramount to understanding this new perspective Here in Volume 2 Revelation s fifth seal is significant in pointing to the certainty of life in the hereafter but more importantly it helps to uncover our false beliefs regarding the destiny of our souls after we die Many believe we will be awakened upon death but we demonstrate our death as the result of our failure to be awakened here on earth which implies much more What does that mean for we who have undying faith in Christ s redemption Is there redemption through Christ after death or is there more to it Discover the mysteries of Revelation s fifth seal as the secrets to our life s journey continue to be exposed in Volume 2 of the Apocalypse Now Series Where did we come from What is our purpose What is our destiny Read each of the 5 volumes of the Apocalypse Now series for an unprecedented solution to the most fundamental and important questions to our human existence **Apocalypse Now and Then** Catherine Keller,2004-12-01 In her brilliant wide ranging nuanced study of apocalypse Keller has written a definitive cultural and theological essay In this book she is doing the work of the true intellectual providing learned passionate guidance for living the good life all of us together here and now on our planet Sallie McFague Distinguished Theologian in Residence Vancouver School of Theology A richly evocative exploration of apocalyptic s ambiguous possibilities Inspiring in the fullest personal political and religious senses of the term Kathryn Tanner University of Chicago Divinity School Catherine Keller is a poet among theologians Her writing attains imaginative heights and depths that expose the flatly prosaic character of most theological work One finds oneself lingering over sentences images and tropes hearing them resonate with connections and insights Peter Hodgson Journal of the American Academy of Religion **Apocalyptic Fever** Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In Apocalyptic Fever Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism

Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more

Apocalypse Now? Duncan B. Forrester, 2017-03-02 How may people of faith respond wisely constructively and courageously to the challenges of a time of terror How might religious reasons in public debate be a force for reconciliation rather than violence and hatred In a world in which religious arguments and religious motivations play such a huge public role there is an urgent responsibility for interpreting what is happening and engaging with religious views which are commonly regarded as alien threatening or dangerous In *Apocalypse Now* Duncan Forrester argues that disorders and atrocities which include the Gulag the Holocaust 9 11 the Afghanistan and Iraq wars and the Tsunami disaster have shown us that we stand not at the end of history but in the midst of an apocalyptic age of terror which has striking similarities to the time in which Christianity was born Moving between two times of terror the early Centuries of Christianity and today Forrester asks how religious motivations can play a positive role in the midst of conflicts and disasters Reading the signs of the times to try to understand what is happening in today's age of terror Forrester argues that there are huge resources in the Christian tradition that can be productively deployed for a more constructive and faithful response We are at a turning point this is a book which should be read

A History of the Apocalypse Catalin Negru, 2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history

Apocalypse Now Now Charlie Human, 2019-01-22 Baxter Zevcenko is your average 16 year old boy If by average you mean kingpin of a porn peddling schoolyard syndicate and a possible serial killer who suffers from weird historical dreams Baxter is the first to admit that he's not a nice guy After all high school is a gaping icy abyss and Baxter is not about to allow anybody to drag him down That is until his girlfriend Esme is kidnapped and the clues point toward supernatural forces at work Faced with navigating the increasingly bizarre landscape of Cape Town's supernatural underworld Baxter turns to the only person drunk enough to help bearded booze soaked supernatural bounty hunter Jackson Jackie Ronin On a mission that takes them through the realms of impossibility they face every conceivable nightmare to rescue Esme including the odd brush with the Apocalypse

Apocalypse Now Redux, 2005 **American Christians and Islam** Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion

provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims. Yet as Thomas Kidd reveals in this sobering book, the conflicted views expressed by today's evangelicals have deep roots in American history. Tracing Islam's role in the popular imagination of American Christians from the colonial period to today, Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding. He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post-World War II era. Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end-times narratives. Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion, Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world. *American Christians and Islam* is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today.

When Time Shall Be No More Paul Boyer, 1994-01-01 As influential as prophecy is in the worldview of so many, the belief in the phenomenon remains a popular mystery largely unstudied and little understood. *When Time Shall Be No More* offers for the first time an in-depth look at the subtle, pervasive ways in which prophecy belief shapes contemporary American thought and culture.

Arguing the Apocalypse Stephen D. O'Leary, 1998-08-20 Apocalyptic expectations of Armageddon and a New Age have been a fixture of the American cultural landscape for centuries. With the approach of the year 2000, such millennial visions seem once again to be increasing in popularity. Stephen O'Leary sheds new light on the age-old phenomenon of the End of the Age by proposing a rhetorical explanation for the appeal of millennialism. Using examples of apocalyptic argument from ancient to modern times, O'Leary identifies the recurring patterns in apocalyptic texts and movements and shows how and why the Christian Apocalypse has been used to support a variety of political stances and programs. The book concludes with a critical review of the recent appearances of doomsday scenarios in our politics and culture and a meditation on the significance of the Apocalypse in the nuclear age. *Arguing the Apocalypse* is the most thorough examination of its subject to date, a study of a neglected chapter of our religious and cultural history, a guide to the politics of Armageddon, and a map of millennial consciousness.

Left Behind: Separating Fact from Fiction Gary DeMar, 2009

Snapshots and Visions Jim Willis, 2009-02-05 You have the power to reinvent yourself. The power lies not in your mind alone. It's also in your genes and DNA. It's what makes us human. Humans change; that's the essence of life. Everything from the smallest plant to the largest mountain is in the process of change. And that's especially true with human beings. We can't always recognize it when it happens slowly, and we learn to adjust to the differences. But when a living organism stops changing, it dies. I'm not just

talking about simple physical changes here Those changes are not that important really They re going to happen one way or another whether we are conscious of them or not I m talking about psychological emotional and spiritual changes the kinds of changes for instance that mold children into mature emotionally balanced adults Each of us by the time we hit senior citizenship will have made countless choices and agonized over millions of decisions We tend to think of them as either good or bad Some of them led to happy productive constructive events Others got us into a world of trouble But from the perspective of age every choice was good in this sense it offered the opportunity to learn something Right or wrong good or bad whatever the consequences that followed our decision we learned from what we have done That kind of learning is called experience That s all experience is living through the consequences of choices and remembering what happened

From Hanoi to Hollywood Linda Dittmar, Gene Michaud, 1990 This volume is about power It is about the power to make war and to destroy lives It is also about another kind of power the power to make images that may distort displace and destroy knowledge of the times in which those lives were lived Many of the nineteen essays gathered in this volume are about the interrelationships between these two types of power They demonstrate as well yet another type of power the power of critical thinking to challenge dangerous myths and to confront prevailing ideologies The title of this anthology calls attention to the process whereby aspects of the Vietnam War have been appropriated by the American cultural industry Probing the large body of emotion laden controversial films *From Hanoi to Hollywood* is concerned with the retelling of history and the retrospection that such a process involves In this anthology an awareness of film as a cultural artifact that molds beliefs and guides action is emphasized an awareness that the contributors bring to a variety of films Their essays span over one hundred documentary and fiction films and include in depth analyses of major commercial films ranging from *Apocalypse Now* to *Platoon* *Rambo First Blood Part II* and *Full Metal Jacket* and documentaries from *In the Year of the Pig* to *Dear America Letters Home from Vietnam* The essays in this volume deal with representations of the Vietnam war in documentary film and television reporting examining the ways the power of film is used to deliver political messages There are surprises here new readings and important insights on the ways we as a society have attempted to come to terms with the experiences of the Vietnam era The book also contains two appendixes a detailed chronology charting the relationship between major historical events and the release of American war films from 1954 through 1988 and a filmography listing information on over four hundred American and foreign films about the Vietnam War

Fast Facts on Jehovah's Witnesses John Ankerberg, John Weldon, 2012-01-10 From blood transfusions to salvation by works John Ankerberg and John Weldon expose the unorthodox doctrines that put Jehovah s Witnesses at risk physically and spiritually With its easy to follow question and answer format this book allows readers to quickly discover Who founded Jehovah s Witnesses and why why medical care essential to life is refused why few Jehovah s Witnesses look forward to eternal life in God s presence how many Jehovah s Witnesses prophecies have failed and why how Jehovah s Witnesses view and interpret God s Word Whether looking for

specific teachings or an overall understanding of Jehovah's Witness beliefs and practices readers will find this guide delivers the information in a concise practical manner Jehovah's Witnesses Edmond C. Gruss, 2001 **The Case for Zionism** Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day
