Arms Control And Defense Postures In The 1980s:

Arms Control and Defense Postures in the 1980s Richard Burt, 1982 **Arms Control And Defense Postures In The 1980s** Richard Burt, 2019-08-27 The current standstill in U S Soviet arms limitation negotiations has raised a number of questions about the effectiveness of arms limitation treaties whether it is possible to negotiate an arms control agreement that would actually cut back on U S and Soviet strategic arsenals and how such an arms reduction could be accomplished The authors of this book explore the problems of arms competition in the 1980s and stress the need for a complete reassessment of U S security interests lest negotiations become curiously disconnected from defense policy To protect national interests they assert future arms limitation talks must allow for effective unilateral response to new classes of military problems and technologies Each contributor addresses a specific area of arms negotiations identifying various options outlining potential outcomes and discussing whether the talks actually are focusing on the right military issues The book also provides an overview of previous U S arms limitation strategies and describes the Soviet approach to integrating national security with arms control policies _ **Fiscal Year 1980 Arms Control Impact Statements** United States. Jr. Kennedy, 2018-10-24 First published in 1993 This volume edited jointly by the American strategic expert Robert Kennedy and the German peace researcher Hans Giinter Brauch takes up conceptual ideas developed by Horst Afheldt and Carl Friedrich von Weizsacker as well as others on both sides of the Atlantic since the 1960s Our aim has been to contribute to the development of concepts that would reduce the danger of a third world war by the creation of more stable structures in the context of a defensively oriented conventional defense posture In this volume a variety of alternative approaches to European conventional defense driven for the most part by similar strategic considerations are presented by German and American experts to a larger international audience *Hearings on Military Posture and H.R. 1872 (H.R. 4040), Department of Defense Authorization for Appropriations for Fiscal Year 1980, and H.R. 2575 (S. 429), Department of Defense Supplemental Authorization for Appropriations for Fiscal Year 1979, Before the Committee on Armed Services, House of Representatives, Ninety-sixth Congress, First Session: Research and development* United States.
