Arnold Bennett The Critical Heritage:

Arnold Bennett James Hepburn, 2013-06-17 This set comprises forty volumes covering nineteenth and twentieth century European and American authors. These volumes will be available as a complete set, mini boxed sets by theme or as individual volumes. This second set complements the first sixty-eight volume set of Critical Heritage published by Routledge in October 1995. Arnold Bennett James Hepburn, 1981 Evelyn Waugh, the Critical Heritage Martin Stannard, 1984 Verzameling reacties en kritieken bij het verschijnen van het werk van de Engelse auteur 1903-1966 *Mark Twain: the Critical Heritage* Frederick Anderson, 1971 Jane Austen: the Critical Heritage B. C. Southam, 1968 **Shaw and Other Playwrights** John Anthony Bertolini, 1993 The early conclusion that Shaw was mainly a magpie following the trails of many thinkers has led to the further consequence of neglecting Shaw's relationship to other playwrights. This volume of SHAW explores Shaw's plays as inheritances and inspirations of dramatic art and also locates Shaw himself as a presence in the work of his contemporaries and successors. The volume concentrates on Shaw in relation to other modern British playwrights notably Wilde, Bennett, Rattigan, the Court Theatre playwrights and Shaw's successors from Coward to Stoppard. Gwyn Thomas's 1975 BBC play *The Ghost of Adelphi Terrace* puts Shaw and Barrie together on stage and Shaw's 20 June 1937 Sunday Graphic obituary tribute to Barrie demonstrates Shaw's high regard for his contemporary and near neighbor. There are also essays on how Shaw came increasingly to resemble Strindberg as a dramatist on the requirements of acting and directing Shaw alongside his contemporaries at the Shaw Festival at Niagara on the Lake and on *Heartbreak House* as a complex dialogue with Chekhov, Shakespeare and Strindberg. John R. Pfeiffer has prepared a special bibliography of sources relating to Shaw and other playwrights in addition to the Continuing Checklist of Shawiana and Dan H. Laurence has provided Shaw's pronunciation guide for the more troublesome names of his stage characters. There are also reviews of four recent additions to Shawian scholarship. Contributors include John A. Bertolini, Fred D. Crawford, R. F. Dietrich, T. F. Evans, A. M. Gibbs, Leon H. Hugo, Christopher Newton, Sally Peters, John R. Pfeiffer, Evert Sprinchorn and Stanley Weintraub. **New Essays on A Farewell to Arms** Scott Donaldson, 1990-10-26 Publisher Description *The Oxford English Literary History: Volume 10: 1910-1940: The Modern Movement* Chris Baldick, 2005-11-10 This exciting new volume provides a freshly inclusive account of literature in England in the period before, during and after the First World War. Chris Baldick places the modernist achievements of Virginia Woolf, T. S. Eliot and James Joyce within the rich context of non-modernist writings across all major genres, allowing high literary art to be read against the background of low entertainment. Looking well beyond the modernist vanguard, Baldick highlights the survival and renewal of realist traditions in these decades of post-Victorian disillusionment. Ranging widely across psychological novels, war poems, detective stories, satires and children's books, *The Modern Movement* provides a unique survey of the literature of this turbulent time. **James Joyce: the Critical Heritage: 1928-1941** Robert H. Deming, 1970 The Cambridge Companion to Ulysses Sean Latham, 2014-10-27 Through a series of incisive and

insightful essays by accomplished scholars this Companion offers readers a new window to the world of Ulysses *The Modern Movement* Chris Baldick, 2004 A major new survey of literature in England during the first half of the twentieth century Chris Baldick places modernist with non modernist writings high art with low entertainment The Modern Movement ranges broadly covering psychological novels war poems detective stories satires children s books and other literary forms evolving in response to the new anxieties and exhilarations of twentieth century life **Railways and Culture in Britain** Ian Carter, 2001 The 19th century steam railway epitomized modernity s relentlessly onrushing advance Ian Carter delves into the cultural impact of the train Why for example did Britain possess no great railway novel He compares fiction and images by canonical British figures Turner Dickens Arnold Bennett with selected French and Russian competitors Tolstoy Zola Monet Manet He argues that while high cultural work on the British steam railway is thin British popular culture did not ignore it Detailed discussions of comic fiction crime fiction and cartoons reveal a popular fascination with railways tumbling from vast and hitherto unexplored stores of critically overlooked genres **Realism, Form, and Representation in the Edwardian Novel** Charlotte Jones, 2021 Charts developments in literary realism between fin de si cle naturalism and early modernism by examining a wide range of realist novels from the Edwardian period focusing in particular on works by Joseph Conrad May Sinclair Arnold Bennett H G Wells and Ford Madox Ford **War and the Cultural Construction of Identities in Britain** , 2021-12-28 The British have been involved in numerous wars since the Middle Ages Many if not all of these wars have been re constructed in historical accounts in the media and in the arts and have thus kept the nation s cultural memory of its wars alive Wars have influenced the cultural construction and reconstruction not only of national identities in Britain personal communal gender and ethnic identities have also been established shaped reinterpreted and questioned in times of war and through its representations Coming from Literary Film and Cultural Studies History and Art History the contributions in this multidisciplinary volume explore how different cultural communities in the British Isles have envisaged war and its significance for various aspects of identity formation from the Middle Ages through to the 20th century **Reading, Publishing and the Formation of Literary Taste in England, 1880-1914** Mary Hammond, 2017-05-15 Between 1880 and 1914 England saw the emergence of an unprecedented range of new literary forms from Modernism to the popular thriller Not coincidentally this period also marked the first overt references to an art market divide through which books took on new significance as markers of taste and class Though this division has received considerable attention relative to the narrative structures of the period s texts little attention has been paid to the institutions and ideologies that largely determined a text s accessibility and circulated format and thus its mode of address to specific readerships Hammond addresses this gap in scholarship asking the following key questions How did publishing and distribution practices influence reader choice Who decided whether or not a book was a classic In a patriarchal class bound literary field how were the symbolic positions of author and reader affected by the increasing numbers of women who not only bought and borrowed but

also wrote novels Using hitherto unexamined archive material and focussing in detail on the working practices of publishers and distributors such as Oxford University Press and W H Smith and Sons Hammond combines the methodologies of sociology literary studies and book history to make an original and important contribution to our understanding of the cultural dynamics and rhetorics of the fin de si cle literary field in England Turgenev and the Context of English Literature 1850-1900 Glyn Turton,2002-01-31 Examines the cultural outlook in the Anglo Saxon world in this period through an analysis of the reception of Turgenev s work in translation in a number of writers including Henry James and George Gissing *Modernism Reconsidered* Robert Kiely,John Hildebidle,1983 James Joyce, the Critical Heritage: 1902-1927 Robert H. Deming,1970 **The Centre of Things** Christopher Harvie,2005-08-02 An historical and critical work on the role of fiction in British politics focusing on Disraeli Galt Eliot Trollope Wells and Cary among others This witty book is the first treatment of its subject for nearly seventy years **On Or about December 1910** Peter Stansky,1996 Peter Stansky paints a picture of the changing world in which the Bloomsbury set moved as the watershed to a new and more open society where for example E M Forster could write about love between men and new artforms were in full bloom
