However, the intersection between the two arts and nature and their combined effect on wellbeing has received limited attention. Through five research-based and seven practice-based chapters, this book draws upon arts in nature practices that incorporate visual arts, music, movement, drama and poetry in a range of natural environments such as forests, beaches, greenhouses, parks, community areas and school playgrounds. *Arts in Nature with Children and Young People* will appeal to anyone working with children and young people, including mental health and healthcare professionals, teachers, researchers, artists and arts therapists.
