Art Religion 1921:

Art and Religion - 1921 Von Ogden Vogt, 2006-01-01 One puts forth any venture of constructive suggestion for these confused times only with the greatest diffidence knowing far better than any critic can know the weaknesses and ignorances revealed Yet there need be no diffidence about any fresh testimony that beauty is desirable and good nor about the consequent contention that the religion of Protestantism stands profoundly in need of realizing it This together with some practical explications is all I want to say to churchmen To artists and lovers of the beautiful I want to speak my definite expectation of a time soon to come again when patrons of the arts will see in the religious institution an incomparable opportunity for the most pervasive influence of beauty upon the people Every church building in village or city should itself be a noble work of art And the arts have each a proper place in the fostering of the supreme experience of worship **The Rise of Liberal Religion** Matthew Hedstrom, 2013 Winner of the Frank S and Elizabeth D Brewer Best First Book Prize of the American Society of Church History Society for U S Intellectual History Notable Title in American Intellectual History The story of liberal religion in the twentieth century Matthew S Hedstrom contends is a story of cultural ascendancy This may come as a surprise most scholarship in American religious history after all equates the numerical decline of the Protestant mainline with the failure of religious liberalism Yet a look beyond the pews into the wider culture reveals a more complex and fascinating story one Hedstrom tells in The Rise of Liberal Religion Hedstrom attends especially to the critically important yet little studied arena of religious book culture particularly the religious middlebrow of mid century as the site where religious liberalism was most effectively popularized By looking at book weeks book clubs public libraries new publishing enterprises key authors and bestsellers wartime reading programs and fan mail among other sources Hedstrom is able to provide a rich on the ground account of the men women and organizations that drove religious liberalism's cultural rise in the 1920s 1930s and 1940s Critically by the post WWII period the religious middlebrow had expanded beyond its Protestant roots using mystical and psychological spirituality as a platform for interreligious exchange This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth century religious practices but also provides a model for thinking about the relationship of religion to consumer culture more broadly In this way The Rise of Liberal Religion offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times **Religion and Law in Serbia** Marko Nikolić, Vladimir Davidović†, Darko Tanasković, Mileta Radojević†, 2024-04-17 Derived from the renowned multi volume International Encyclopaedia of Laws this convenient resource provides systematic information on how Serbia deals with the role religion plays or can play in society the legal status of religious communities and institutions and the legal interaction among religion culture education and media After a general introduction describing the social and historical background the book goes on to explain the legal framework in which religion is approached Coverage proceeds from the principle of religious freedom through the rights and contractual

obligations of religious communities international transnational and regional law effects and the legal parameters affecting the influence of religion in politics and public life Also covered are legal positions on religion in such specific fields as church financing labour and employment and matrimonial and family law A clear and comprehensive overview of relevant legislation and legal doctrine make the book an invaluable reference source and very useful guide Succinct and practical this book will prove to be of great value to practitioners in the myriad instances where a law related religious interest arises in Serbia Academics and researchers will appreciate its value as a thorough but concise treatment of the legal aspects of diversity and multiculturalism in which religion plays such an important part

Religious Aesthetics Frank Burch Brown, 1993-05-09

In this groundbreaking work Brown shows how aesthetics no less than ethics can play a central role in the study of religion and in the practice of theology An important book wide ranging often very witty showing an impressive grasp of the current state of aesthetics and possible new directions Nick McAadoo British Journal of Aesthetics

Books of 1912- Chicago Public Library, 1923

Christian Worship in North America James F. White, 2007-12-01 In recent years scholars have paid increasing attention to the richness and diversity of North American contributions to Christian worship This volume of articles by James F White summarizes a major segment of liturgical history 1955 1995 Characteristic North American emphases such as liturgy and justice are highlighted along with other issues growing out of the worship context of the New World

Risking Immeasurable Harm Benjamin C. Montoya, 2020-04 The debate over restricting the number of Mexican immigrants to the United States began early in the twentieth century a time when U S Mexican relations were still tenuous following the Mexican Revolution and when heated conflicts over mineral rights primarily oil were raging between the two nations Though Mexico had economic reasons for curbing emigration the racist tone of the quota debate taking place in the United States offended Mexicans national pride and played a large part in obstructing mutual support for immigration restriction between the United States and Mexico *Risking Immeasurable Harm* explains how the prospect of immigration restriction affects diplomatic relations by analyzing U S efforts to place a quota on immigration from Mexico during the late 1920s and early 1930s The controversial quota raised important questions about how domestic immigration policy debates had international consequences primarily how the racist justifications for immigration restriction threatened to undermine U S relations with Mexico Benjamin C Montoya follows the quota debate from its origin in 1924 spurred by the passage of the Immigration Act to its conclusion in 1932 He examines congressional policy debate and the U S State Department s steady opposition to the quota scheme Despite the concerns of American diplomats in 1930 the Senate passed the Harris Bill which singled out Mexico among all other Latin American nations for immigration restriction The lingering effects of the quota debates continued to strain diplomatic relations between the United States and Mexico beyond the Great Depression Relevant to current debates about immigration and the role of restrictions in inter American diplomacy *Risking Immeasurable Harm* demonstrates the correlation of immigration restriction and diplomacy the ways racism can affect

diplomatic relations and how domestic immigration policy can have international consequences **Statistics of**

 Kantor,2003-08-29 An intellectual biography of Alfred H Barr Jr founding director of the Museum of Modern Art Growing up
 with the twentieth century Alfred Barr 1902 1981 founding director of the Museum of Modern Art harnessed the cataclysm
 that was modernism In this book part intellectual biography part institutional history Sybil Gordon Kantor tells the story of
 the rise of modern art in America and of the man responsible for its triumph Following the trajectory of Barr s career from
 the 1920s through the 1940s Kantor penetrates the myths both positive and negative that surround Barr and his
 achievements Barr fervently believed in an aesthetic based on the intrinsic traits of a work of art and the materials and
 techniques involved in its creation Kantor shows how this formalist approach was expressed in the organizational structure of
 the multidepartmental museum itself whose collections exhibitions and publications all expressed Barr s vision At the same
 time she shows how Barr s ability to reconcile classical objectivity and mythic irrationality allowed him to perceive
 modernism as an open ended phenomenon that expanded beyond purist abstract modernism to include surrealist nationalist
 realist and expressionist art Drawing on interviews with Barr s contemporaries as well as on Barr s extensive correspondence
 Kantor also paints vivid portraits of among others Jere Abbott Katherine Dreier Henry Russell Hitchcock Philip Johnson
 Lincoln Kirstein Agnes Mongan J B Neumann and Paul Sachs *A History of the Ancient World* Mikhail Rostovtzeff,1926
