Art And The Reformation In Germany:

Art and the Reformation in Germany Carl C. Christensen, 1979-01-01 **Renaissance and Reformation** The Staatliche Museen Zu Berlin, Staatliche Kunstsammlungen Dresden, Bayerische Staatsgemäldesammlungen Munch, 2016-11-20 On the 500th anniversary of Martin Luther's 95 Theses this opulent book presents a colorful introduction to Renaissance art and history featuring more than a hundred outstanding paintings drawings prints sculptures and treasures of the Age of the Reformation this publication comprises masterpieces by Albrecht Dürer Lucas Cranach the Elder and Lucas Cranach the Younger Hans Holbein the Elder and Hans Holbein the Younger Matthias Grünewald and Tilman Riemenschneider among others By placing these works in their historical context this beautifully illustrated book uses art as a prism through which to consider the religious social and political upheavals of the time The volume includes insightful texts that discuss pivotal subjects such as traditional imagery and devotion Reformation and polemics court life and culture humanism and reality as well as portraiture and representation Biographies of the artists an extensive bibliography and a glossary of central terms concerning the German Reformation make this a comprehensive study of a fascinating period in European art history **The History of the Protestant Reformation in Germany and Switzerland** Martin John Spalding, 1875

Art and the Reformation Linda B. Parshall, Peter W. Parshall, 1986 **Renaissance & Reformation**, 2016 Featuring more than a hundred outstanding paintings drawings prints sculptures and treasures of the Age of the Reformation this publication comprises masterpieces by Albrecht Dürer Lucas Cranach the Elder and Lucas Cranach the Younger Hans Holbein the Elder and Hans Holbein the Younger Matthias Grünewald and Tilman Riemenschneider among others By placing these works in their historical context this beautifully illustrated book uses art as a prism through which to consider the religious social and political upheavals of the time The volume includes insightful texts that discuss pivotal subjects such as traditional imagery and devotion Reformation and polemics court life and culture humanism and reality as well as portraiture and representation Biographies of the artists an extensive bibliography and a glossary of central terms concerning the German Reformation make this a comprehensive study of a fascinating period in European art history **Sodomy in Reformation Germany and Switzerland, 1400-1600** Helmut Puff, 2003-06 During the late Middle Ages a considerable number of men in Germany and Switzerland were executed for committing sodomy Even in the seventeenth century simply speaking of the act was cause for censorship Here in the first history of sodomy in these countries Helmut Puff argues that accusations of sodomy during this era were actually crucial to the success of the Protestant Reformation Drawing on both literary and historical evidence Puff shows that speakers of German associated sodomy with Italy and increasingly Catholicism As the Reformation gained momentum the formerly unspeakable crime of sodomy gained a voice as Martin Luther and others deployed accusations of sodomy to discredit the upper ranks of the Church and to create a sense of community among Protestant believers During the sixteenth century reactions against this defamatory rhetoric and fear that

mere mention of sodomy would incite sinful acts combined to repress even court cases of sodomy Written with precision and meticulously researched this revealing study will interest historians of gender sexuality and religion as well as scholars of medieval and early modern history and culture Library of Congress Subject Headings Library of Congress,1998

Medieval and Reformation Germany (to 1648) Lawrence D. Stokes,1972 **Lutheran Churches in Early Modern Europe** Andrew Spicer,2016-12-05 Until recently the impact of the Lutheran Reformation has been largely regarded in political and socio economic terms yet for most people it was not the abstract theological debates that had the greatest impact upon their lives but what they saw in their parish churches every Sunday This collection of essays provides a coherent and interdisciplinary investigation of the impact that the Lutheran Reformation had on the appearance architecture and arrangement of early modern churches Drawing upon recent research being undertaken by leading art historians and historians on Lutheran places of worship the volume emphasises often surprising levels of continuity reflecting the survival of Catholic fixtures fittings and altarpieces and exploring how these could be remodelled in order to conform with the tenets of Lutheran belief The volume not only addresses Lutheran art but also the way in which the architecture of their churches reflected the importance of preaching and the administration of the sacraments Furthermore the collection is committed to extending these discussions beyond a purely German context and to look at churches not only within the Holy Roman Empire but also in Scandinavia the Baltic States as well as towns dominated by Saxon communities in areas such as in Hungary and Transylvania By focusing on ecclesiastical material culture the collection helps to place the art and architecture of Lutheran places of worship into the historical political and theological context of early modern Europe The Longman Companion to the European Reformation, C. 1500-1618 Mark Greengrass,1998 Of the dates for Luther s career and evidence for his theological development The indulgences dispute 1514 18 Broadening conflict 1518 19 Luther s excommunication 1520 21 Sect 4 The implantation of the reformation in Germany Scandinavian lands and Swiss cantons The Holy Roman Empire Reformation and reaction in selected German principalities The Great Peasants War 1524 26 The German reformation in its urban setting Imperial leagues The reformation in Baltic lands The reformation in Switzerland Sect 5 Sectarian lineages Radical typologies Early enthusiasts and lay preachers Anabaptist persecution and diaspora The anabaptist rising at Munster Spiritualists Refugee radicals Unitarian churches **Art and Religious Reform in Early Modern Europe** Bridget Heal,Joseph Leo Koerner,2017-11-29 The religious turmoil of the sixteenth century constituted a turning point in the history of Western Christian art The essays presented in this volume investigate the ways in which both Protestant and Catholic reform stimulated the production of religious images drawing on examples from across Europe and beyond Eight essays by leading scholars in the field Brings art historians and historians into productive dialogue Broad chronology from the sixteenth to the eighteenth century Broad geographical coverage Richly illustrated Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office,2003 **The Word in the Wilderness** Alexander Lawrence

Ames,2020-06-29 Once a vibrant part of religious life for many Pennsylvania Germans in the eighteenth and nineteenth centuries Fraktur manuscripts today are primarily studied for their decorative qualities The Word in the Wilderness takes a different view probing these documents for what they tell us about the lived religious experiences of the Protestant communities that made and used them and opening avenues for reinterpretation of this well known if little understood set of cultural artifacts The resplendent illuminated religious manuscripts commonly known as Fraktur have captivated collectors and scholars for generations Yet fundamental questions about their cultural origins purpose and historical significance remain Alexander Lawrence Ames addresses these by placing Fraktur manuscripts within a Pietist paradigm grounded in an understanding of how their makers viewed the Word or scripture His analysis combines a sweeping overview of Protestant Christian religious movements in Europe and early America with close analysis of key Pennsylvania devotional manuscripts revealing novel insights into the religious utility of calligraphy manuscript illumination and devotional reading as Protestant spiritual enterprises Situating the manuscripts in the context of transatlantic religious history early American spirituality material culture studies and the history of book and manuscript production Ames challenges long held approaches to Pennsylvania German studies and urges scholars to engage with these texts and with their makers and users on their own terms Featuring dozens of illustrations this lively engaging book will appeal to Fraktur scholars and enthusiasts historians of early America and anyone interested in the material culture and spiritual practices of the German speaking residents of Pennsylvania *Library of Congress Subject Headings* Library of Congress. Artful Armies, Beautiful Battles Pia F. Cuneo,2021-12-28 Warfare and the circumstances surrounding it have often provided important impulses for cultural production This book explores the relationship between warfare and image making in the early modern period Rather than dealing with images simply as reproductions of actual events the volume demonstrates complex processes by which political national and social identities are negotiated and fashioned in warfare imagery The book analyses three main issues the impact of war on art the ways in which warfare imagery supports dominant ideologies and the manner in which such imagery also constructs alternative identities The essays offer a broad range of methodologies while dealing with a wide array of chronological geographical and artistic materials Historians and art historians will find this volume particularly useful in its nuanced examination of the relationship between art and history

Censorship and Civic Order in Reformation Germany, 1517-1648 Allyson F. Creasman,2016-04-15 The history of the European Reformation is intimately bound up with the development of printing With the ability of the printed word to distribute new ideas theologies and philosophies widely and cheaply early modern society was quick to recognise the importance of being able to control what was published Whilst much has been written on censorship within Catholic lands much less scholarship is available on how Protestant territories sought to control the flow of information In this ground breaking study Allyson F Creasman reassesses the Reformation s spread by examining how censorship impacted upon public

support for reform in the German cities Drawing upon criminal court records trial manuscripts and contemporary journals mainly from the city of Augsburg the study exposes the networks of rumour gossip cheap print and popular songs that spread the Reformation message and shows how ordinary Germans adapted these messages to their own purposes In analysing how print and oral culture intersected to fuel popular protest and frustrate official control the book highlights the limits of both the reformers s influence and the magistrates s authority The study concludes that German cities were forced to adapt their censorship policies to the political and social pressures within their communities in effect meaning that censorship was as much a product of public opinion as it was a force acting upon it As such this study furthers debates not only on the spread and control of information within early modern society but also with regards to where exactly within that society the impetus for reform was most strong

The Moment of Self-Portraiture in German Renaissance Art Joseph Leo Koerner, 1993 So foundational is this invention to modern aesthetics Koerner argues that interpreting it takes us to the limits of traditional art historical method Self portraiture becomes legible less through a history leading up to it or through a sum of contexts that occasion it than through its historical sight line to the present After a thorough examination of Durer s startlingly new self portraits the author turns to the work of Baldung Durer s most gifted pupil and demonstrates how the apprentice willfully disfigured Durer s vision Baldung replaced the master s self portraits with some of the most obscene and bizarre pictures in the history of art In images of nude witches animated cadavers and copulating horses Baldung portrays the debased self of the viewer as the true subject of art The Moment of Self Portraiture thus unfolds as passages from teacher to student artist to viewer reception all within a culture that at once deified and abhorred originality

History of the Reformation in the Sixteenth Century Jean Henri Merle d'Aubigné, 1872 History of the Reformation in the sixteenth century ... A new translation, containing the author's latest improvements: with ... engravings ... after P. A. Labouchere, etc Jean Henri MERLE D'AUBIGNÉ, 1870

Images and Relics John Dillenberger, 1999 John Dillenberger has written the first comprehensive account of the relation between the visual arts and theological currents in Europe during the first half of the sixteenth century With an astute knowledge of the theology of the period and a keen interest in the lives and work of prominent artists Dillenberger makes incisive connections that illuminate the cultural movements of the time Images and Relics considers both popular and professional art within distinct religious contexts It examines the works of Matthias Grunewald Albrecht Durer Lucas Cranach the Elder Michelangelo Hans Holbein the Younger Hans Baldung Grien and Albrecht Altdorfer and demonstrates how these artists expressed and transformed the reigning theological ideas of their day The book also addresses the range of iconoclastic movements from the 1520s to the 1570s particularly in northern Europe Finally Dillenberger reflects on the ambiguity of the history of this period and its continuing impact on modern day life
