

ECRITURE ET ARTS

L'écriture hiéroglyphique égyptienne

C'est une écriture figurative : les caractères qui la composent représentent des objets divers comme des plantes, des figures de dieux, d'humains et d'animaux, etc.

Les hiéroglyphes accompagnent parfois des bas-reliefs qui illustrent des scènes de la vie des égyptiens ou bien des moments de la vie des dieux.

La calligraphie :

La calligraphie signifie la belle écriture, l'art de bien former les caractères d'écriture manuscrite.

La calligraphie chinoise est le fondement de l'art chinois car la beauté visuelle des idéogrammes, la technique sur laquelle elle s'appuie et les enjeux plastiques qui y sont liés incarnent l'ensemble des préceptes de la culture chinoise.

Elle est devenue un art majeur.

Dans la langue arabe, le même mot désigne l'écriture et la calligraphie.

Les artistes et les artisans ont fait de la calligraphie, l'art de la belle écriture, un art majeur dans le monde musulman. Cet art est encore très vivant de nos jours

Through the ages the pursuit of Happiness has been at the heart of the needs and desires each individual would seek to fulfill while as a concept Happiness has always resonated strongly in poetic as well as philosophical sociological and psychological contexts But what about Happiness today in a world dominated by technology driven by productivity and dictated by efficiency Does Happiness still feature in contemporary fiction in any significant way Or has it perhaps gone underground adopting different guises Would we still call that duty of happiness that Pascal Bruckner saw as present at the second half of the twentieth century a relevant force today Or has it waned perceptibly The articles brought together in this volume seek to work out answers to these and similar questions creatively addressing the imminent risks but also eagerly following up the intriguing possibilities one encounters when interrogating Happiness in the contemporary novel Originally based on an international conference organized at the University of Haifa Israel in May 2010 the volume is structured around the axes we found useful as a basis for the various approaches towards Happiness in Europe and the historical and social events that influenced the writing of Happiness as they defined the 20th century and have impacted on the 21st the Holocaust the Soviet dystopia consumerism postmodernism everyday life the various as yet unarticulated new modes of life they have given rise to and so on A new writing of happiness then At the very least this volume targets the contemporary novel without wanting to solidify works instead taking into account the fluctuations Happiness has been subjected to and the diversity and especially the paradoxes it has created while we have been keen to preserve a precise reading of the texts and have felt compelled to respect and preserve the particular features that make the writings of the authors we focus on stand out
