Crazy Horse And The Real Reason For The Battle Of The Little Big Horn:

Crazy Horse and the Real Reason for the Battle of the Little Big Horn Allen C. Ross, 2000 Custer, the Seventh Cavalry, and the Little Big Horn Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn, fascination with the battle and with Lieutenant George Armstrong Custer has never ceased. Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time. This two-volume bibliography of Custer literature is the first to be published in some twenty-five years and the most complete ever assembled. Drawing on years of research, Michael O'Keefe has compiled entries for roughly 3,000 books and 7,000 articles and pamphlets. Covering both nonfiction and fiction but not juvenile literature, the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890. Included within this span are Custer's experiences in the Civil War and in Texas, the 1873 Yellowstone and 1874 Black Hills expeditions, the Great Sioux War of 1876-77, and the Seventh Cavalry's pursuit of the Nez Percés in 1877. The literature on Custer, the Battle of the Little Big Horn, and the Seventh Cavalry touches the entire American saga of exploration, conflict, and settlement in the West, including virtually all Plains Indian tribes, the frontier army, railroading, mining, and trading. Hence, this bibliography will be a valuable resource for a broad audience of historians, librarians, collectors, and Custer enthusiasts.

A Surgeon with Custer at the Little Big Horn James Madison DeWolf, 2017-05-25 In spring 1876, a physician named James Madison DeWolf accepted the assignment of contract surgeon for the Seventh Cavalry, becoming one of three surgeons who accompanied Custer's battalion at the Battle of the Little Big Horn. Killed in the early stages of the battle, he might easily have become a mere footnote in the many chronicles of this epic campaign, but he left behind an eyewitness account in his diary and correspondence. *A Surgeon with Custer at the Little Big Horn* is the first annotated edition of these rare accounts since 1958 and the most complete treatment to date. While researchers have known of DeWolf's diary for many years, few details have surfaced about the man himself. In *A Surgeon with Custer at the Little Big Horn*, Todd E. Harburn bridges this gap, providing a detailed biography of DeWolf as well as extensive editorial insight into his writings. As one of the most highly educated men who traveled with Custer, the surgeon was well equipped to compose articulate descriptions of the 1876 campaign against the Indians, a fateful journey that began for him at Fort Lincoln, Dakota Territory, and ended on the battlefield in eastern Montana Territory. In letters to his beloved wife Fannie and in diary entries reproduced in this volume exactly as he wrote them, DeWolf describes the terrain, weather conditions, and medical needs that he and his companions encountered along the way. After DeWolf's death, his colleague Dr. Henry Porter, who survived the conflict, retrieved his diary and sent it to DeWolf's widow. Later, the DeWolf family donated it to the Little Bighorn Battlefield National Monument. Now available in this accessible and fully annotated format, the diary along with the DeWolf's personal correspondence serves as a unique primary resource for information about the Little Big Horn campaign and medical practices on the western frontier. *Peoushi*

Petersen,2016-06-10 The Military Conquest of the Prairie is a study on the final wars on the prairie from the Native American perspective When the reservation system took hold about one third of tribes stayed permanently there one third during the harsh winter months and the last third remained on what the government termed unceded territory which Native Americans had the right to occupy by treaty For the Federal government it was completely unacceptable that some Indians refused to submit to its authority Both the Red River war 1874 75 in the south and the great Sioux war 1876 77 in the north were the direct result of Federal violation of treaties and agreements At issue was the one sided violence against free roaming tribes that were trying to maintain their old way of life at the heart of which was avoidance on intermingling with white men Contrary to the expectations of the government and indeed to most historical accounts the Native Americans were winning on the battlefields with clear conceptions of strategy and tactics They only laid down their arms when their reservation was secured on their homeland thus providing their preferred living space and enabling them to continue their way of life in security But white man perfidy and governmental double cross were the order of the day The Federal government found it intolerable that what it termed savages should be able to determine their own future Vicious attacks were initiated in order to stamp out tribalism resulting in driving the US aboriginal population almost to extinction Analysis of these events is discussed in light of the passing of the Dawes Act in 1887 that provided for breaking up the reservations to the Indian Reorganization Act of 1934 that gave a semblance of justice to Native Americans **The Strategy of Defeat at the Little**
