The Hidden Apartment and Other Stories Brooke Fieldhouse, 2020-08-28 From the author of The Gilded Ones come five short stories about people and buildings with a difference The Hidden Apartment and Other Stories contains twenty four images that counterpoint the colour mood and meaning concealed in the written worlds The images are real but like the stories they are not what they first appear to be Fractal and Cassie Mo and Colin Hereward Sweet smile and Rory and Trista are fictional Their relationships take place in a world which is sometimes surreal occasionally humorous always disconcerting even disorientating The Hidden Apartment and Other Stories is a fusion of live interior design with two dimensional painting Full of spatial ambiguities always fascinating

Beinoni Mari Lowe, 2025-07-15 In a Beinoni time there should be no war no terrible illness no crime Even if

that also means there won't be any great discoveries any cures anything extraordinary Ezra believes that's worth fighting for In fact he's been training most of his life to fight a battle to determine whether Beinoni time continues or gives way to a more violent less certain future He is the Nivchar the chosen one with the sign of the scales on his skin When he comes of age at his bar mitzvah so too will the gurya a fiery beast of uncertain form emerging from a cave to conquer destroy and herald a time of conflict But Ezra begins to sense that something is very wrong His friends his neighbors the whole world is losing the careful even balance he's come to expect in a Beinoni time It was always uncertain whether he'd be able to best his terrifying magical foe But now is it even possible

The Dream Machine M. Mitchell Waldrop, 2018-09-25 The story of the man who instigated the work that led to the internet and shifted our understanding of what computers could be Behind every great revolution is a vision and behind perhaps the greatest revolution of our time is the vision of J C R Licklider He did not design the first personal computers or write the software that ran on them nor was he involved in the legendary early companies that brought them to the forefront of our everyday experience He was instead a relentless visionary who saw the potential in the way that individuals could interact with computers and software At a time when computers were a short step removed from mechanical data processors Licklider was writing treatises on human computer symbiosis computers as communication devices and a now not so unfamiliar Intergalactic Network His ideas became so influential his passion so contagious that author M Mitchell Waldrop calls him computing's Johnny Appleseed In a simultaneously compelling personal narrative and comprehensive historical exposition Waldrop tells the story of the man who not only instigated the work that led to the internet but also shifted our understanding of what computers were and could be This Stripe Press edition also includes the original texts of Licklider's three most influential writings Man Computer Symbiosis 1960 which outlines the vision that led to the personal computer revolution of the 1970s his Intergalactic Network memo 1963 which outlines the vision that inspired the internet and The Computer as a Communication Device 1968 coauthored with Robert Taylor which amplifies his vision for what the network could become
